*Paul Billing*

Good afternoon and welcome to Pack Meadow for today's game.

We have had a difficult start to the season. However, people have to understand and get on board with, the ambition of me and this football club. The new Pack Meadow are currently throwing loads of investment into the ground and making us more attractive as a club for players to join. As a football club we have to invest in effort and financially to stay on pace with the ground improvements. We can not stand still as a club.

The last two home games our crowd support has been immense. Now we have to keep them interested. we have to entertain and we have to win. I saw at Nuneaton enough to know that we are close. Close to having a team to compete and to trouble the top six.

I would like to welcome all my friends, directors, officials, players and supporters of Boldmere St Michaels to today's Bank Holiday fixture and regardless of the result let's enjoy a drink or two in the bar at the end of the game

# Manager Chat

Hello and welcome to today's game against Boldmere St Michael's.

Looking forward to today's local derby, as we owe them one after last season with them beating us twice. I have seen lots of positives, even though it has been a difficult start to the season.

Tuesday night against Nuneaton, we looked a real team with heart, desire and aggression so I was really pleased. We will only get better and stronger as the season goes on because we are now starting to get lads back from injury and holidays. We've signed two players last week and we are looking to sign 3/4 more this week to help strengthen the squad. We've had a really tough start to the season with 3 away games to promotion favourites so it was never going to be easy.

Coming up against a Boldmere team today, who are flying and also have ambition to get promoted, but if we play like we did Tuesday at Nuneaton I firmly believe we will win the game.

Thank you all for your support.

Up the Coleman

Harry Harris

# Coleshill Town Recent History

Coleshill were promoted to the Midland Alliance, their highest ever level on the non-league pyramid, for the start of the 2008/09 season. They finished their first season in the Alliance in 11th place and won the Tony Alden Trophy.. but fifteen games into the 2009/10 season Carl Adams stood down quoting family and work commitments the reason for his departure. Neil Kitching and Martin Socket were quickly installed as a joint management team and finished in a creditable 8th place.

Coleshill made headlines in the non-league papers and even some daily papers in 2009 when Wilson Palacios moved from Wigan Athletic to Tottenham Hotspur for £14 million. It appears that the Honduran International had made his first ever appearance in England at Coleshill's Pack Meadow ground whilst on trial with Birmingham City. The game had hastily been arranged specifically to see if Palacios could make the grade, 45 minutes and two goals later, it was decided he definitely would!

Kitching and Socket's potential was quickly noticed and they were snapped up by Rushall Olympic during that summer, and so Carl Adams was asked to once again take the reigns for the 2010/11 season and an almost identical record as the previous year saw Coleshill finish in 12th place. That season Dosthill Colts had become tenants at Pack Meadow but they had become the dominant force on the committee, especially when Paul Woodford stepped down and Dostill's Paul Billing became Coleshill's Chairman. Nigel Jones had took a back seat and even put the ground up for sale and so the future of the club seemed uncertain but fortunately Coleshill Town Football Club were able to take their place in the Midland Alliance for the start of the 2011/12 season to maintain their 126 years of football in the town.

Unfortunately it was a campaign that saw Coleshill flirt with relegation and another year in the Midland Alliance was only confirmed in the penultimate game of the season with a win over Dunkirk. Manager Carl Adams resigned shortly after the last game and was quickly replaced by his previous assistant Jason Lanns, his first taste of management. The 2012/13 season didn't start too well and Lanns stood down! Andy Reece, ex-professional with Walsall and Bristol Rovers took over for three games but left for a full time scouting job at Northampton Town. Chairman Paul Billing took charge of the first team for a couple of games whilst deliberating over who to recruit as manager and take the club forward. Billing finally put his faith in Youth Team Manager Paul Casey. Casey had a job on his hands as Coleshill were in real danger of relegation, but he came through and Midland Alliance status was secured with one game to spare! 2013/14. Casey's first full season, was a record breaking one! Town finished the season in 4th place, the highest position in the club's 129 year history! In the FA Vase Coleshill reached the 4th round and were disappointed to lose to Dunston Uts, one of the favourites, after extra time.

Expectations had risen due to this one season and 2014/15 didn't disappoint. Another record breaking season saw Town finish Runners-Up to Basford United. The Coleman also reached the Semi Final of both the League Cup and the Birmingham Senior Cup finally losing to Birmingham City in a penalty shoot-out. Striker Shane Benjamin became the clubs all time leading goalscorer with 47 and took the League Golden Boot title.

