Whether you're an old hand, or are planning your first cruise, Anglo-Welsh can help you choose an ideal holiday for all the family. There's something for everyone — steering the boat, navigating and working the locks, choosing moorings. Or you can just relax, enjoy the fresh air and slowly-changing scenery, and watch the world go by.

This booklet is to help you find out as much as possible about your waterway holiday before you decide to book.

If you have any more questions, or would like to check on the availability of particular boats, just telephone Market Harborough (0858) 66910 and ask for Carol or Christine.

An ideal holiday for all ages

Waterway holidays are safe — and suitable for all ages too. We've built our reputation and success on the quality of our boats and of our service. We're now in our 21st year, and the fact that the majority of our business comes from repeat bookings speaks for itself. All our boats are of the highest quality throughout: modern, warm and comfortable with excellent furniture and fittings: a fully equipped galley;

lavatory; hot and cold running water; roomy sleeping compartments. Come to one of our bases and see for yourself — but please phone the booking office first (0858-66910).

Of course, you'll want to compare prices. But don't forget that the prices we quote include VAT, as much fuel as you can use, gas, parking for your car, blankets and bed linen, toilet pump-outs, buoyancy aids, first class crockery and kitchen equipment, tea towels, washing-up liquid, matches and lavatory paper — and you can bring your pets free. Few other firms include all this in the price.

Having said that, there are some optional extras for which we **do** charge — extra passengers, hire of portable TV (black & white or colour), and our unique cancellation scheme (see page 27). There are also extra licence charges if you choose certain routes; details are given with the base descriptions.

Just for the record, don't forget to bring your own towels, washing kit and torch

Anglo-Welsh and the Inland Waterways

These days there's very little commercial traffic on the once-busy canals, but the memory remains of that revolutionary transport system, built some 200 years ago to transport coal

and goods across the country to and from the thriving inland towns.

Now, roads and railways have cleared almost all the working boats from the canals, but the British Waterways Board still ensures that this 1,500-mile network of peaceful waterways is maintained and improved.

Waterway holidays are relaxed and leisurely, and some of the routes are so remote you'll feel you've stepped back in time — but don't forget, there's always another town or village ahead. Much of the fun of a holiday afloat is exploring the bankside settlements. You're seldom far from a shop or pub, or you can moor in a larger town if you prefer. You'll be surprised at the different face of an urban area when you see it from the water.

We have six bases across the country, chosen to cover almost all the waterways. Study the maps — talk it over with the crew — select your route — choose your boat.

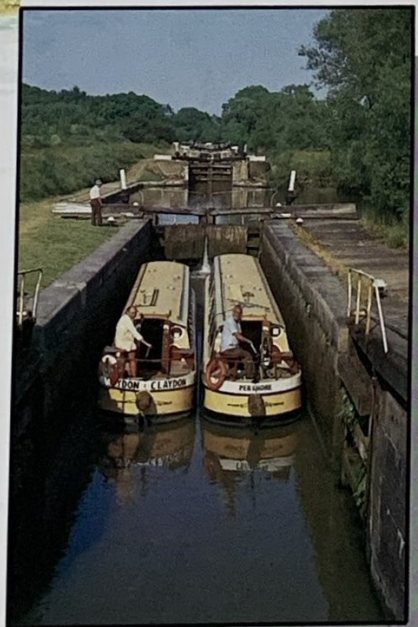

Then ring Chris or Carol at Market Harborough (0858) 66910 to check your booking; the booking office is open 7 days a week, and we have a 24-hour answering service. Lastly, fill in the booking form and send it to us with your deposit. What could be easier?

Your Questions Answered...

These are some of the questions first-time hirers often ask us. If you can't visit one of our bases to have a look at a boat and talk to the staff, these notes should be the next best thing.

How do we drive the boat?

We'll show you when you come to collect it. It's very simple — a single lever controls the engine, and you steer with a tiller. It's easy to learn how the boat responds and after a short practice you will become an expert.

Will we run out of fuel?

None of our customers has yet succeeded in doing so! You should be able to cruise for nearly a month before you need refuelling. And don't forget, all the fuel you use is included in the price.

Is fishing permitted?

