September 1st

Dear Diary,

Today was the first day in my new school and I am so sad.

I don't know Hebrew and I don't have any friends. I tell Mom and Dad that I don't like it here in Israel. I want to go back to my old school in Canada.

Linda

September 23rd

Dear Diary,

I have a special teacher who teaches me Hebrew at school.

Some kids in my class speak to me slowly in Hebrew and some try to speak to me in English... but I still don't have friends.

Linda

December 29th

Dear Diary,

I had a great day today. My history teacher asked the class a question and I answered it in Hebrew. All the kids clapped their hands*!

I can't write a lot now because I need to go. I'm meeting my friends at the park to play basketball.

Linda

Oh yeah, I like it here now. 😊

* clapped their hands – מחאו כפיים

What Do You Know About Elephants?

by Frank Smith

Elephants are very interesting animals. They are one of the biggest animals in the world. They have two big teeth called tusks. The tusks help them dig* for water, carry heavy things, and fight with other animals. Elephants have a long nose called a trunk. Elephants can do many things with their trunks: they smell with them, make noises with them, and use them to take a shower.

Most elephants live in Africa and Asia. They eat a lot, but only plants and leaves. Elephants have a good memory**. When they find water they will remember the place for a very long time.

Elephants have feelings too. They are afraid when they are in danger, sad when other elephants are hurt, and happy when they meet friends and family.

Elephants have big families. They all live together and help each other. When elephants need help they make special sounds. These sounds are special because people cannot hear them.