# Coleshill Town

## Recent History

2015/16 started with a 5-2 hammering at title rivals Sporting Khalsa but manager Paul Casey was slowly building a squad capable of competing for trophies. Town reached the 3rd Qualifying Round of the FA Cup, the 4th Round of the FA Vase and the Quarter Final of the League Cup. A 5th place finish was below par but Coleshill finished strongly with seven wins from their last ten games.

2016/17 was possibly the best season in the club's history. In November Paul Casey was head-hunted by Hednesford Town and his assistant Simon Lyons took charge and masterminded an incredible winning streak that took the Town to Runners-Up in the League for the second time in four years, but the highlight was the fabulous run in the FA Vase that finally came to an end just one step from Wembley at the hands of odds-on favourites South Shields. The Semi Final First Leg at Pack Meadow attracted a club record crowd of 1755. However, when the season came to a close Chairman Paul Billing released Simon Lyons. Several of the FA Vase squad moved on and Cameron Stuart was installed as the new Manager.

2017/18. With Cameron Stuart installed as manager Coleshill squad was rebuild during preseason. As the season progressed the title league title and promotion appeared to be between Bromsgrove Sporting and Coleshill. But just as it was confirmed that runners-up would also be promoted, Coleshill stuttered slightly and Highgate Utd came with a tremendous run. Bromsgrove won the league but li came down to the last game of the season for the second promotion place. Coleshill needed to win at Shawbury Utd, who themselves needed a win to avoid relegation.

Coleshill duly won and were promoted to step 4 for the first time in the history 2018/19 was a step into the unknown. Playing at Step 4 for the first time against clubs with larger crowds better facilities, bigger budgets, who knew how Coleshill would get on. The aim was to avoid relegation an consolidate in the new league. Well Cameron and his squad excelled and until the penultimate weekend of the season Coleshill were still in with a chance of making the play-offs. But it was not to be and Coleshill finished a very creditable 9th place in the league.

For the 2019/20 season Coleshill were lying in 14th place after 28 games when Covid struck and cut the season short.

The 2020/21 season was cut even shorter with just eight League games played with Coleshill in 13th place. However the season will be remembered for the first win for CTFC in the FA Trophy. Town beat Wisbech in the 2nd Qualifier Round and went on to beat Bromsgrove Sporting in the 3rd Qualifier, then Matlock Town in the First Round Proper, before being embarrassingly dumped out by Telford United 10-1 in the 2nd Round.

For the 2021/22 season Coleshill were moved sideways to the newly formed Northern Premier League Midland Division and finished in 7th place, JUST missing out on the Play Offs by two places. After getting knocked out of the FA Cup in the very first round for the previous three seasons, Coleshill finally got a win over their old rivals Highgate United but lost out to Long Eaton United in the next round.

# Colleshill Town Recent History

The 2022/23 season saw Colleshill make the Play offs, finishing in 5th place which saw them play Halesowen, who had finished Runners Up, in the Semi Final but lost 3-1. Halesowen went on to beat Spalding in the Final to gain promotion.

For the 23/24 season Cameron Stuart started his 7th season in charge at CTFC with the intension of promotion following going so close the previous season and put together a squad worthy of the step up but after just seven games he decided to move to Colleshill's near neighbours and rivals, Sutton Coldfield Town. Some players left to join Stuart, some left to go elsewhere but the squad was a shadow of the side that just missed out on promotion just months before. Chairman Paul Billing brought in Dave Stringer but he lasted just a few games and decided the role was too much for him. Chairman Billing turned to goalkeeping legend Paul Hathaway, over 500 games for CTFC, but results were still poor and Billing made the very brave decision to let Hathaway go and bring in ex Halesowen coach Craig Nichols to rescue a dying season. Nichols is a good coach but the side continued to drop down the league table, relegation became a real possibility. Colleshill travelled to Championship contenders Spalding Town on the last day of the season, safe from the drop but suffered the humiliation of an 8-0 thrashing. The next day Nichols resigned leaving Colleshill without a manager for the 4th time in the season. Colleshill Town have only ever been relegated once in their entire 139 year history, 1999/2000, but they bounced straight back the next season. The 2023/24 season must rank well up there with the worst season EVER!

