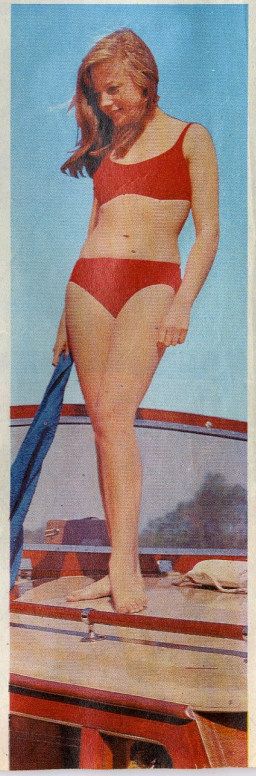
Whether you choose a Hoseasons Boat or Holiday Home the standard is maintained. Each is thoughtfully equipped with everything you need to make housekeeping as light and easy as possible. Most of the boats and homes are recently built, so they're easy to look after. All the things you'll need for cooking and eating are supplied. All have proper plumbing, gas or electric cooker, good fresh linen, crockery, cutlery, and cooking utensils. Most of the boats and bungalows have running hot water services—and even a refrigerator. So if you have any thoughts about "roughing it" forget them right away!

Shopping with a difference!

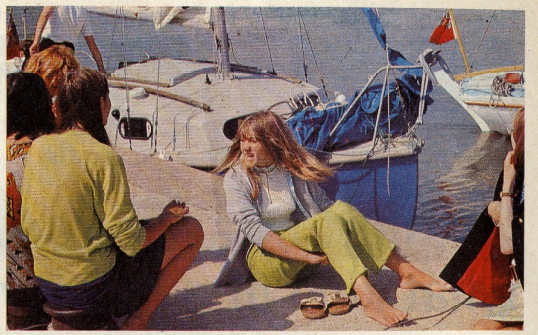
The waterways are the roads of Broadland. You'll find the shops standing on the water's edge, waiting for you to park outside! Getting in the groceries takes a new, exciting form. You'll find the friendly stores are plentifully stocked with all the things you're likely to need for your holiday. To help you, Hoseasons send you a shopping list before your holiday. This way you can order a wide range of supplies to be waiting for you when you arrive.

Dressing with a difference!

There's one thing that appeals to everybody about a Norfolk holiday—it is so wonderfully free-and-easy. You can do what you like, when you like—and that includes wearing what you like, too. Here's your chance to wear your gayest, stunningest casuals—your briefest bikini or your smartest shorts. Go dancing in the evening in your favourite dresses. In short, dress to please yourself in this go-as-you-please world!



FOR THE YOUNG...



Broadland's do-as-you-please atmosphere is ideal for the teenagers and the twenties. If you are one of them, you will find a wonderful choice of ways to enjoy yourself from dawn till dusk—sporting, swimming or simply sunbathing to get the tan of your dreams. Then in the evenings there are all sorts of gay attractions in the popular resorts. In this carefree world it's easy to make friends. All day long you're coming across others like yourself, with the same tastes and interests.

...FOR THE VERY YOUNG...

East Anglia is an ideal place for a family holiday because it offers so many things for children to do. Don't be afraid to take your children—even if they're small—on a boating holiday. There are no locks or dangerous currents to fear. And there's one wonderful thing about a boat—you always know where everyone is to be found! As for the hundred miles of golden beaches which line the sea's edge, they are a paradise for the castle-builders of all ages. A Hoseasons home, located close to the sea, allows you to enjoy this wonderful holiday all day long.

CHOOSE HOSEASONS

Hoseasons offer you in these pages, more than 1800 holiday suggestions. They are selected to suit all tastes, all pockets. We provide the Boats, the Houseboats, the Chalets and the Bungalows. Each is equipped with all you need for a comfortable holiday. All you have to do is **CHOOSE!**

So, start by asking yourselves what kind of a holiday do you really want?

FIRST will it be afloat..

Do you want to see as much of Broadland as possible?

Do you like to be afloat and with boats?

Do you enjoy the excitement of being your own "skipper"?

Does the thought of "a life on the ocean waves" excite you?

If your answers are Yes, Yes, Yes and Yes again—then choose one of Hoseasons Motor Cruisers, Yachts or Houseboats.

or ashore?

Do you like to have your feet on solid ground?

Do you want a base from which to tour the area?

Do you like to take things easy, in one fixed, beautiful spot?

Do you want a holiday home by the river or by the sea?

Do you take with you a pet dog who needs his "walkies"?

If you answer Yes to these questions, then go for a Hoseasons Holiday Bungalow or Chalet (but consider one of the Hoseasons Houseboats, too).

BUT WHICH HOSEASONS?

SECOND if afloat, will it be power sail or houseboat

POWER—Hoseasons fleet is the most modern on the Broads. It includes boats to sleep as many as ten people or as few as two. All are fully equipped and excellently maintained. Each is easy to handle.
SAIL—You'll find a selection of sailing craft of various rigs, sleeping from 2 to 5 people. You can also hire Hoseasons sailing dinghies by the week if you are staying in a Hoseasons Holiday Home or Houseboat.
HOUSEBOAT—Hoseasons Houseboats are strategically moored in carefully chosen locations. Many people find them an excellent best-of-both-worlds choice. You are afloat—but permanently moored. Each Houseboat has a **FREE** row dinghy.

if ashore, will it be broadside or seaside?

BROADSIDE—Hundreds of holiday homes in carefully selected sites. Each enabling you to share in the exciting life of Broadland while enjoying the comfort and convenience of a spacious and excellently equipped home-from-home. You can hire a Day Motor Launch to go with your Holiday Home at special reduced rates through Hoseasons.

