

# PI Perform

The only performance management software powered by behavioral science to develop great managers, keep teams aligned, and engage people—every day. Seamlessly integrates with the tools you use, like Slack, Zoom, Jira, Teams, and more.

**Club16 saved 2.2 million in year-over-year employee turnover costs**

## Make performance a habit, not a headache

PI Perform offers built-in leadership tools, reviews, and feedback—powered by behavioral science to drive growth from day one.

### Built for better management

- **Behavior-driven 1:1s:** Get tips tailored to each person's work style
- **Manager coaching tools:** Reviews, feedback, 360s, goals, and kudos—organized in one place
- **Smart homepage:** See priorities, prep for meetings, and get AI-powered summaries

### Stay accountable, and aligned

- **OKRs and goals:** Tie day-to-day tasks to company goals
- **Team dashboards:** Spot gaps and trends across your team
- **Meeting Mode:** Take notes, assign actions, and keep things moving

### Real-time feedback that resonates

- **Kudos + Feedback:** Recognize in ways that truly motivate
- **FeedbackAI:** Summarize clear, helpful reviews and comments faster
- **Group Workspaces:** Collaborate on agendas, track outcomes, and drive action

 **NEW!**

**Reviews BETA:** Run review cycles your people will actually find useful—with insights that drive real change.