So what happened in 2024/25? Chairman Billing wasted no time in replacing Craig Nichols with Grant Joshua who from the minute he walked in the door lifted the clubs spirits, brought in some excellent talent, and if pre-season was anything to go by: Played 6 Won 6 Goals For 26 Against 3 SO FAR we were in for a much better season than the last one. And so it proved to be. Grant brought stability to the club but the team lacked some consistency. What promised to be a good season with playoff a real possibility petered out towards the end with what some would see as a disappointing season. However there were massive high points, our best run in the FA Trophy, taking some big scalps along the way and, of course, culminating in the season finale Walsall Senior Cup victory over Darlaston Town. For the final Grant had moved on to take up a post as manager at Rugby Town, who had been relegated from our league. but faithful club servant/player Gio Dainty stepped into the manager role and superbly guided the team to a memorable victory and the first silverware for a few years.

2025/26 was initially to be a consolidation year after the previous 2 poor seasons, management wise. But new manager Harry Harris, had other ideas. A decent run in the FA Cup and FA Trophy was soon at the back of our minds as we battled with the best of the league for a play off place. Colleshill fell agonisingly close, losing the final play off play by one point on the last game of the season (could have been so different if our 93rd minute goal had stood, rather than offside)

We now start the 2026/27 season with Harry Harris as manager, and a whole new season of expectations

# Boldmere St Michaels - History

The club was established in 1883 as a youth football team attached to the local church and soon progressed from playing friendlies against other church sides to playing competitive league football. As the boys outgrew youth football, they organised an open-age team, which played in various local leagues. In the 1947-48 season, they reached the semi-finals of the FA Amateur Cup, losing 2-0 to Barnet in front of 27,000 at Highbury. In 1949, the club joined the Birmingham & District League. During the 1950s the club's fortunes declined somewhat, as they resolved to remain staunchly amateur at a time when their rivals were becoming semi-professional. In 1963 the club moved leagues to the Worcestershire Combination, which became the Midland Football Combination, where they were to remain for thirty years. The most successful period was during the 1980/90s when they claimed the championship on three occasions (1985/86 under John Morris) and 1988/89 and 1989/90 plus two league cup triumphs in 1989/90 (the double) and 1990/91 (under Alan Parsons).

The Mikes become founder members of the Midland Football Alliance (MFA) in 1994 (formed from the Midland Combination and the West Midlands Regional League), where they played until 2013-14, generally finishing in the top half of the table. The club has won the Walsall Senior Cup on five occasions 1986/87 (under John Morris), 2005/06, 2006/07, 2007/08 (under Mick Bayley) and 2018/19 (under Stuart Grosvenor).

In the final season of the MFA (2013-14), the club achieved its best position of runners-up (under Stuart Grosvenor). The Mikes were the only club to play in all twenty seasons in the MFA, reaching the league cup final twice in that time, losing to Market Drayton Town and Stratford Town respectively.

In 2014-15 the MFA was amalgamated with the Midland Combination and so the club became a founding member of the Midland Football League (MFL), forming its Premier Division, and Boldmere scored the first goal in the new competition in a 9-1 opening day win at Rocester.

Managerial changes up to this point in our recent history were few. Current President Alan Parsons, a John Morris signing in 1987, held the hot seat for 16 years following Morris' departure to Halesowen Town; Rob Mallaband, the current Treasurer had two spells split by Mick Bayley's three-year reign, whilst Stuart Grosvenor's tenancy lasted six seasons until 2019.

In early September 2019 former player Neil Kitching was appointed Manager, with assistants Nick Amos and Ian Cooper. Taking over with the club in the lower reaches of the table, the management improved matters as the season progressed and were in a healthy position before COVID struck the country. Their efforts were finally rewarded in the 2021/22 season when a second-placed finish saw them win a promotion/relegation playoff game at Chalfont St Peter 4-0 and gain promotion to Step 4 (Northern Premier League Midlands Division)

In the debut 2022/23 season in the NPL, the final placing of ninth was a disappointment as the club had occupied fourth or fifth place throughout the season and looked to have secured a play-off place.

Injuries plus defeats in the last three matches proved the undoing. After a summer that saw six players depart to local rivals Sutton Coldfield Town a mixed start to the 2023/24 eventually saw The Mikes finish in 13th position in the table although a last day win would have seen a 9th place finish, like the inaugural season in the NPL.

The 2024/25 saw a greater emphasis on younger players but in January Manager Neil Kitching and his team resigned. After short spells as acting Managers by Sam Heath and Ben Roberts, the latter was offered the job permanently. He brought in Charlton Davies and Robbie Banks to assist him, resulting in a final position of 16th. The close season saw former assistant Manager Trevor Burroughs join the coaching staff along with Mac Simner as goalkeeping coach.

