

2026 World Cloud Tramp Day

Saturday 1st August 2026 @ 17:00hrs (meet at 16:00)

Open to families so bring a picnic!!

On the first Sunday of August at exactly 17:00hrs, aeromodellers all over the world will take part in a mass launch of Cloud Tramps. The Cloud Tramp is a 20" wingspan all balsa rubber powered beginners model designed by Charles Grant in about 1950.

Models

Fun is the aim of the day so other free flight models are fine, they just won't count in the tally submitted to the BMFA. More info:

- **Club website:** edmac.co.uk
- **Plan:** endlesslift.com/build-a-better-cloud-tramp
- **Kit:** vintagemodelcompany.com/22-cloud-tramp

Participation

Anyone, including non-members can take part providing they leave their details with us if not a BMFA member*.

The event takes place on the main runway, and all R/C flying will stop at 1630 hrs until 1730 hrs

*GDPR: Personal details are for BMFA insurance on the day, will not be processed further and, unless required for a claim, will be destroyed 1 week after the event.
