

A4 Size Single Pass Inkjet Printer

picture	Basic parameters	
	product name	A4 Size Single Pass Inkjet Printer
	Printing width	215MM
	Feed width	400MM
	nozzle type	A4
	Material feeding method	Automatic pagination of belt conveyor feeding
	Machine size	Length 61cm * Width 53cm * Height 53cm
	Color	4-color black, blue, red, and yellow
	Printing accuracy	300*1200dpi/600*1200dpi/1200*1200dpi
	Inkjet technology	thermal jet
	Ink type	Environmentally friendly and odorless water-based ink, pigment, and dye
	Ink loading method	Ink cartridge filling type
	Print height	Maximum printing height 10cm, customizable
	ink supply system	Ink cartridge supply
	Z-axis rotation	High precision screw drive
	Y-axis rotation	Imported variable speed motor drive
	X-axis positioning method	Software data localization
	Y-axis positioning method	Software data localization
	PRINT SPEED	1-30M/min
	Environmental requirements	Normal temperature 0-35 degrees Celsius
	machine weight	Approximately 35kg
 	Power requirements	220VAC, 50HZ, 1000W power consumption<maximum power>
	operating mode	Computer high-precision control system
	Wooden crate size	Length 63cm * Width 55cm * Height 55cm
