INTERVIEW WITH DR. WORKMAN DANIEL ATSU (A FORMER MANAGER OF OLESEGUN OBASANJOR FARMS AND AN ELDER OF THE CHURCH OF PENTECOST)

A LADY IN HER FIFTIES, WHO COULDN'T SEE IN THE AFTERNOON COULD NOW SEE AFTER BEING PRAYED FOR ON THE THIRD DAY OF THE CRUSADE.

Dorcas (Christ Alive Campaign Media): If I got the name right, Dr. Daniel Atsu.

Yes, Dr. Workman Daniel Atsu. Dorcas: OK. Thank you very much, Sir. Sir, we would like to hear your sincere overview of the entire Crusade.

Dr Atsu: Thank you very much. I seize this opportunity to greet everyone that will be watching this crusade live. On my own, going by my own observation, the Christ Alive Campaign in Nogokpo is very successful. Successful in the sense that it has made a lot of impact. The attendance was good. Normally, crusades of this nature, you don't see this type of crowd here. But the crusade has pulled large crowd. One, because your organization was good. The team, I see that the team is so dedicated. Everyone minding their duty carefully and conscientiously. With so much devotion. uh um. I'm delighted to say that you have a good team. It looks like you people don't get tired.

You have been running around for the past 4 days and you are still smiling. It's of great encouragement. I think you also have a good leadership in the person of Evangelist James and all his lieutenants. You have done very well. The number of souls won is one of the criteria I can use to judge the crusade. It's massive. Not only that, a lot of healing miracles. The messages were very sound and has touched many souls. That's why you see many people coming for salvation. I thank you very much. And in fact, I told our local organizers that it will be good to have this crusade here once in a year. But all the same, it's a very expensive crusade. Crusade everywhere in the world is expensive. So, my prayer is that all the partners who are sponsoring this crusade, God should keep on blessing them. Not only that, their crown of glory with many stars in Heaven; I pray that none of them will miss it.

They will not miss it because, as they have started, they will not fall by the wayside. They will continue to remain as partners until Christ comes. I thank all of you for coming to visit us and to save souls. God richly bless you. Continue doing so until Christ comes. God bless all of you. Remain blessed. Amen. Thank you very much.

Dorcas: Thank you very much, Dr. Workman Daniel Atsu. Thankyou.

CLOSURE

The Nogokpo crusade ended on the 25th night at around 11: 00pm on a very good note to the glory of God.

Some personalities including some pastor's who were present through the crusade were interviewed, where they shared their views on the crusade. Many were happy that a crusade of this kind was done in Nogokpo. One even suggested that, if possible, this kind of crusade should be done once every year in Nogokpo.
