Success Case | Israel Naaman People counting Project

Value

It is the first and the most **largest people counting project** in Israel so far. Naaman has **more than 100 chains** in Israel which provides the high quality products.

Project Scale

This project will use more **100 pcs** IPC-HDW8341X-3D cameras and our DSS PRO software. This project will make an excellent **Project template points** in Israel market. We are aiming to copy and paste to all Israel Shopping Mall.