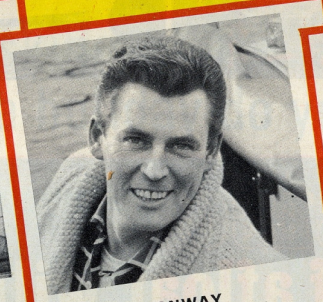
SEASIDE—Chalets, Bungalows and Residences, some sleeping as many as 10 people. All are located within easy reach of the sea. Many actually stand on the edge of Norfolk's golden beaches!

THE STARS VISIT BROADLAND

The Broads offer the finest of away-from-it-all hideaways. None know this better than the stars of Cinema and Television. They love to escape from the wear-and-tear of public life to the peace and beauty of Broadland. Here are just some of the celebrities who have found in a Norfolk Holiday the same perfect tranquillity that you will find!

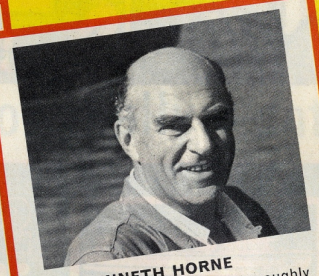
★ **HANK MARVIN**

The Shadows leader says, "Fabulous!" The Young Ones say the Broads are tops. Hank Marvin, leader of the famous Shadows Group, of course chose Hoseasons when he came to book a Norfolk Broads Holiday.



★ **RUSS CONWAY**

Show business can be very exhausting. Through Hoseasons Russ Conway booked a holiday afloat—away from the glare of spotlights and the demand of public life. He found much-needed seclusion on the peaceful Broadland waterways.



★ **KENNETH HORNE**

Mr. Horne says, "I can thoroughly recommend the Norfolk Broads for your next Holiday."

The choice of the famous can easily be yours. No matter what your occupation a holiday at least once a year is needed. There can be no better way of relaxing than enjoying a holiday on the Norfolk Broads.

YOU SAY 'THANKYOU'

Hoseasons holidays please *everyone*, not only the famous. Call into our office at Oulton Broad, and we'll show you bulging files of letters from delighted Hoseasons customers. Many of them come back year after year, finding new pleasures and excitements every time. Here are just a handful of the letters our postman has brought us lately:

We spent a most enjoyable week aboard SATURN-G in early May. Last Sept we had JUPITER-G. Now I should like to book one of your Cruisers for late Sept or early Oct.

G. Sparrow,
WIMBOURNE, Dorset.

Over the past 7 years I have holidayed in many centres of Europe. Nowhere have I enjoyed my stay as much as I did cruising through Broadland with you.

G. Sanson,
Bestwood, NOTTINGHAM.

Thank you for the wonderful holiday at Thurne. The Chalets were absolutely delightful. We are recommending your chalets to all our friends.

S.E. Jackson – SHEFFIELD

Our first visit. What a pleasure to rent a Bungalow that really was as the brochure described it. Thank you and your owners for your integrity. We are now avowed Hoseasons and Norfolk supporters.

Peter Blossom, Highgate, London

We wondered whether or not the children would appreciate Christmas afloat. We found that boat gave them something to spend their energies on. Thank you again. We recommend a Christmas afloat to all families.

D. Burrows CLACTON-ON-SEA.

Hoseasons for all seasons

Broadland is an all-year-round place. Each season of the turning year has its own special appeal. You will find that a Hoseasons holiday, even in the most unlikely months of the year, has attractions not to be found at other times. And of course, when you book at off-peak times of the year, you get the advantage of Hoseasons special low economy rates.

SPRING

The annual miracle of the awakening sees the Broads at their freshest and most exciting. The trees young and green and the unique wild-life of the marshes at its most active.

SUMMER

The popular months see the countryside in its full rich splendour. Long summer days which give you a chance to enjoy the pleasures of this world of water to the full.

AUTUMN

The rich colours of the mature trees make a brilliant spectacle. The waterways now less used provide a chance for you to enjoy them in comparative isolation and relaxation.

WINTER

Broadland in winter has its own magic. From your warm, cosy craft you can enjoy the quiet of this season in delightful comfort. Many visitors take a Hoseasons Christmas holiday.

For the fisherman

There's wonderful Fishing in all parts of the Broads. Bream, pike and roach are the most common. Tench where there's not too much flow. You may be lucky enough to find rudd, dace, chub, carp, grayling and barbel. The season is closed from 14 March to 16 June. This is relaxed over the Easter and Whitsun holidays. (Though keep-nets are not permitted at this time.) You must have a 5/- licence. Hoseasons can issue you one. Come during **Hoseasons Anglers Fortnight.** This is from **October 11 to 25** **Over £150** in mixed **Cash Prizes** awards for you and the family. No entry charges. Judging is by Peter Collins of *Angling Times*.

Born free

The richness of Broadland's native wild-life adds a unique interest to your holiday. Look out especially for:

HERON—always very distinctive. Whether standing or flying with trailing feet.

COOT—Broadland's most characteristic water-bird. Like the heron, the coot flies with legs trailing behind.

GREATCRESTED GREBE—known in these parts as "loon". The crest, especially on the male, is distinctive.

SHOVELLER—an easily recognised duck—look for the long wide bill.

MOORHEN—the name really means marsh-hen. This well-known bird with distinctive red-and-yellow bill is often to be seen in the marshy country.

SNIPE—you can't miss that long, inquisitive-looking bill.

MARSH HARRIER—an impressive-looking bird. Seldom seen except in these parts where he preys on smaller birds and animals.

BEARDED TIT—this is the only part of Britain where you're likely to spot this handsome little bird.

BITTERN—"Once bittern, twice shy" the phrase goes. But you may be lucky enough to catch a glimpse of this handsome but retiring creature.

OTTER—this lithe graceful creature is seen at his best here in his natural home.

