would like to spend your New Horizon holiday in. Wardrobes are indicated by the initials W.R., sideboard - S.B., wash basin - W.B., work top - W.T. and dressing table - D.T.

CHOOSING YOUR HOLIDAY BOAT

For each class of boat an exterior picture is shown which is one of the boats named and is similar to all the other craft listed in each particular class section, this also applies to the interior photographs that appear throughout this brochure.

STEP 1. Choose your holiday area. Pages 5 and 28 describe the Norfolk Broads and the River Thames areas, showing details of the different boatyards, maps of the waterways and a list of the standard fixtures and fittings, as well as optional extras, available for each area's craft.

STEP 2. Choose your boat. The photograph, plans and table shows a typical entry in our holiday section listings which run from pages 7 - 27 for the Norfolk Broads and pages 29 - 40 for the River Thames. The key shows you what details to look for.

STEP 3. Decide if there are any optional extras that you will require. The list on page 42 can be used as a check list and also has pricing information for these items. Please note that not all optional extras are available for the River Thames area.

CANCELLATION INSURANCE INCLUDED IN THE PRICE

STEP 4. You are now ready to book your holiday! Use the booking form enclosed with this brochure to list all the relevant details required. At this point it may be wise to have a second choice of boat just in case your first choice is unavailable when you ideally require it. You may then book your holiday over the telephone, by post, or by fax. The booking form gives full details of what to do in each case. We have also made payment easier. Your initial deposit payment can be made by credit card or cheque. Details of initial payments are shown on page 42.

UNDERSTANDING YOUR BOAT PLAN

Every boat in our brochure is accompanied by a interior layout plan to help you decide exactly which vessel you would like to spend your New Horizon holiday in. The plans indicate the position of the driving seat ①, the number of single or double berths ② & ③, facilities found in the galley (sink unit ④ & cooker ⑤), bathroom facilities ⑥ and saloon area layout ⑦. Wardrobes are indicated by the initials W.R., sideboard - S.B., wash basin - W.B., work top - W.T. and dressing table - D.T.

NEW HORIZON & THE NORFOLK BROADS

THE NORFOLK BROADS The Norfolk Broads are Britain's finest and best-loved holiday boating location. For decades, this beautiful part of East Anglia has provided holidaymakers with unique scenery, access to wild birds and flowers not normally seen, some of the region's finest stately homes, as well as an abundance of thatched cottages, watermills and windmills that have become the Broad's trademark. The Broads are popular with first time visitors and 'seasoned' boaters alike. Being the Country's largest inland waterway system, there are always new areas to explore year after year, and the added attraction of not having to negotiate locks is welcomed by some. A Broads cruise means waterside pubs, restaurants, easy and abundant mooring places and a peacefully relaxed atmosphere that is the essence of every good holiday. If that appeals to you, the Norfolk Broads will not disappoint.

THE BROADS AREA The beauty of a Broads holiday is it's flexibility. The historic City of Norwich is accessible from the Broads by cruiser and is well worth exploring. Two magnificent cathedrals, several excellent museums and the new Castle Mall shopping development are all waiting to be discovered. To the East of the Broads are the famous golden sands of Gt. Yarmouth with its exciting seaford packed full of attractions and entertainment. Both Gt. Yarmouth and Norwich offer plenty of nightlife for those with plenty of energy left at the end of the day, with a host of restaurants, clubs, pubs and cinemas to suit everybody.

NEW HORIZON BOATYARDS The majority of New Horizon Boatyards are ideally situated in the very heart of the Norfolk Broads with easy access to the main cruising areas of all of the major Broads.

NORFOLK BROADS - STANDARD CRUISER FACILITIES

All cruisers on the Norfolk Broads are equipped as standard to the following high specification.

- Colour TV • Fresh Water Toilets • Showers • Duvets • Bedding • Fridge • Cooker (Gas with oven) • Warm Air or Space Heating • Hot and Cold Water
- Buoyancy Aids • Fully Equipped Galley

Remember there are a full range of optional extras available. See page 42 for details.

1 RICHARDSONS, STALHAM PLEASURECRAFT, BROADS HOLIDAYS

All based at Stalham, just 14 miles from both Norwich and Gt. Yarmouth. This site covers some 20 acres and is the largest Norfolk Broads base. The site itself is on the A149 between Wroxham and Potter Heigham.