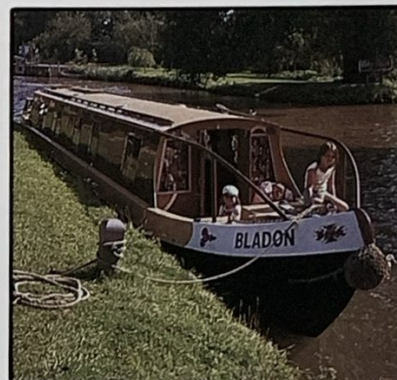

Almost all waterways are rented to local fishing clubs; day tickets are usually available from the bailiff. You should obtain a rod licence from the appropriate regional water authority — the staff at the base will be able to advise you.

How do locks work?

A lock is a simple device for moving a boat from one level to another. Some people become needlessly agitated at the thought of having to work locks, but if you approach the operation logically, this is no problem. If you have a chance, go and look at one before you take your holiday, and see how easily it works.

Some locks have lifting gates operated by electric motors — but purists would argue that this takes all the fun out of it!

You will very often work locks with other crews; indeed, it can be quite a social occasion. If you want to avoid locks as far as possible, hire a boat from our Earith base, which is on a river system where, to the East, there are only three locks in over 150 miles of cruising.

What do we do all day?

After all this, some people still have to ask! To sum up, there's running the boat and keeping it ship-shape, eating — either on the boat or ashore — shopping, navigating, nature study, sketching, reading, photography, fishing (see opposite), exploring, playing games and just enjoying the cruise.

Is it easy to find moorings?

There are plenty of moorings along the banks, and you should never have any difficulty in finding a good one. The crew will soon develop a mooring technique while the captain slows the boat and gently brings it in to the bank.

How do we choose a base and a route?

We have six bases: Aynho, Great Haywood, Market Harborough, Trevor and Wootton Wawen on the canal system, and Earith on the River Great Ouse. The countryside and the waterway round each base has its own particular flavour, but for your first holiday you will probably want to choose the starting point you can get to most easily: remember, we offer free parking for your car. The route that you choose will depend on the time you have available and how energetic you feel. You will find descriptions of our bases and the routes you can take from them on pages 8-19.

We also offer one way trips between some of our bases — see page 7.

What about the sleeping arrangements?