COYPU—he causes considerable damage to crops. This handsome and harmless creature is fascinating to watch going about his daily life.

WATER VOLE—a quick, nimble creature. He brings back memories of *The Wind in the Willows*.

SWALLOWTAILED BUTTERFLY—a spectacular sight at any time.

MOTOR CRUISERS

THE BROADS MOST MODERN FLEET

backed by a network of 60 Hoseasons Boatyards throughout Broadland

A typical motor cruiser from Hoseasons fleet

There's no such thing as a "typical" Hoseasons motor cruiser. The reason we have such a large fleet is so that we can cater to every need with boats large and small. However, we've picked this 4-berth motor cruiser to show you the sort of comfort and convenience you can expect to find, no matter which craft you choose.

EVERY HOSEASONS BOAT HAS:

- ★ Dunlopillo foam rubber or interior-sprung berths of at least 6 ft. in length.
- ★ A modern planned galley with Calor gas cooking. All craft of 3-berths and over have a full household-size cooker with oven.
- ★ A refrigerator (over 90 per cent of the craft) or alternatively a special cold food storage cupboard.
- ★ Electric lighting throughout including the cockpit.
- ★ A helmsman's cockpit seat.
- ★ Folding table in saloon.

- ★ Full all-weather protection with fold-down wheel-house or collapsible canopy to the steering cockpit.

- ★ A 230 volt electric razor point.
- ★ A full complement of blankets, pillows and cushions, sheets, pillow-cases, table and tea-cloths, cutlery, crockery and cooking equipment is provided.
- ★ Generous planned storage space (drawers, lockers, cupboards, shelves etc.) is provided for your clothes, personal items and provisions.

NEW CRAFT Hoseasons proudly present Broadland's latest and most up-to-date fleet.

SAFETY Each craft meets the high demands of the new Bluebird Safety Craft Standard Regulations. No other hire fleet has set itself such stringent and modern safety regulations.

REFRIGERATORS Almost all Hoseasons craft are fitted with this all-important provision. Hoseasons pioneered the general fitting of refrigerators in Broads craft. They are the Broads' most experienced refrigerator operators.

HOT AND COLD WATER SERVICES Another idea pioneered by Hoseasons owners, as a general fitting. Nine out of every ten of the cruisers listed have this facility.

60 BOATYARDS Hoseasons 60 Bluebird Boatyards located throughout Broadland at 23 of the most popular boating centres offer you water, service, toilets, advice and assistance. **A genuine network service unequalled in coverage and style by any other.**

DINGHIES Dinghies can be made available with most craft as an additional item if required at £4. 10s per week for SAILING DINGHIES and £3. 10s per week for ROWING DINGHIES. Booking Deposit 10s.

OUT-OF-SEASON WEEKENDS AND 3-DAY TRIAL TRIPS

There's a lot to be said for a short extra Broads holiday. Either to get a foretaste of a fuller Broads holiday or simply as a second holiday in addition to your regular one. In many ways the Broads are at their loveliest in Spring and Autumn. So why not take advantage of Hoseasons Long Weekend and 3-day trial trips any time of the year from October to Easter. Rates are half Period A weekly charge. Boats available have a red star immediately in front of their name. Charges are shown with each boat's details.

ALTERNATIVE STARTING DAYS

Normally bookings are from Saturday to Saturday. However, some visitors prefer to book their holidays at midweek dates, thus avoiding weekend travel congestion. A certain number of Hoseasons boats are therefore bookable from Thursday to Thursday and Friday to Friday. You will find full details in the cruiser pages. Look out for the blue panel with white lettering like this one.

HOUSEBOATS

There are many Hoseason houseboats moored in specially selected sites throughout Broadland. They offer you the double benefit of extra space—often an advantage when you've a large party—with the excitement of actually living on the water.

NO NEED TO STAY PUT

Your houseboat is moored in one place, but supplied free with every houseboat is another craft. Either a motor launch or a row boat and sometimes both. This means you can move about at will; alternatively, you can hire additional motor launches or sailing dinghies by the week, at specially reduced rates. See page 67. So in many ways a Hoseasons houseboat can be said to give you the best of both worlds.

EVERY HOSEASONS HOUSEBOAT HAS:

- Dunlopillo Foam rubber or inetrior sprung berths of at least 6 ft. 6 in. length.
- Calor Gas Cooking and Lighting or Electric (as stated).
- Pump flushing W.C.
- Folding Table.
- Radio Set and Dinghy.
- Cold Food Storage.
- Full complement of blankets, pillows and cushions, sheets, pillow cases, table and tea towels, cutlery, crockery and cooking utensils is provided.
- Ample storage lockers, drawers, cupboards, etc. for your personal items and provisions.

All Martham Boat Dev. Co. Houseboats are available for Long Weekend Out-season Bookings. Look for the red ★. Rates are half 'B' period charges.

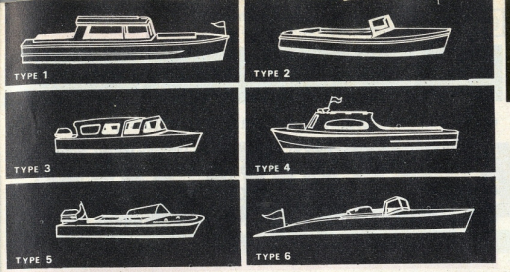
MOTOR LAUNCHES



MOORINGS FOR DAY CRAFT DURING THE WEEK. Craft can either be taken away by you and kept at your Bungalow, Houseboat, or near-by Staithe or can be moored at the owner's boatyard.

CAMPING BOATS and HALF-DECKERS

Hoseasons have made special arrangements for you to hire Half-deckers and Sail Dinghies, available from most of the popular Broadland centres.

