

FIRE SPRINKLER COVER

 Item Code: 0251004

The B-SAFE Fire Sprinkler Cover is a dual-purpose solution designed to conceal and protect concealed sprinkler heads while enhancing interior aesthetics.

It integrates seamlessly with various ceiling designs and color schemes, providing a clean and uniform appearance.

Engineered for reliable performance, it safeguards against dust, moisture, and minor physical impacts, ensuring secure attachment and easy maintenance.

Use only fire-safety certified covers to maintain system responsiveness and ensure unobstructed operation during emergencies.
