

CLEAR SNOW FROM HYDRANTS

Help firefighters save precious time when emergency strikes.

The Blue Mountains Fire Department Reminds the Public to Prepare for Winter Storms

As colder weather approaches, The Town of The Blue Mountains Fire Department wants to remind residents and visitors that the Southern Georgian Bay region is extremely susceptible to severe winter storms. To help ensure you are prepared this winter, the Fire Department recommends the following tips:

Outdoor Safety : When spending time outdoors this winter, dress in weather-appropriate clothing like light layers, warm boots, gloves, and a hat that covers your ears. Take regular breaks to warm up inside and check for signs of frostbite, including numbness or white areas on your face and body.

Winterize Your Preparedness Kit : Prepare your emergency kits for colder weather by adding extra blankets, warm clothing and accessories to both your home and car kits. Your kit should include items like: a flashlight, water, non-perishable food, extra blankets and warm clothes. In the event of a power outage, ensure your kit contains reliable sources of heat, fully charged electronics, flashlights and extra batteries.

adding extra blankets, warm clothing and accessories to both your home and car kits. Your kit should include items like: a flashlight, water, non-perishable food, extra blankets and warm clothes. In the event of a power outage, ensure your kit contains reliable sources of heat, fully charged electronics, flashlights and extra batteries.

Stay Informed: Make sure you are aware of winter road maintenance procedures and policies within the Town of Blue Mountains. Before leaving your home, check the local weather forecast and Ontario511 for current road conditions. When driving, give yourself extra time, use caution and drive according to road conditions. If road conditions deteriorate, please avoid unnecessary travel.

Winter Safety Reminder: Keeping Hydrants and Vents Clear of Snow

The Town of The Blue Mountains would like to inform the public that snow-clearing efforts are ongoing around municipal fire hydrants.

Crews will continue to clear snow and are asking for the public's assistance in uncovering hydrants. The Town would like to thank the residents who have been helping during the storm to keep hydrants accessible. These efforts have helped keep the community safe in case of an emergency.

The Blue Mountains Fire Department would like to remind residents to clear around vents and gas meters after major snowfalls. Blocked vents can cause carbon monoxide build-up in homes. Ice should also be cleared from above to prevent damage from falls.

Business Supports

Grey County is working together with its member municipalities to actively monitor and respond where able to ongoing challenges related to Canada-USA relations. We are committed to collectively supporting our business community across the region.

The Economic Development team is participating in federal, provincial and industry led sessions, and maintaining contact with neighbouring Counties across Western Ontario to gather insights and information. As details become available, on areas such as programs, services, funding and policy direction, it will be shared on the website and distributed through County and municipal newsletters and staff updates.

Staff will also gather insights from our local businesses through conversations and networking. This includes joint efforts with industry partners such as Excellence in Manufacturing Consortium (EMC). When the time is right, a survey may be launched to formally gather input. Information collected through all approaches will be summarized

and provided back to upper levels of government to advocate for response programs.

Made in Grey

In alignment with the Made in Canada and Made in Ontario movement, Grey County is making its Made in Grey brand available for use by local businesses. Originally launched in 2019, the brand was developed to strengthen community pride and support for Grey County businesses through public facing co-promotion. Grey County's Economic Development team uses this identity and brand across platforms, both in market and externally. It's our stamp of local pride.

We invite local businesses to make use of the Made in Grey brand. There is no cost to participate, simply display and circulate Made in Grey branded materials to grow local awareness and pride in Grey County.

Business Enterprise Centre

The Grey County Business Enterprise Centre is here to serve entrepreneurs and business from across Grey County. It is your first point of contact and offers a range of services and resources to help businesses start-up, scale-up, and thrive. The BEC offers one-on-one consults, mentorship, business training and grant programs. 519-371-3232, bec@grey.ca

Reduced Load Restrictions in Effect March 3, 2025

Please be advised that half-load restrictions come into effect on March 3, 2025 for a variety of roads within the Town of The Blue Mountains, pursuant to By-law No. 2010-54. Where Axle Weight Restrictions signs are in place, the By-law is in full force and effect.

