ABOUT US

TwinsEyecare
DOUBLE THE CARE

Welcome to our domiciliary practice, where compassionate care meets expertise in Optometry. We are Hamzah and Rameez, twin brothers and dedicated optometrists with a shared vision of enhancing the quality of life for the elderly, particularly those in care homes. Our mission is to provide personalized eye care, ensuring that every resident receives thorough eye exams and the highest standard of service in a comfortable, familiar setting.

As brothers, we've always shared a deep sense of responsibility towards helping others, and our passion for optometry has grown out of a desire to support those who need it most. We understand the unique challenges that aging eyes face, and we specialize in providing tailored vision care for seniors, with a focus on early detection of conditions such as Cataracts, Glaucoma, and Macular Degeneration.

Thank you for choosing us for your eye care needs. We look forward to making a positive impact on the lives of those we serve and don't fret, you'll know who's who on the day!

SERVICES WE OFFER

TwinsEyecare
DRABE THE CARE

COMPREHENSIVE EYETESTS

We incorporate high quality technology within your eye test. This matches the quality of your local high street optician but within the comfort of your own home.

As part of your eye test, we will assess both the health and visual capabilities of your eyes and recommend accordingly.

We work in all parts of England.

SPECTACLE DISPENSING AND RECOMMENDATION

We will always provide a clinically reasoned recommendation in line with your prescription and eye health. Therefore, all recommendations will meet your needs. No matter how complex, there is always a solution.

HASSLE FREE SERVICE

We do not charge for the first visit. As you might know, most domiciliary opticians charge hidden fees such as an initial visit fee. We strive to eliminate this by providing you, your TRUE FREE NHS eye test!

PRICE GUIDE

Twins Eyecare
Healthy eye care

FAQ

WHAT IF I DO NOT QUALIFY FOR AN NHS EYE TEST

Not to worry, we also do private eye tests! We try to make these affordable as possible for our patients. We charge £50 for a fully comprehensive eye test!

Regarding the cost of spectacles, you will not be entitled to an NHS voucher which means you will pay a private but affordable cost of the spectacles. See our price guide for details.

HOW SOON CAN I GET MY GLASSES?

So on the day of your eye test, you can choose some frames you like. We will have some that are in person in our showroom or if you do not like the ones we have out, you can view the other frames in our catalogue to choose from so you can see what it looks like. Once we have dispensed your glasses it can take up to two weeks to have them posted to you

WHAT SERVICES DO YOU OFFER?

We provide a high street quality, fully comprehensive eye test including an assessment of the vision and health of the eyes. Once this is completed, we will then recommend glasses based on your unique prescription and advise on frame choice and lens options and treatments. We also provide after-care for any needs that are

WHAT IF I DO NOT LIKE MY GLASSES

For whatever the reason might be, if you are not 100% happy with your glasses, let us know. You have a 90 day "No Quibble" guarantee. This means we can change your glasses free of charge or give you a full refund. Please contact us for more details.

HOW DO I COMPLAIN/LEAVE A COMPLIMENT

Visit our website - Twinsyecare.co.uk. On that website you will find the 'The Legal Stuff' page and on there will be directions to the form you need!

We are open to criticism and want to be best we can be for you. If there is any way we can improve, please let us know!

DO YOU DO FOLLOW UP VISITS?

Yes we do! The first initial visit is free of charge but any subsequent visit may incur a charge but depending on location, we may come out to you for free. Please contact us for further details on this.