In the 2025/26 season another attempt to introduce a whole group of younger players brought through our Youth system saw the Club struggle through the early months, but more experienced players were drafted in before Christmas, resulting in a tremendous run of games that saw the Club top of the 'in-form' guide at one point and eventually resulted in a comfortable mid-table position in a division that was for the most part extremely competitive, with one side finishing in a relegation spot even though averaging more than a point per game.

The most exciting chapter in the club's history started in 2016 with a total stadium refurbishment and the installation of the latest artificial turf pitches, including two new floodlit courts for training and small-sided matches. The main pitch floodlights installed circa 1990 were upgraded thanks to Sutton Coldfield Town Council and a new dressing room block incorporating Hospitality and Boardroom facilities was brought into full use during the 2021/22 season. Then Vice-Chairman Ralph Simmons (now Chairman) was the driving force in this major change. The project was funded primarily by private investment to secure the club's future by investing in junior teams from age seven upwards. The ground is undergoing further improvements currently, with further new facilities and the introduction of protective padding for the brick wall perimeter pitch surround.

The clubhouse was refurbished in 2019 and alterations made to the old dressing rooms, introducing a junior recreation area, offices and a sensory room. The clubhouse was again refreshed during 2025/26 season by club volunteers Andy Simpson and Dave Tipper, giving it a new fresh appearance. As a result of these changes over the last 10 years, the club has grown tremendously and now boasts over sixty teams playing on Saturdays or Sundays, including Seniors, Juniors and Women's teams.

# We Meet Again - Boldmere St Michaels

Coleshill and Boldmere have been playing against each other on and off for MANY, MANY years, including for the last Four seasons in the Northern Premier League. My records don't go back far enough as I know they played each other in the very early days of Local football. The only team Coleshill have played more often is Highgate United, but we are unlikely to play them any time soon so BSM might overtake them. In the early days The Mikes dominated over the Coleman, but that seems to have levelled out and in today's game "Anything Can Happen".

# On This Day - 31st August 2013

**Saturday 31st August 2013**

**Midland Alliance**

**Coleshill Town 2 v 0 Gornal Athletic**

Scorers: Jon Powis, Luke Edwards.

Attendance: 62.

Team: Paul Hathaway, Danny Douglas, Dan Dineen, Jack Hulin, Luke Edwards, Barry Fitzharris, Leon Weller, Jon Powis (Nick Ellis), Jordan Archer, Declan Kirby (Jake Murrell), Connor Leek (Chris Cowley). Subs not used Ashley Bradshaw, Jake Allen.

Coleshill played Gornal for the second time this season in just seven games in a hastily arranged game due to both teams being knocked out of the FA Cup. Six goals for and nil against has been a good haul but Coleshill were nowhere near as convincing in this game as they were on the opening day of the season. The game started fairly even but Coleshill always looked the more likely to score with home keeper Paul Hathaway having a quiet day. Jordan Archer had a one on one with the visitors keeper early on and Leon Weller was having a field day down the right with a series of dangerous crosses going un-punished. Connor Leek also looked dangerous and it was from one of his runs that Coleshill took the lead on 32minutes. Leek beat two defenders and crossed into the penalty area, Archer got to the ball just before the keeper and laid the ball off to Jon Powis who finished confidently.

With both Leek and Weller whipping in numerous crosses, Coleshill should have been more than just the one goal up as half time came.

As has been the norm in the last few games, the second half was a bit of a disappointment. Coleshill started to lump the ball forward and Gornal started to play some neat football, fortunately they had little up front to overly worry the home defence. Paul Hathaway did have to work a bit as he dove to tip a dipping shot round the post and then nonchalantly tipped an effort over the bar, but that was it. It was left to centre half Luke Edwards to make the points safe as he headed home a free kick from Weller on 71minutes. Sixth place after seven games is a fine return but the team is still missing a spark, maybe a goalscorer, and if they find it, a top five place is well within their reach.

This was Manager Paul Casey's first full season in charge and an opportunity to build his own team. The season got off to a great start with a 4-0 win away to Gornal and three wins in the first four games set the tone for the remainder of the season. A disappointing early exit from the FA Cup at Stourport was just a blip as the team went on a fabulous record breaking run in the FA Vase reaching the 4th Round for the first time and taking one of the favourites, Dunston UTS, to Extra Time! From that point Coleshill won nine consecutive league games to push the side into the title race but a long season finally caught up on the squad and Town finished in 4th place, the highest position on the Non-League ladder the club had ever achieved at this point in time