Half-load restrictions may be extended beyond May 31, 2025, depending on weather and road conditions. A detailed map has been produced to highlight the impacted roads. The roads highlighted in red are subject to half-load restrictions when Axle Weight Restrictions signs are in place.

The Town does not provide Axle Weight Restriction exemption permits for construction-related activities. To learn more about seasonal road maintenance, please visit the Spring, Summer & Fall Maintenance web page.

For more information, please contact:
Operations Department

Council Highlights - Feb 13

www.grey.ca/news

Committee of the Whole

Councillor McQueen brought forward a motion requesting staff prepare a report on options for snow removal at the Grey County owned parking lot in Markdale beside the CP Rail Trail. This location is popular staging area for snowmobilers looking to access the trail. Grey County discontinued snow removal in the parking lot in 2024 as a cost saving measure.

Council received a closed meeting investigation report regarding a joint meeting of all local municipal councils held in August. The investigation was completed externally by Aird and Berlis LLP. The investigation concluded the meeting did not contravene the Municipal Act and was a proper meeting.

Grey County will be updating the Forest Management By-Law to address legislative and policy changes over the past twenty years. Public and municipal consultation opportunities will be organized and a future draft by-law will be presented to Grey County Council later in the year.

Council supported four crossings for the Grey County Rail Trail and the transfer of easements to the Township of Southgate.

Council received an information report on the committee of the whole structure. The report outlined the benefits and challenges of the current structure compared to a standing committee structure. Moving forward, Grey County will continue with the committee of the whole structure and will put more emphasis into sharing subcommittee details during meetings of committee of the whole to ensure councillors are well informed.

County staff provided information to Council regarding the current status of Canada USA relations and tariffs. The update spoke to what impacts can be expected in our area, what organizations like the Federation of Canadian Municipalities and the Association of Municipalities of Ontario are doing. Grey County will be adjusting purchasing practices to support more Canadian and local procurement. Staff also highlighted local economic development efforts including a relaunch of the Made in Grey brand which will be expanded beyond agri-food products to help residents identify local products.

Councillor Boddy gave notice he will be bringing forward a motion to establish a joint municipal services ad hoc committee to look at shared approaches to address challenges and opportunities municipalities face.

Overnight Winter Parking Restrictions

Overnight parking is prohibited on all Town streets from 2:00 a.m. to 7:00 a.m. These restrictions are in effect between November 1, 2024, to April 1, 2025.

Notice of Public Information Centre

Town of The Blue Mountains Wastewater Master Plan

The Town of The Blue Mountains has initiated a Municipal Class Environmental Assessment (MCEA) to complete a Wastewater Master Plan (Master Plan) for the Town's wastewater collection and treatment system. The Master Plan will provide guidance on short and long-term wastewater infrastructure improvements within the urban boundary of the Town. This study is being conducted according to the requirements of Phases 1 and 2 of the MCEA process which is an approved process under the Environmental Assessment Act. This Master Plan is being completed as an Approach 2 Master Plan with sufficient detail to fulfill the requirements for Schedule 'B' projects (e.g., new or upgraded sewage pumping stations, force mains, etc.).

Existing and future collection and treatment system deficiencies (Phase 1 of the Master Plan) were presented during Public Information Centre #1 held on May 23, 2024. As part of Phase 2 of this Master Plan, the Town is developing a set of infrastructure improvements required for future sanitary servicing needs, as well as proposed phasing for the implementation of these projects.

How Will This Affect Me?

The purpose of the study is to evaluate the Town's long-term wastewater treatment and collection system needs and identify a preferred solution to be implemented to improve the system to accommodate the Town's growth. This process will help to identify system requirements and assist with long-term capital planning.