If you are travelling by train, the nearest station is Wroxham where our shuttle service can collect and return you by prior arrangement free of charge.

The site boasts a shop, restaurant, showers, cycle hire* and a very large outside and undercover vehicle parking area. Pre-ordered grocery packs are also available at Stalham. *Subject to availability.

2 HORNING PLEASURECRAFT, HORNING

This boatyard is situated in one of the prettiest areas on the Broads. Horning village itself is an attraction for many of the visitors to the area. Access by road to Horning is via the A1062 from Wroxham. Norwich is just 12 miles away with the nearest railway station being that at Wroxham just 2 1/2 miles down the road. Taxis are available from the station forecourt during the season. Undercover vehicle parking is available at Horning boatyard.

3 HORIZON CRAFT, ACLE

Situated directly in the centre of Broadland, Acle boatyard is situated on the Bridge at Acle, a mere 1/2 mile from Acle village itself which is just off the A47 on the A1064 Caister road midway between Norwich and Gt. Yarmouth. For those arriving by train, there is a station in Acle, and once more there is a shuttle service available to and from the boatyard by prior arrangement.

WELCOME TO THE NORFOLK BROADS

Since Victorian times, the Norfolk Broads have been a popular holiday destination for many thousands of visitors - there really is nowhere quite like it for simply messing about in boats!

There are five rivers which flow through the Broads - the Bure, the Yare, the Ant, the Thurne and the Waveney. The Broads themselves are basically 40 or so shallow lakes which are the result of flooding the remains of mediaeval peat diggings. Altogether there are some 125 miles or 200 kilometres of lock-free navigable waterways to explore.

The whole area is looked after by the Broads Authority which keeps the waterways open and safe for navigation. As well as also acting as the planning authority for the area, the Broads Authority ensures that the natural wildlife and habitat is conserved.

There are a number of important nature reserves situated in the Norfolk Broads and a trip through these are a must for interested visitors.

Full details on the 28 reserves on the Broads can be obtained from the Norfolk Wildlife Trust Tel: (01603) 625540 and the RSPB Tel: (01603) 700880.

Some of the most famous landmarks on the Broads are the numerous windmills which were once used for drainage purposes in the nineteenth century.

Four of these restored mills are now open to the public during the summer season: Berney Arms Mill is situated on the west bank of the river Yare about half a mile south-east of the railway station. Stracey Arms Mill is on the river Bure between Stokesby and Great Yarmouth. Horsey Mill can be found between Horsey Mill Staithe and the coast road and is maintained now by the National Trust.

Thurne Mill is the fourth of the restored open mills and is situated alongside the river Thurne in the village of Thurne about one mile west of the B1152 Acle - Marham road. However it is only open on Sundays during the summer.

Finally, if your idea of enjoyment is the peace and tranquillity that a quality fishing spot can offer, then the Broads is an Aladdin's cave of treasure just waiting to be discovered. As well as the two main tidal rivers that are fished, the Broads themselves present a huge variety of challenges to the ambitious angler, and with numerous tackle shops throughout the area, you will never be short of advice and help.

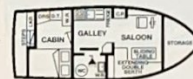

The Norfolk Broads are one of England's most unique areas and offer attractions to all who visit. When you collect your boat at the beginning of your holiday, ask about the guide books that are available, and you can be sure to get the best out of an area that has so much to offer to everyone.

NEW HORIZON & THE RIVER THAMES

THE RIVER THAMES Perhaps England's most famous river, The Thames offers the holidaymaker afloat many differing opportunities to explore the very essence of this country's heritage and culture. Meandering from beyond Oxford in the West towards London Town in the East, the Thames abounds with scenic and social delights. Riverside restaurants and pubs are just two of the topics of conversation that you may hear as you negotiate one of the many locks with the help of the resident lock keeper. As well as numerous riverside establishments to help keep thirst and hunger at bay, the Thames takes you close by to a number of major towns and attractions including Richmond, Hampton Court, Thorpe Park, Royal Windsor, Eton and Bray (home to the Roux brothers' famous Waterside Inn restaurant), Henley and many more famous landmarks. A Thames cruising holiday offers almost infinite choice and variety. What you choose to see and do will depend on your location and get up and go!

NEW HORIZON BOATYARDS The three New Horizon Boatyards are perfectly situated to take advantage of the full attractions of the river Thames. Each combines ease of access with superb facilities.