Hoseasons also have special arrangements for the hire of Camping Boats from Martham. These include Motor Launches and Half-deckers.

For availability list please send S.A.E. to: "Day Sail Craft and Camping Boats", Hoseasons, Broadland House, Oulton Broad, Lowestoft. Please tell us the type of craft you require; your holiday centre; and your dates.

You can increase your fun so much by hiring a Motor Launch or Dinghy with your shore accommodation or Houseboat to make daily tours of the local rivers or broads, or for fishing expeditions. There is practically no limit to your range! Hire terms of these craft of course include full insurance cover. You may benefit from arrangements made through Hoseasons to hire Motor Launches at special hire rates from all the popular Broadland resorts. Launches are classified in 6 types: see illustrations and key number in listings.

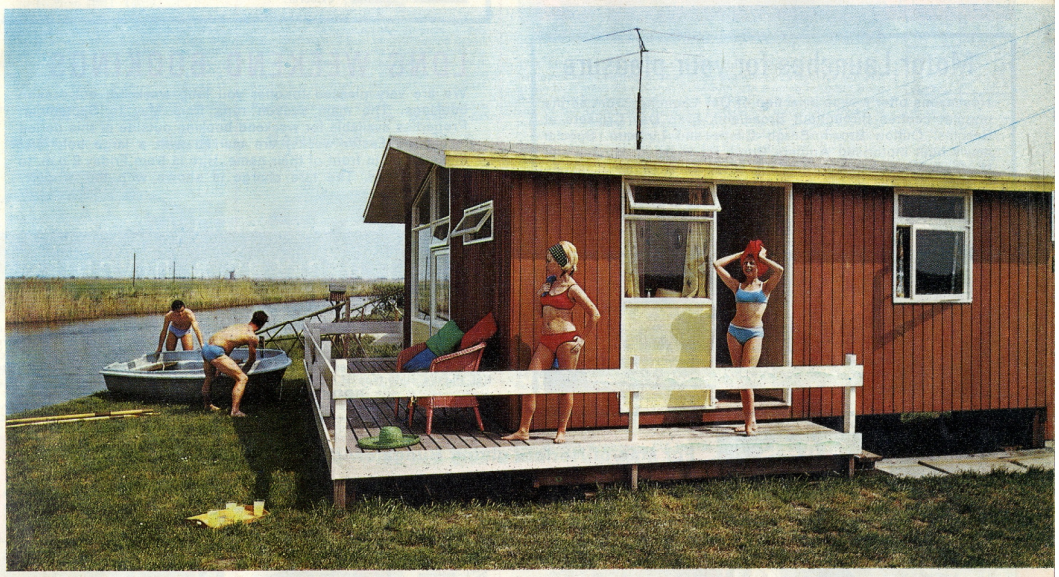
HOSEASONS HOLIDAYS ASHORE

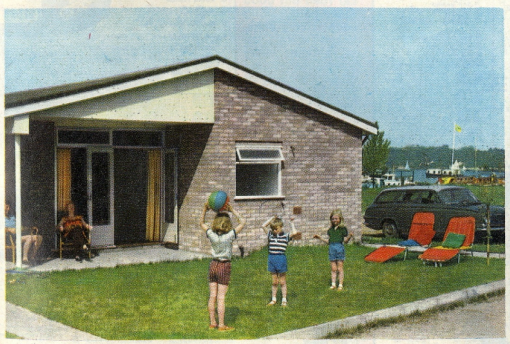
Bungalows, Chalets and other Residences on the Broads



Imagine—a perfect home plucked up by some giant's hand and deposited—gently—by the edge of a river. That's what we've aimed at, in choosing and equipping your Hoseasons Holiday Home. We've tried to think of all the comforts you value at home—quick, easy gas cooking, refrigerator, ample furniture and storage space, comfortable beds, cutlery, crockery, linen and cooking utensils, radio, and TV as an optional extra (sometimes it is supplied free of charge!).
And you needn't be landbound—as a Hoseasons customer you are entitled to hire a dinghy, launch or other craft by the week at special rates.

For the Fisherman. . . . Broadland is justly known as the fresh-water fisherman's paradise. The bottom of the river and Broads varies from sand and pebbles to reeds and mud. This is ideal for all coarse fish including Perch, Rudd, Bream, Tench, Roach and Pike.
The close season (to allow the fish to spawn) when fishing is *not* permitted is from 15th March to 15th June (inclusive). Fishing is allowed on Easter Monday and the three preceding days and on Whit Monday and the two preceding days.

ANGLERS COMPETITION FORTNIGHT is October 10–24. Hoseasons offer you £150 CASH in mixed Prizes for all the family to compete.
Don't forget you'll need a licence.



Note these features:

- ★ More than half of Hoseasons holiday homes are recently built
- ★ All are regularly inspected to make sure they conform to Hoseasons standards
- ★ All are completely equipped for your convenience
- ★ Eight out of ten have their own private bathrooms
- ★ Radio is supplied at no extra charge in every Hoseasons home
- ★ TV is provided in some cases free of charge, is available in others at a moderate charge
- ★ Hoseasons holiday homes are located at strategic points throughout Broadland—inland or by the sea—giving you the finest choice in the area.

ALAN HIND

Motoring Journalist booked his family holiday with Hoseasons. He said . . .

"Visiting Norfolk for a family holiday for the first time, we decided to base ourselves ashore so that we could tour the area by car. The county has so much to offer, its seaside, its resorts, and, of course, the Broads with its varied and interesting boats.
Norfolk is unique in what it has to offer. Essentially a friendly county it has a long first-class coastline and miles of inland waterway in the Broads. Sensibly no effort has been made to provide parking facilities on the banks except in a few places. To see the Broads properly you must take to the water—either by hiring a self drive boat, or going on one of the big Water Buses. There are many interesting country runs to delight the explorer."