Public and agency consultation is a key element of the process and input will be sought throughout the study to inform the evaluation and selection of the preferred wastewater servicing strategy.

How Do I Get More Information?

If you wish to add your contact information to the study mailing list, or if you have any questions regarding the study, please see the Contact Information section of this notice. A dedicated project page has been added to the Town's website at:

www.thebluemountains.ca/WWMasterPlan

This notice was originally issued on February 5, 2025.

Contact Information

If you have any questions regarding the study, please contact one of the people listed below.

Bluewater District School Board Seeking Public Input for 2025 – 2026 Budget

Bluewater District School Board is seeking public feedback as planning gets underway for the development of the annual budget. Students, parents/guardians, staff, and community members are invited to participate in a short online survey that will assist the Board of Trustees in identifying priorities to align resources for student success in the 2025 – 2026 school year.

The survey is now open and will be available until **Wednesday, March 5, 2025** at 4:00 p.m. on the board's website at www.bwdsb.on.ca. Any interested participants who require another survey format are asked to send their request by email to budget_consultation@bwdsb.on.ca or phone 226-908-5753.

Members of the public who wish to present their ideas for the 2025 – 2026 budget are invited to do so at the Business Committee of the Whole Board meeting on Tuesday, April 1, 2025. For details on making a presentation, please contact Bluewater District School Board by email or phone, as outlined above. Presenters must confirm their request and provide a copy of their presentation by 12:00 p.m. on Monday, March 24, 2025.

Discover "Garden Stories" – A Stunning New Art Exhibit at The Gallery at L.E. Shore

The Blue Mountains Public Library's Arts and Culture Council (ACC) invites you to experience Garden Stories, a captivating new exhibit by artists Michael Black and Victoria Huntley.

Join us for the grand opening on **Saturday, March 1 between 2:00-4:00pm**. At 2:00pm Michael and Victoria will share a behind-the-scenes look at their work and the inspiration behind the exhibit. Then, from 2:30-4:00pm, enjoy a relaxed wine and mingle with complimentary refreshments.

This stunning exhibit showcases Michael Black's bold abstract paintings with Victoria Huntley's vibrant glasswork, exploring gardens not just as places of beauty but as powerful symbols of climate change, history, and culture.

Free admission – all are welcome!

ABOUT THE ARTISTS

Abstract artist **Michael Black** graduated from the Ontario College of Art (now OCADU), in 1984 and holds a Doctorate in Education from the University of Toronto (2003). For 30

years, he worked in education. Michael has shown his work in Toronto, Charlottetown, Port Perry, Creemore, Thornhill, Port Hope, Cobourg, Ottawa, Peterborough, Thornbury, Meaford and Sutton West.

Victoria Huntley is a multi-disciplinary artist, finding inspiration in both canvas and glass. Her work has been featured at the Loft Gallery in Thornbury, The former Art Bank Collective in Clarksburg, the Blue Mountain Foundation for the Arts in Collingwood and at Donna Child Fine Art Gallery in Toronto.

INUIT BLOCK PRINTING

WITH MUCKPALOO IPEELIE, THE URBAN INUIT PROJECT

TUESDAY FEBRUARY 25
4-6PM
L.E. SHORE LIBRARY
LIMITED SPACES. REGISTER ONLINE.

Exhibit Opening: Garden Stories, Saturday March 1st, 2 - 4pm, The Gallery L.E. Shore Library

Artist Michael Black, with Victoria Huntley, presents an exhibition featuring abstract paintings and vibrant glasswork, contrasting the literal and metaphysical meanings associated with "Gardens". The beauty of our own beloved flowers and vegetables is juxtaposed with the devastating natural disasters occurring around the world, highlighting a deeper issue in our environment.

2pm: enjoy a special Talk from Michael and Victoria as they explore their work and the theme of the show.

2:30-4pm: a drop-in wine and mingle time follows the artists' Talk, with refreshments and complementary wine provided.

No tickets or registration required. All welcome!

Show runs for the month of March