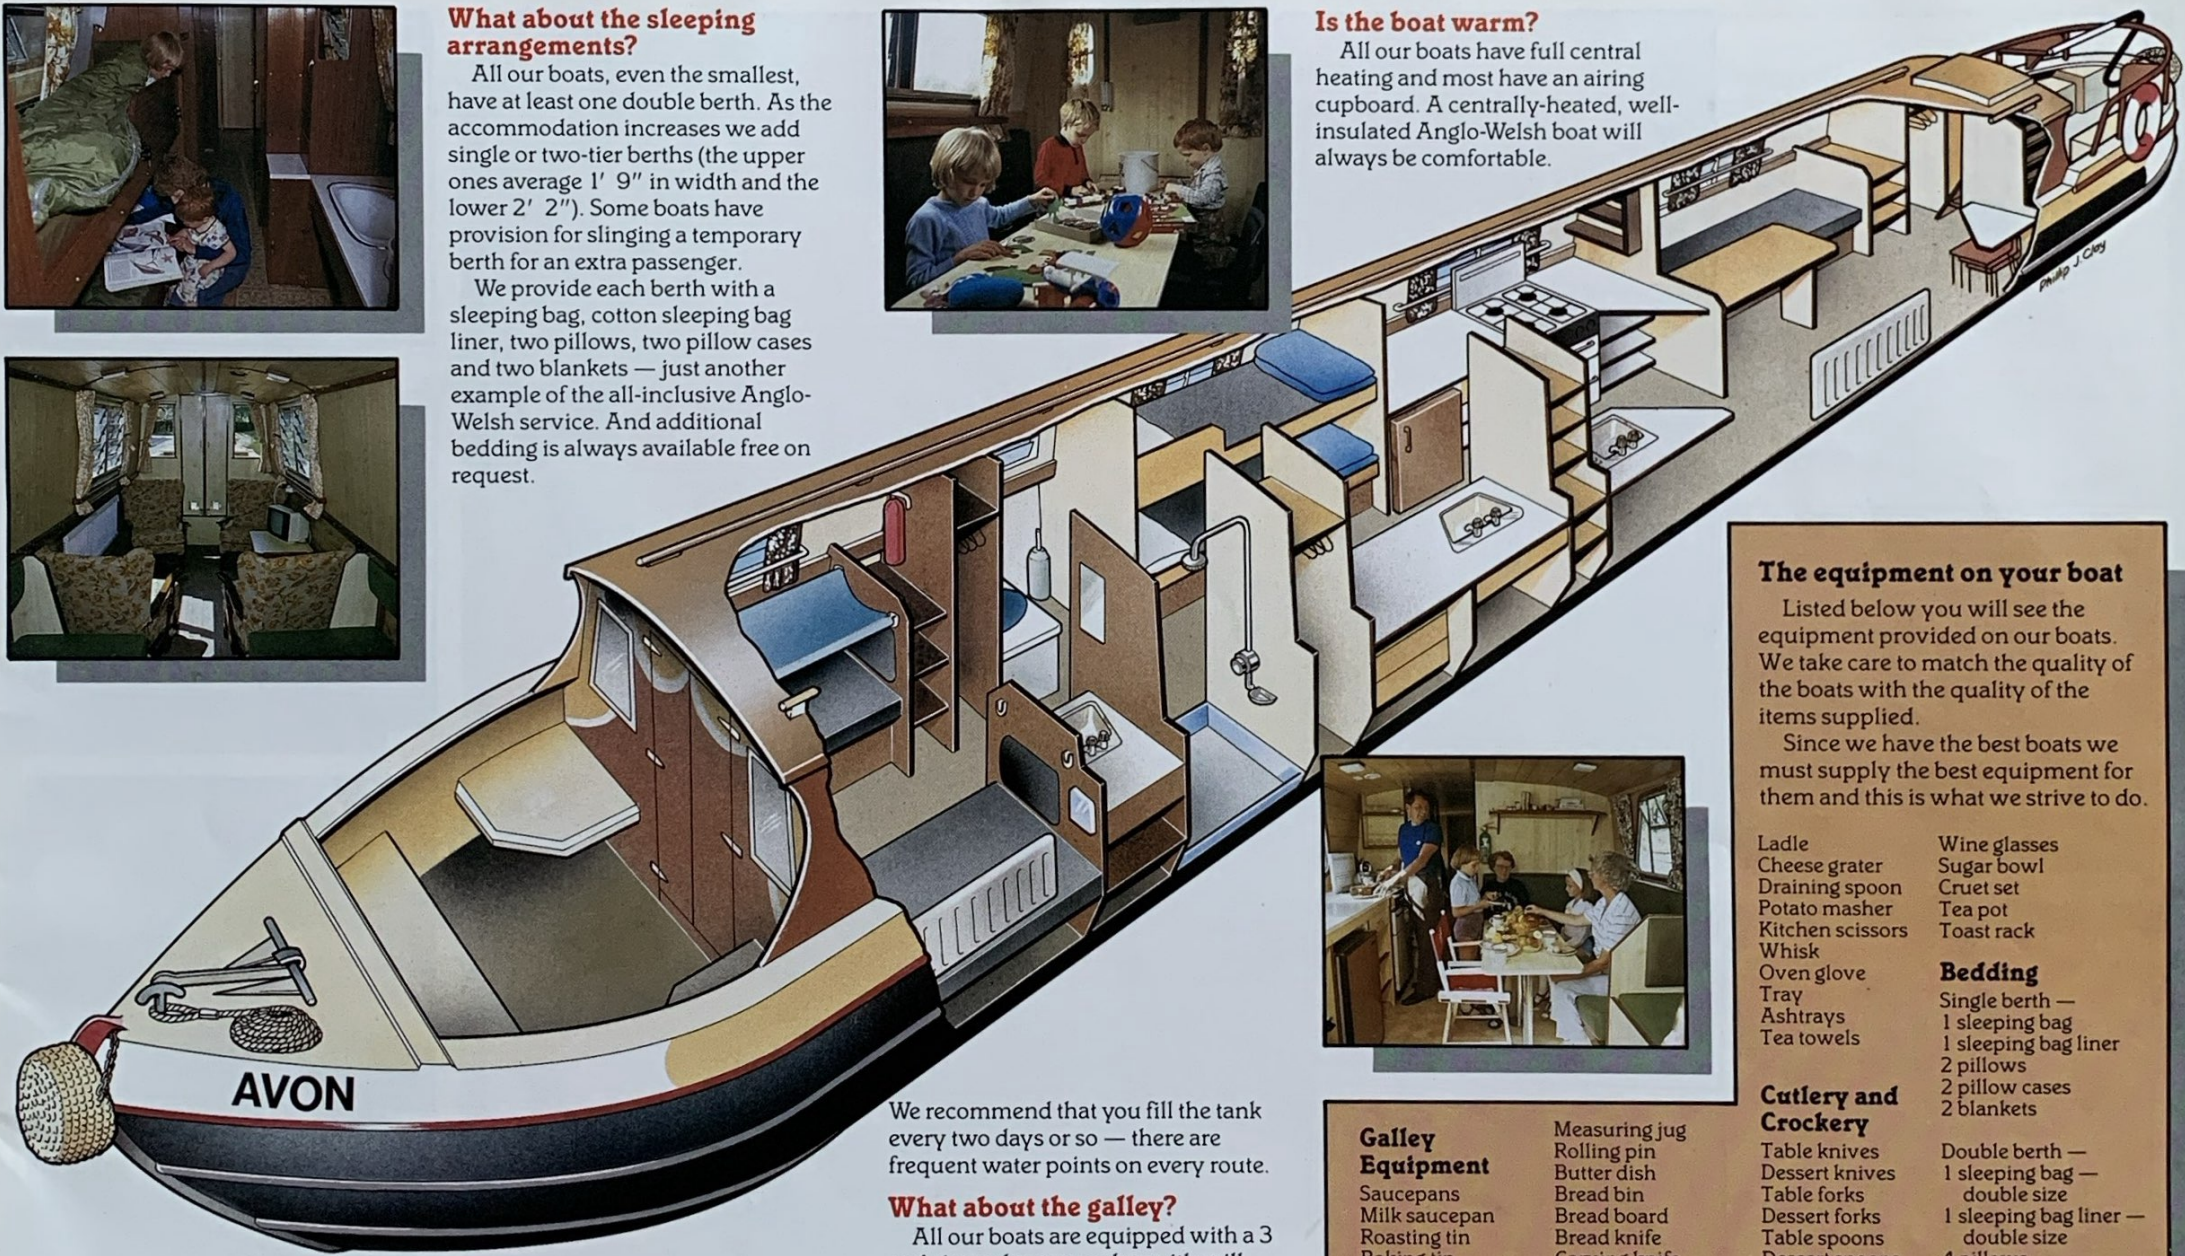

All our boats, even the smallest, have at least one double berth. As the accommodation increases we add single or two-tier berths (the upper ones average 1' 9" in width and the lower 2' 2"). Some boats have provision for slinging a temporary berth for an extra passenger.

We provide each berth with a sleeping bag, cotton sleeping bag liner, two pillows, two pillow cases and two blankets — just another example of the all-inclusive Anglo-Welsh service. And additional bedding is always available free on request.

Is the boat warm?

All our boats have full central heating and most have an airing cupboard. A centrally-heated, well-insulated Anglo-Welsh boat will always be comfortable.

The equipment on your boat

Listed below you will see the equipment provided on our boats. We take care to match the quality of the boats with the quality of the items supplied.

Since we have the best boats we must supply the best equipment for them and this is what we strive to do.

We recommend that you fill the tank every two days or so — there are frequent water points on every route.

What about the galley?

All our boats are equipped with a 3 or 4 ring calor gas cooker with grill and oven, fridge, sink and draining board, and plenty of working surface. There is a full complement of hotel-standard crockery and kitchen utensils — you'll find a list on this page.

We can arrange groceries to be delivered to your boat if you wish — see page 25.