LONG WEEKEND BOOKINGS

We are very pleased to offer you long weekend, out-season bookings. The main season runs from May to September. Properties available for weekend booking outside of this period (excepting Easter weeks) are marked with a large bold star immediately in front of their name. HALF-DECKERS & DINGHIES

The success of these modern chalets has necessitated increasing their number to meet the overwhelming demand.
They are ultra-modern in every aspect and set in a delightful spot in the very heart of Broadland.
The Kingfisher Six chalets—accommodating a maximum of six people—have twin sisters, the same size, but with sleeping accommodation for fewer numbers and, in consequence, offering more room in the areas of relaxation. The chalets have good clean lines, both inside and out, and the large picture windows give the maximum of light and sunshine, and a panoramic view of the grounds in which they are set. The buildings are permanent structures, newly erected, and are equipped in the most lavish manner from the kitchen and bathroom to the large and comfortable bedrooms. Modern sink units, refrigerators, full-sized electric cookers and oven, constant hot and cold water, storage units and ease of maintenance all make for the minimum of upkeep for the holiday visitor. For those who might find themselves with time on their hands, a radio and television set is provided. Ample car parking facilities are available.
The Chalet Park is located close to the staithe and dyke at Stalham—an ideal centre in every way. It is situated adjacent to some of the country's finest water-sport areas and is an ideal locale for those wishing to make explorations by road or water. Angling here could not be better and motor launches, sailing and rowing boats can be hired for this purpose at attractive rates. Barton Broad is close at hand, one of the biggest and most beautiful expanses of water. The coast with some of Norfolk's loveliest golden beaches is only a few miles distance.
On land, if without a car, a regular bus service is available to Yarmouth, the big Norfolk holiday centre, the coast and to the City of Norwich, with its Cathedral, Castle, etc. One thousand and one things to do and see.
Finally, for those with youngsters, the grounds offer plenty of room to romp about in complete safety—and their welfare, and yours, is looked after by the resident warden and his assistant.

CLIPPESBY RESIDENCES, Clippesby, nr. Acle

Set in the heart of Broadland, the unique Clippesby Residences and Flats make an ideal centre for enjoying every aspect of the wonderful variety of pleasure that is offered by a Norfolk holiday.
The delightful wooded setting overlooking the Valley of the River Bure is two miles from Thurnemouth, three miles from Potter Heigham and one and a half miles from Acle Bridge where buses run regularly to Norwich and Yarmouth.
Just seven miles away lie the sandy Norfolk beaches with mile after mile of golden sand from Caister to Mundesley.
For gaiety and excitement, Great Yarmouth, one of Britain's premier resorts, is hard to beat—live star shows, circus, fun fairs, flying, garden and amusements. Only 20 minutes by car. For quieter, more peaceful setting relax at Sea Palling, Walcott or one of the many other attractive coastal villages.
To explore the Broads, hire a day launch from Potter Heigham or Stalham. Barton Broad and the largest of the Broads—Hickling—which is renowned for its wildlife—are short car distances away. Broadland is ideal for fishermen and Thurnemouth well-known angling centre is nearby. Day launches too can be hired here.
Not too far away for a pleasant day's outing is Norwich—the region's centre. A magnificent museum housed in a Norman Castle, a fine Cathedral, a thriving open market in the town centre, traffic free streets, quaint alleys and picturesque dwellings steeped in history—all this is Norwich plus one of the finest shopping centres in England.

The residences and flats
The Clippesby residences and flats have been designed down to the last detail for the pleasant, trouble-free, modern living which adds so much pleasure to the

HOSEASONS
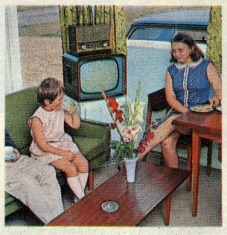
SEASIDE PROPERTIES

Sea, Sand, Sun —and all the comforts of home



NORFOLK offers you some of the finest and sunniest beaches in Britain. Miles of clean golden sand, wonderfully safe for the children and with all kinds of attractions in the vicinity. Hoseasons Seaside Bungalows give you the chance to make the most of this magnificent sea-coast. They are designed to combine comfort and convenience, and equipped to save time and trouble. The result—a holiday home that enables the whole family to enjoy a holiday that is really a holiday. All everyday cares forgotten.

ALL KINDS OF EXCURSIONS

All Hoseasons properties are within easy reach of such popular resorts as Great Yarmouth, Hunstanton, Lowestoft and Cromer. Nearby, too, are the rivers and lakes of the Broads themselves—and of course, as a Hoseasons holidaymaker, you can hire a Motor Launch on the Broads at special rates. Details of this service can be found in the Launch section on page 67.

SUN AND SAND

The fine sandy beaches of Norfolk make a really perfect seaside holiday. And Sun! Whilst we cannot guarantee endless sunshine we can say that the Norfolk coast has the highest sunshine records and lowest rainfall of the entire country.

MODERN KITCHENS

As for the holiday homes themselves, these come up to the high standard laid down by the Hoseasons organisation. With over half of them built only in recent years, modern labour-saving kitchens cut down the essential chores to a minimum.

All are fully and comfortably equipped. No item has been overlooked.

Nine out of every ten properties listed have their own private bathroom.

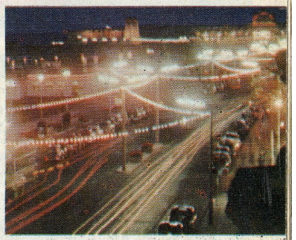
Everything (excepting towels) is provided. The all-in cost really means that, and there are no extras to be paid.

Radio sets are a standard provision. Almost all properties have TV. You'll want for nothing in a Hoseasons holiday residence.

