

# Finding Purpose in Your Studies: Connecting your Education to Your Future Goals

By: Nishtha Choudhary

#### Introduction

#### **Education & Future Goals**

When it comes to talking about education, we are talking about the path the student chooses for themselves. We are talking about futures and successes which can be achieved if that student works hard for their goal. When it comes to studies, many students can find a specific topic boring, or simply not as interesting.

In this guide, you will learn different aspects of studying, how t find a purpose in your students and it is essential for you to build a bright future!

## Key factors of studies

How can education shape a bright future?

#### -> Value of SMART goals

Specific

• Measurable

• Achievable

Relevant

• time-bound

throughout your studies, you should learn to set SMART goals, which can come pretty handy throughout your present and future goals. With SMART goals, you can accomplish thing that will lead to a more efficient study routine.

## Key factors of studies

# How can education shape a bright future? (continued)

#### -> Knowledge & Learning

• through your studying journey, you go through the "learning phase" where you process new knowledge each day. As you continue to learn and grow, this phase can help you as you learn more information. Overall, in this phase that you go through during your education, you explore and process each day as your learning goes on.

### Motivation

# What can we do to achieve a bright future we want for ourselves?

-> Knowing that for a bright future, education is a great key factor where we learn new things,, gain experience, and set SMART goals. Next time, if education doesn't seem important to you or you find yourself not focusing on it at all, <u>REMEMBER</u> that education is an essential point to your future and goals that you set today.

#### Conclusion

#### **Extra Comments**

Anything you put your mind to can be achieved, as long as you put in the work and focus on your education. It's your choice, if you plan to change your future and achieve those future goals or live in regret because you didn't understand the value of education. Take action today! DREAM TODAY, ACHIEVE TOMMORROW!