What about the lavatory?

All our boats have at least one WC; the larger ones have two. There's no mystery — boat lavatories are similar to those on coaches and aeroplanes. They are clean, reliable and easy to use.

What about the washing arrangements?

All our boats have separate wash basins with hot and cold running water, and a 240V shaver point. Most have a separate shower, and folding doors for privacy. The more people there are on board, and the cleaner they are, the more water you will use!

One-way Cruises

More canal for your money

For 1985, we're offering one-way cruises between Trevor and Great Haywood on Henley, Kennet, Crinan and Stirling class boats and between Market Harborough and Wootton Wawen with a Drayton and a Kennet. If you book a one-way cruise, contact us the Monday before you're due to start to find out in which direction you'll be going. You park at the base where your cruise will finish, and we take you to your starting

Please note base discounts do not apply.

Short Breaks

Waterway Mini-Cruises

If you have less than a week to spare — or you'd like to try a short cruise before booking your main holiday — you can take either a Weekender (3pm Friday — 3pm Monday), or a Midweeker (10am Tuesday — 10am Friday). Short breaks can be booked in advance in the usual way. (See page 25).

We have a Crinan class boat available at each of our bases (Crystal Waters at Earith) — ideal for a party of 4 or 6 — and a 2-berth boat at Wootton Wawen.