With a Hoseasons holiday you really do know what it's going to cost at the outset and, as you can see in the following pages, no holiday ever offered better value for money, particularly in such delightful and natural surroundings.

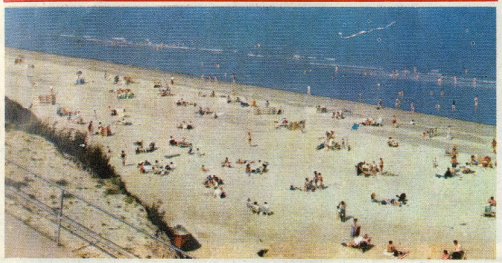
The peace of Norfolk's Sandy Sunny Seaside

and the fun and gaiety of big resorts



OUT-SEASON LONG WEEKENDS

A number of Seaside properties are available to you for weekend bookings. This is outside of the normal season. The hire terms are really attractive. Ideal for weekend fishing expeditions. Properties available are marked with a bold star immediately in front of their names. The hire period commences at 2 p.m. on Friday to noon on Monday. The actual charges are shown in the descriptive matter.



EVERY HOSEASONS SEASIDE PROPERTY HAS:

- Complete Linen, Cutlery, Crockery and Cooking equipment.
- Radio—many have TV as well, or this can be hired.
- Interior-sprung or Foam-rubber Mattress on every bed.
- Labour-saving Kitchen.

The majority have been recently built. Nine out of ten have their own private bathroom. All are regularly inspected to ensure that they are maintained in first-class condition.

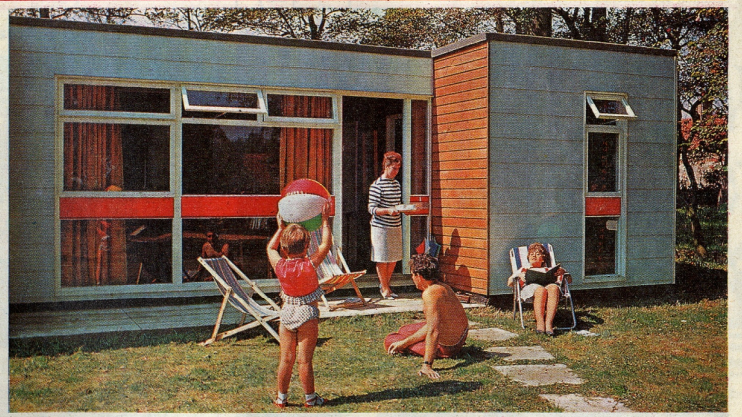
SANDRINGHAM BUNGALOWS HUNSTANTON To Sleep 4/6



Hoseasons offer yet another holiday choice—Hunstanton on the northern Norfolk coast. The town—a mixture of old and new—is unique for, although situated on the East Coast, it actually faces West on the mouth of the Wash. Because of this the town has long been able to claim a climate which is warm and dry yet, at the same time, bracing as well.

Hoseasons now offer Luxury Holiday accommodation at Hunstanton in the "Sandringham" Bungalows. These newly built architect-designed Holiday Homes are set in wooded grounds adjacent to the Lodge Hotel at Old Hunstanton. The standard of the accommodation and furnishing is first class and all the rooms are spacious and modern. Large picture windows overlooking the grounds offer delightful vistas from within. Two bedrooms provide accommodation for four, while a double studio couch in the comfortable lounge caters for a further two people. Children's cots available 17/6 p.w. Electric fires provided. Each bungalow has its own modern bathroom and well fitted kitchen with, of course, hot and cold running water and all mains services. Refrigerator. Approach roads are surfaced and private parking is available. Radio free on request. 17 in. television is provided free in each bungalow. For those who don't wish to cater for themselves, meals are readily obtainable in the adjacent Hotel's fully licensed restaurant—good food at reasonable prices. The Sandringham Bungalows, in fact, provide the best of everything: modern accommodation, a delightful setting (less than ½ mile from the beach) and complete privacy yet ideally situated for all the attractions which Hunstanton has to offer. Self-service well stocked food shop adjacent. A children's playground is opposite the Hotel, and the town's famous 18-hole Championship Golf Course is within ½ mile.

Beds One double and two single in two separate rooms and double studio couch in lounge. (Sandringham No. 1 has two double beds and studio couch.)

Cooking and Lighting Mains electric. Household-size cooker with oven. Immersion water heater. Slot payment meter (1/–). Refrigerator.

Hunstanton consists of two towns—the old and the new—both having a charm and identity of their own. Old Hunstanton has its delightful old houses and narrow roads, while the new town with its central green has spacious and well laid out gardens. The long, clean sandy beaches offer a safe and natural playground for old and young alike. Northwards, the stately cliffs provide unspoilt views, while at their foot they offer splendid shelter to those using that popular part of the beach. Sweeping promenades take one to the Esplanade Gardens, swimming pool, boating lake, amusement park and welcome cafés. Hunstanton offers everything for a leisurely holiday, but it is also renowned for its Championship Golf Course and its Tournament Tennis. One must add to this its fine position for yachting and its excellent Tope Fishing and Sea Angling. As a centre for touring, it is ideally situated. Its glorious countryside, with its highlands and lowlands, makes this part of Norfolk particularly interesting and attractive. The famous Royal House at Sandringham is only 8 miles away, and Nelson's birthplace, Burnham Thorpe, with its many historical connections, is within easy reach. The ancient borough of King's Lynn is well worth a visit, and so too are the Priory ruins at Castle Acre and the keep at Castle Rising. The Town sums itself up best in its motto—"Alios delectare luvat"—"It's our pleasure to please others".

