

# Stalker Sport 2 Radar Gun Starter Package

The Sports 2 speed gun from Stalker is a lightweight and powerful sports radar gun designed to accurately measure speeds of balls, vehicles, and watercraft moving through the water, over land, or on water. Its strong build allows it to be used for various other applications like safety check the speed of construction and mining construction site vehicle. Measure speed as low as 8 km/h.

## ***Measure pitching and running speeds with 2 active speed windows***

The Stalker Sport 2 Radar Gun is the most accurate and affordable general sports speed measuring gun, capturing precise pitch speeds every time. How accurate is it? It's margin of error is +/- 0.16 KM. The Stalker Sport 2 has a 90 m range and measure speeds from as low as 8 km to 237 km per hour. Not just for Sports, the accuracy and low starting speed makes it a general all-rounder.

Performance-up to 90m range and Stadium Performance.

The current generation Stalker Sport 2 is the powerful and easy to use baseball solution. Quickly and easily measure pitching and running speeds with (2) active speed windows.

That's why Stalker named it the Sports 2. Not just sports. Sports professionals, serious amateurs, or someone who wants to measure speeds with precision. Anyone that wants to measure the speed of baseballs, vehicles, tennis balls, golf balls, hockey pucks, aircraft, boats, bobsleds, snowmobiles, skiers, RC planes, ballistics up to 890 mph, or anything else that moves. All 30 Major League Baseball teams use Stalker Baseball guns. In a class of their own, Stalker Baseball guns dramatically outperform other "toy radar" guns. Simple operation, certified accuracy, greater range, true pitch speeds, and consistent readings make Stalker Baseball guns stand alone. Capture accurate pitch speeds-every time.

Accuracy Tested: Just how accurate is the new Sport 2, and how does it compare to the competition? Most radar guns advertise "accurate to within +/- 1 to 3 mph." Stalker radar guns are typically accurate to within 0.16 km (one-tenth)

## **Stalker Sport 2 Specifications:**

Speed Range:	8 km/h to 237 km/h
Accuracy:	+/- 3% of reading
Maximum Clocking Distance:	90m of unobstructed view
Product Type Stationary:	Doppler Radar
Computer Processor:	Digital Signal Processor
Display Type:	Liquid Crystal
Operating Temperature:	-28° to +48°
Storage Temperature:	-40° to +60°
Weight (with batteries):	0.8 Kg
Dimensions:	20.3cm H x 7.6cm W x 16.5cm L
Housing Material:	ABS

Available in three different Packages

### **Starter Package**

Stalker Sport 2 radar gun  
Alkaline batteries (6 AA non-rechargeable)  
Operators Manual  
Cardboard carry box

### **Scout Package**

Stalker Sport 2 radar gun  
Rechargeable NiMH Batteries (6 AA) with Wall Charger  
Operators Manual  
Cardboard carry box.

### **Deluxe Package**

Stalker Sport 2 radar gun  
Rechargeable NiMH Batteries (6 AA) with Charger  
Wall charger and Operators Manual  
Hard carrying case
