Kitten Contract

Date: ___/___/___ Litter: _____ Date of Birth: _____ Sex: _____

Description: _____

Sire: _____ Dam: _____

I, _____, subsequently referred to as the adopter/buyer, agree that the above described kitten is being purchased by me solely as a pet for myself and/or my immediate family.

I agree that, should I become unable to care for this kitten, I will not relinquish her/him to a shelter or rescue group. Should rehoming be required, please contact breeder to assist with finding a suitable home if you are unable to do so.

I agree not to have the kitten declawed.

I understand and agree that the breeder makes no representations or warranties, expressed or implied, about the above mentioned kitten's temperament or eventual size.

A \$15.00 per day boarding fee will be charged to buyer for any kitten not picked up by 16 weeks of age.

Adopter understands and agrees that the adopted Maine Coon may not be bred under ANY circumstances, and is being sold as PET ONLY unless prior arrangement has been made with breeder. In the event the Maine Coon is bred intentionally, breeder reserves the right to reclaim the adopted Maine Coon and it's offspring at the sole expense of the adopter. Adopter agrees to provide written proof of having the kitten spayed/neutered by SIX months of age.

Health Guarantee

Breeder guarantees kitten is in good health and is free from Feline Leukemia (FeLV) and Feline Immunodeficiency Virus (FIV). All adult cats at Maine Characters Cattery have been tested and found negative for both FeLV and FIV. Because Maine Coons are prone to Hypertrophic Cardiomyopathy (HCM), all breeding cats have also had DNA screening, and found to be negative for the only currently known genetic mutation that causes HCM. Every effort has been made to assure healthy, happy kittens, but should your kitten be diagnosed with any medically documented life threatening **congenital or genetic defect** within the first year of life, breeder will replace the kitten with a kitten of equal value when available, or refund the purchase price at the breeder's discretion.

In order for this health guarantee to be valid, the adopter must have the kitten examined by a licensed vet within 3 business days of possession. Should a veterinarian determine at that visit that the kitten has an illness likely contracted prior to purchase, buyer will contact breeder immediately, prior to initiating treatment. Should the kitten be returned due to illness within 3 business days of purchase, breeder will refund full purchase price. **All vet bills incurred by the buyer after taking possession of the kitten are the responsibility of the buyer, unless arrangements have been made and agreed to by breeder prior to the kitten receiving treatment. Breeder will not cover any treatment cost that exceeds the purchase price of the kitten.** Should the kitten be returned, transportation/shipping costs are also the responsibility of the buyer. The breeder reserves the right to get a second opinion.

Declawing VOIDS the health guarantee.

Please note that during times of stress (like going to a new home) the kitten may show temporary, minor signs of illness which may include: sneezing, runny nose, watery eyes, diarrhea, or constipation. To reduce stress, feed the kitten the same food as Maine Characters Maine Coons (Royal Canin Kitten), and offer water as well as taking reasonable measures to reduce stress. **Above health guarantee DOES NOT include minor stress related illness.**

BREEDER'S SIGNATURE: _____ DATE: _____

Most importantly, enjoy your new kitten! I am always open to questions, and happy to offer suggestions if I have any. If you text or email, I will reply, and I'm happy to return a call if you leave me a message (I'm bad about answering my phone if I don't recognize the number). And please send pictures! I miss these babies when they leave here.

I love this playful, gentle, loving breed, and I'm confident you will too!