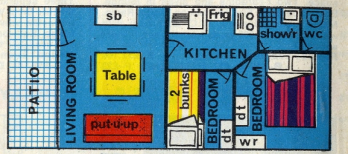
MAJORCA Chalets, Hopton-on-Sea

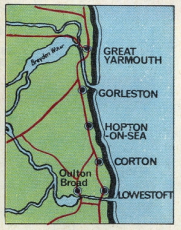


MAJORCA Chalets—Majorca Holiday Centre — TO SLEEP 4|6

HOPTON-ON-SEA
Beds One double and two single interior sprung in two separate bedrooms. Double studio couch in living-room.
Cooking and Lighting Mains electricity with slot payment meter fitted. Household-size cooker with oven. Water heater. Refrigerator.
Features A completely new conception in holiday accommodation. Hoseasons are now able to offer not only a range of brand-new holiday chalets but facilities which have never before been available to hirers of self-catering chalets. An open-air heated swimming pool, tennis courts, bowling greens, games rooms, restaurants, bars, dancing and a baby patrol service. These attractions, and many more, are available to EVERYONE booking a holiday in a Majorca chalet. Everything that one could wish for is WITHIN the Majorca Holiday Centre, and all this is in ADDITION to the many attractions in Hopton itself and the wonderful golden sands which are within yards of every chalet. But first the chalets. These are ALL brand-new, detached, luxurious in design and equipped with every modern facility. They accommodate up to six people in spacious comfort. The bedrooms are roomy and all the beds have interior-sprung mattresses. The built-in furniture provides generous space for all the hirer's possessions. Cots are available at 15/– a week extra for the younger visitor. Space is the keynote throughout, and this is more than evident in the specially designed lounge measuring 12 ft. by 10 ft. Each lounge is tastefully decorated and is fully furnished in the most modern and comfortable style. The large picture windows allow the maximum of light and, at the same time, give a further dimension of space and airiness. For one's leisure time a radio is provided free on request if required and two television lounges (BBC and ITV) are within easy reach of every chalet. The open plan kitchen has a modern sink unit, built-in cupboards, cooker, refrigerator, generous working space, and a Creda water heater to provide constant hot water. Each chalet has its own private W.C. toilet, wash basin and a shower. Needless to say, all chalets are connected to mains electricity and water.
Cars are normally parked in adjacent parking areas. Nothing has been overlooked at the Majorca Holiday Centre and the visitor may be sure of not only having high-class residential accommodation but of enjoying exclusive entertainment and recreational facilities without having to travel any distance. The centre has three restaurants with waitress service, self-service and a grill bar. There are several bars and lounges where one can relax over a drink, and for the more energetic there's a discotheque and a ballroom with bands and groups. In addition there's a games room, putting and bowling greens, and tennis courts. *Never before has such a complete holiday service been offered.* And, so that parents may enjoy all these amenities to the full, a baby patrol service is available to every chalet user. Finally, and certainly not least, the centre has direct access to the beach—a quarter of a mile of unspoilt sand. Hopton village itself has plenty of further attractions, and the famous resorts of Great Yarmouth and Lowestoft are not far away, and the Norfolk Broads are within easy reach. Nothing short of a Continental holiday has ever offered so much. So why not make it Majorca this year? Majorca Holiday Centre, Hopton-on-Sea.

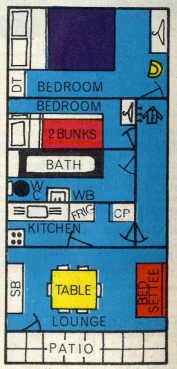
ALAN HIND—Professional Motoring Correspondent says ...

After many years of family holidays I would say that the Majorca holiday centre is one of the finest in the country. With first-class entertainment and recreational facilities without any 'camp regimentation' it is ideal. The ultra-modern luxury chalets are very comfortable and if you take advantage of everything offered you truly benefit from the bargin all-in price. Literally right by the sea and mid-way between the completely different resorts of Great Yarmouth and Lowestoft the Majorca is an ideal touring centre. One final thought, if the weather is unkind, the special indoor entertainment programmes ensure that precious holiday hours are not wasted waiting for the sun.



Majorca Holiday Centre

. . . and now the MAJORCA MAJOR To Sleep 4|6



The Majorca's big brother, the Majorca Major comes to Hopton for the first time this year. If you want even roomier accommodation, with even more privacy and with an added touch of luxury then the Majorca Major must be your first choice.
The well-proportioned Major boasts a full-size bathroom, a hall giving separate access to each room and larger bedrooms. There is the luxury of a carpeted floor in the lounge which comes complete with electric fire and television. In the fully fitted kitchen there is every convenience including fridge, household-size cooker with oven and cupboards for all your needs. Electricity on slot meter. The Majorca chalets at Hopton-on-Sea provide everything you need. For that little bit extra, that final touch of luxury, ask for the Majorca Major.

HOW TO BOOK

All terms are per week and are for the whole boat or property up to the accommodation specified. Terms also include cooking fuel, lighting (except where slot meters are fitted in properties and flats), insurance of craft and the provision of bed and table-linen and laundry. In the case of Houseboats, Riverside properties, Flats and Caravans and also Seaside properties a radio set is supplied inclusive of the hire charge.

The charges shown are for weekly periods and are the owners' exact hire terms—**there is NO BOOKING FEE. The deposit is payable per week on booking and forms part payment of the hire terms.** During the season all bookings are from Saturday to Saturday, except for certain craft clearly indicated available on a Thursday to Thursday basis. At Easter a full week's term will be charged for any booking of one week or less, but bookings may start any day of the week, subject to availability.

Having decided the size and nature of your party and the type of holiday you require, study carefully the plans, illustrations and particulars of the craft or property, making a note of the size, types, etc. Always make several choices of craft or accommodation and list these on your booking form.

If you ring our Office in advance (see details of special telephone enquiry and booking service and office hours page 3), we shall be pleased to hold a provisional reservation for you for 48 hours pending your postal confirmation.