Prices for the 6-berth are:

	Midweeker	Weekender
March, April & October (except 5/4-12/4):	£120	£185
5/4-12/4, May & September (except 24/5-31/5):	£145	£225
24/5-31/5, June, July and August:	£195	£300

Halve these prices for the Wootton Wawen 2-berth boat. Please note base discounts do not apply.

OUR BASE AT

Aynho

Aynho is on the junction of the B4031 and A41, south of Banbury. It is at the heart of the Oxford Canal, a beautiful waterway passing through quiet Cotswold countryside. the Oxford is one of the oldest canals in the country, planned before 1770 and opened on New Year's Day 1790. It offers delightful cruising on its winding way from Napton Junction — on the Grand Union Canal, at its north end — to the Thames at its south. You'll find sleepy stone built hamlets with cosy pubs, ancient churches, and quiet village greens offering a gentle welcome to the visiting canal traveller.

OUR BASE AT

Earith

Earith lies on the A1123 some 10 miles east of Huntingdon. The navigations of the Great Ouse, Cam, Nene and Middle Level are among the oldest in England, dating back to the time of Cromwell. We chose our base at Earith because it is at the centre of these waterways — which you will find to be uncrowded, in parts remote, and yet with many delightful towns and villages on their banks, almost all with welcoming pubs and ample moorings.

If you are looking for a lock-free holiday, cruise Eastwards from Earith. There are only three locks in over 150 miles of river cruising on the Lower Great Ouse, Cam and their tributaries. Yet moorings are easy, whether in the remote countryside of Whissington Lakes or near the centres of Ely and Cambridge — and the scenery is delightful.

Market Harborough is on the A6 between
Kettering and Leicester. Our base is at the
end of the Market Harborough branch of
the Leicester canal which connects the
Grand Union (at Norton Junction) to the
Soar navigation at Leicester. The Leicester
canal is probably the most remote and rural
of all our waterways, and if you're a novice,
the first leg of the trip to the Foxton flight of
locks is an ideal introduction to handling
the boat. At Foxton Junction, you can
continue north to the Soar, or south on the
Leicester Summit Level, where the canal

Trevor

Trevor lies half a mile north of the A5, 5 miles East of Llangollen. Here you will find what is undoubtedly the most breathtaking feature of the whole inland waterways system — the Pontcysyllte Aqueduct — Thomas Telford's masterpiece of 1801 which carries 1,000 feet of the Llangollen Canal 120 feet above the River Dee.

Travel east towards Ellesmere, and you will cruise through the wild and beautiful scenery which leads to the Shropshire Union. Travel west to Llangollen to see the Horseshoe Falls built by Telford. The canal cuts through dramatic Welsh countryside; through mountains rising over 2,000 feet and land falling away into the valley of the River Dee.

OUR BASE AT

Wootton Wawen

Wootton Wawen lies on the A34 north of Stratford-upon-Avon. Of all our bases, Wootton Wawen in the heart of the Shakespeare country offers the greatest variety of routes. It is an easy day's cruise from Stratford-upon-Avon, where you can moor in the gardens by the Shakespeare Theatre and explore the old town. From here you can travel southwards through the Cotswolds to Evesham and Tewkesbury, or north again through the heart of England to Birmingham or Warwick.

Wootton Wawen is on a canal owned and operated by the National Trust. We pay a substantial sum to the Trust each year for the use of the canal, and we therefore charge £7 per booking from this base to help toward the extra cost.

**OPEN 7 days a week April to September
9.00-5.30 — 5 days a week the rest of the year.**

Silver 4 – Sleeps 4

Great Haywood, Trevor & Wootton Wawen
Our SILVER 4s are without doubt the most luxurious 4-berth boats on the inland waterways today. They have a lounge with comfortable armchairs, fitted carpets, stereo radio, full central heating, two double berths (or a double and two singles) and many other luxury features. With hire fees exceeding £500 per week in high season they are not cheap, but to the discerning canal traveller they represent real value, since such excellence is simply not available elsewhere.

Electric Drive

To achieve the ultimate in passenger comfort we have fitted our SILVER 4 at Trevor with battery electric drive. Vibrationless and almost silent, the electric SILVER 4 introduces our customers to a new world of canal travel. The batteries last 20-25 hours (2-3 days) and we have set up overnight charging points on selected routes – marked ✓ on pages 16 to 17.

When should we book?

The sooner you book the better — you may have difficulty in getting the boat or the week you want if you leave your booking until the spring. However, we have a large fleet so it is always worth a telephone call to see if we have a boat available.

