Computers & Applied Sciences Complete
Computers & Applied Sciences Complete covers the research and development spectrum of the computing and applied sciences disciplines. CASC provides indexing and abstracts for more than 2,000 academic journals, professional publications, and other reference sources from a diverse collection. Full text is also available for more than 950 periodicals.

Title List More Information

Communication & Mass Media Complete
Communication & Mass Media Complete provides the most robust, quality research solution in areas related to communication and mass media. *CMMC* incorporates the content of *CommSearch* (formerly produced by the National Communication Association) and *Mass Media Articles Index* (formerly produced by Penn State) along with numerous other journals in communication, mass media, and other closely-related fields of study to create a research and reference resource of unprecedented scope and depth encompassing the breadth of the communication discipline. *CMMC* offers cover-to-cover ("core") indexing and abstracts for more than 550 journals, and selected ("priority") coverage of nearly 200 more, for a combined coverage of 737 titles. Furthermore, this database includes full text for over 440 journals.

Title List More Information

SocINDEX with Full Text
SocINDEX with Full Text is the world's most comprehensive and highest quality sociology research database. The database features more than 2,100,000 records with subject headings from a 20,000+ term sociological thesaurus designed by subject experts and expert lexicographers. *SocINDEX with Full Text* contains full text for more than 820 journals dating back to 1908. This database also includes full text for more than 830 books and monographs, and full text for 14,636 conference papers.

Title List More Information

CINAHL Plus with Full Text
CINAHL Plus with Full Text is the world's most comprehensive source of full text for nursing & allied health journals, providing full text for more than 760 journals indexed in *CINAHL*. This authoritative file contains full text for many of the most used journals in the *CINAHL* index – with no embargo. *CINAHL Plus with Full Text* is the definitive research tool for all areas of nursing and allied health literature.

Title List More Information

MEDLINE with Full Text
MEDLINE with Full Text is the world's most comprehensive source of full text for medical journals, providing full text for more than 1,450 journals indexed in *MEDLINE*. Of those, more than 1,430 have cover-to-cover indexing in *MEDLINE*, and of those, 553 are not found with full text in any version of *Academic Search*, Health Source or *Biomedical Reference Collection*.

Title List More Information

Education Research Complete
Education Research Complete is the definitive online resource for education research. Topics covered include all levels of education from early childhood to higher education, and all educational specialties, such as multilingual education, health education, and testing. *Education Research Complete* provides indexing and abstracts for more than 2,100 journals, as well as full text for more than 1,200 journals, and includes full text for nearly 500 books and monographs.

Title List More Information

Relationship between nomophobia of nursing students and their obesity and self-esteem
Sevecen Çelik İnce PhD
Abstract
Purpose: The aim of this study is to examine the relationship between student nurses' nomophobia levels and obesity and self-esteem.
Design and Methods: This study is a descriptive-correlational type study. This study conducted 607 nursing students. Data were collected with "Personal Information Form," "Nomophobia Questionnaire (NMP-Q)," and "The Self Esteem Rating Scale-Short Form."
Findings: As a result of the research, it was determined that the students h... moderate nomophobia. There was no significant relationship between nomophob... and obesity and self-esteem.
Practice Implications: It was determined that especially when they are bored, th... rate of using smartphones is high, and the use of smartphones harms their live... More studies are needed to examine the relationship of nomophobia with student... body mass index and self-esteem.