In any event after completing your booking form, post it together with the exact booking deposit stated (together with your Hardship Plan subscription) to Hoseasons Norfolk Holidays, Oulton Broad Booking Office, Lowestoft.

EXTRACTS FROM CONDITIONS OF HIRE (opposite)

1. When bookings are made, the amount as stated for each craft, bungalow, flat or caravan must be sent as deposit. Balance of the hire charge is due and payable on occupation. It should NOT be sent in advance. For bookings from abroad, 50 per cent of the hire money is required as deposit. The deposit forms part payment of the hire charge.

2. The Hirer is responsible for paying the balance of the hire money. If he is prevented from taking possession, he should immediately notify us and we will endeavour to re-let. If we are successful in re-letting, the Hirer only forfeits his deposit already paid; otherwise the Hirer is responsible for the whole of the balance due.

3. Bookings from clients under 21 cannot be accepted, unless they have the written consent of parents or guardians. This only applies to the person booking and not the whole party.

HIRERS HARDSHIP PLAN

You will have seen from the Conditions of Hire that the Hirer is responsible to the Owner for the full craft or property's hire terms even if he or she does not take possession of the accommodation or craft. This is only a fair and reasonable safeguard for the Owner.

To help meet these conditions Hoseasons Hirer's Hardship Plan provides cover if you are forced to cancel your booking. Participation in the Hardship Plan is simple. Send to us when you book or within 7 days of booking a subscription of 10/–. If your hire charge is above £40 subscriptions are as follows:

Up to £50—12/6 Up to £60—15/– Up to £70—17/6
and 2/6 for each £10 or part thereafter.

YOUR SUBSCRIPTION COVERS—cancellation of the booking through UNEMPLOYMENT, ILLNESS or ACCIDENT of the person booking or illness, accident, death or maternity of any member of your party. You must provide satisfactory evidence of the genuineness of your claim. We shall then arrange payment of the balance of hire charge due to the Owner on your behalf. In exceptional cases of distress we will endeavour to return the deposit paid out of the funds available. THE DECISION OF HOSEASONS ON ALL CLAIMS WILL BE FINAL.

This scheme does not apply to change of plan or causes other than those mentioned. It does not cover anything happening after the date for taking possession.

If you require us to re-let your booking you must advise us IMMEDIATELY and return the hiring invoice. THIS SCHEME IS FOR THE BENEFIT OF YOU, THE HIRERS, and your support is therefore earnestly solicited. With your continued support we will continue to extend these facilities.

See what Mr. Arthur Jackson of London Road, Peterborough, says about the Hardship Plan:

"I am most appreciative of your letter and generosity following my cancellation. I really paid my subscription thinking it would help others and that a holiday cancellation could never happen to me. I am very grateful indeed for your help."

CONDITIONS OF HIRE

1. When bookings are made, the amount as stated for each craft, bungalow, flat or caravan must be sent as deposit. Balance of the hire charge is due and payable on occupation. It should NOT be sent in advance. For bookings from abroad, 50 per cent of the hire money is required as deposit. The deposit forms part payment of the hire charge.

2. The Hirer is responsible for paying the balance of the hire money. If he is prevented from taking possession, he should immediately notify us and we will endeavour to re-let. If we are successful in re-letting, the Hirer only forfeits his deposit already paid; otherwise the Hirer is responsible for the whole of the balance due.

3. Bookings from clients under 21 cannot be accepted, unless they have the written consent of parents or guardians. This only applies to the person booking and not the whole party (see reverse side of Booking Form).

4. A free trial run must be given to every Hirer of craft before start of cruise. After this the Hirer is held responsible for any damage or loss to craft and equipment.

5. We can accept no responsibility for loss of time or expense occasioned through any defect or breakdown occurring during the cruise. In the unlikely event of any such occurrence, the Hirer should get in touch with the Owner or us at once. Immediate steps will be taken to repair, no matter where the craft is moored. Every precaution is taken to prevent trouble of this nature and every craft is thoroughly looked over at the end of each cruise.

6. In the case of an accident, it is the duty of the Hirer to:
(a) Ascertain the name of any other craft involved, together with the names of her Owner and Hirer.
(b) To report the facts, together with the extent of the damage, to us as soon as possible.

7. The Hirer will be held responsible to the Owners for any damage done or losses sustained up to £5 in Value. A £5 Security Deposit must be passed to the Boat Owner at time of take-over (Motor Cruisers and Yachts).

8. Hirers must provide their own towels.

9. Petrol and oil must be paid for by the Hirer.

10. No craft, bungalow, flat or caravan may normally be occupied by more persons than stated, as accommodation is provided only for the number specified. Comfort is likely to be impaired by an increase in the number of persons. When definitely required and where special permission has been given by us, an additional person can be accommodated on certain craft at an extra charge of £6 (over 14 years) and £4 (1½–14 years) per person per week.

11. Clients take possession at 4 p.m. Saturdays (subject to unavoidable delays). Craft must be returned to respective boatyard and must be given up by 10 a.m. on Saturdays. Hirers are expected to leave everything in a clean and tidy condition.

12. On no account may craft be taken to sea or compete in regattas without prior written consent from us.

13. The booking is made on the understanding that the craft shall be placed at the disposal of the Hirer on the date stated. Should this be made impossible through circumstances not under the control of the Owner (e.g. damage to hull, mechanical breakdown, etc.), we cannot guarantee to provide an alternative craft, in which case the deposit shall be returned to the Hirer in full, but the Hirer shall have no claim against the Owner or Agent.

14. Animals are normally allowed in most craft and properties. Formal written permission must however be requested and obtained from Hoseasons. Do this when forwarding your booking form and deposit. This avoids possible disappointment.
