

The 2T Dual Pump Bottle Jack is a heavy-duty hydraulic lifting solution designed for professional workshops, garages, and industrial applications. Featuring a dual-pump system for faster lifting performance, it provides reliable operation, high lifting capacity, and durable construction. Built for demanding environments, this jack ensures efficient vehicle and equipment lifting with enhanced stability and ease of use.

SPECIFICATION

Product Type	Bottle Jack
Model	2T Dual Pump
Capacity	2 Ton
Lifting Height	2380 mm
Net Weight	70 kg
Quantity per Carton	1
Carton Size	144 x 30 x 23 cm

KEY FEATURES

2 Ton lifting capacity

Dual-pump hydraulic system for faster lifting

Heavy-duty steel construction

Smooth and reliable hydraulic operation

Suitable for workshops, garages, and maintenance facilities

Durable design for long service life