When is the booking office open?

8.30am to 6.00pm on weekdays, 9.00am to 5.00pm on Saturday and 11.00am to 5.00pm on Sundays.

How do we book?

Phone us at Market Harborough on 0858-66910 to check that the boat you want is available; we will then hold it for seven days. Once we receive your signed booking form and 20% hire fee deposit, your holiday booking is firm.

What happens if we cancel?

If you cancel, you are liable for the balance of the hire fee unless we can re-let the boat. For full protection, join our unique cancellation scheme — see inside back cover.

When should we pay for our holiday?

Please pay the balance of your hire fee 21 days before your holiday starts. We will send you a reminder well in advance.

Can we pay by credit card?

You are welcome to pay by Access, Eurocard, or Mastercard.

What is included in the hire fee?

The hire of the boat and all its equipment including bedding, VAT at 15%, fuel (battery recharge on electric boats), gas, car parking toilet pump-out, buoyancy aids if requested.

What is not included in the hire fee?

Cancellation scheme (See inside back cover).

Extra passengers

£17 per week for each extra adult, £8.50 for extra children aged 4 to 13. Children under 4 travel free.

TV hire

£7 (black and white) or £16 (colour) per week. If you bring your own TV set, it should be fitted with a 2amp 3-pin plug — 12 volt ONLY.

Can you supply groceries?

We send you an order form four weeks before your holiday. Please note that you must pay us for groceries supplied before you start your cruise.

Do we have to pay for waterways licences?

All our boats are licenced for the waterways on which they normally operate. If you wish to visit other waterways, such as the Thames or the Avon, you will have to pay for a visitor's licence. Our route notes tell you if extra licences are needed. (See pages 8 to 19).

Can I bring a party?

We welcome parties, but we do insist on adequate supervision. For youth parties we recommend one adult for every four children.

When do we collect and return our boat?

All our holidays start at 3.00pm on Saturdays. You must be back at the base in time to clean and vacate the boat by 10.00am on Saturday — this gives us time to prepare the boat for the next hirer. If you hire the **electric boat**, you must be back at Trevor by 5.30pm on Friday for recharging over night. But you need not vacate the boat until 10am on Saturday.

AGENTS STAMP

CONDITIONS OF HIRE

1. Booking

A boat is **booked** when we have received your completed and signed booking form, with 20% (to the nearest pound) of the total hire fee as shown in the price list, and sent you an acknowledgement of booking.

2. Balance of Hire Fee

The hirer is responsible for the whole of the hire fee and the **balance** must be paid at least three weeks before the date on which the hire is due to begin. Should the hirer cancel the booking, we will make every effort to re-let the boat at the full price. If we are unsuccessful the hirer remains responsible for the balance of the hire fee. If we are successful we charge the hirer 15% of the total hire fee, plus VAT, for obtaining a re-letting. We urge you to take part in our cancellation scheme.

3. Value Added Tax

The hire fees shown on the price lists are inclusive of VAT at 15%. If the rate of VAT should change, we will adjust the hire fee accordingly. We show the 'tax point' of your holiday on the acknowledgement of booking.

4. Cancellation Scheme

4.1 Unless you take advantage of the cancellation option set out in Condition 4.2 below you will be liable to us if you cancel your booking for the loss suffered by us as a consequence. If we are unable to relet the boat our loss will be the entire hire fee. If we can re-let the boat our loss will be mitigated by the charges paid on such re-letting but you will be liable for an administrative charge on re-letting of 15% of the hire fee applicable to your booking.

4.2 If you indicate on the Booking Form that you wish to have the benefit of the cancellation option and provided you pay the appropriate fee at the time of making your booking you will have the following additional rights:-

- (a) to cancel without showing cause at any time up to eight days before the booked commencement date for your holiday and to a complete refund of all sums you have paid to us by way of hire charge
- (b) to cancel without showing cause during the eight days before or on the booked commencement date for your holiday subject to payment at the time of cancellation of 50% of the total hire fee. Anything previously paid to us on account of hire fee or deposit will be taken into account for this purpose.

4.3 No notice of cancellation will be effective unless given in writing.

4.4 Notice of cancellation is deemed given when actually received by us. In order to avoid disputes or misunderstandings you are recommended to give notice by Recorded Delivery Post or Tele-message.

4.5 The sums payable for the cancellation options are shown on page 27.

5. Lettings to Persons under 18

We will not let a boat to a person under 18 years of age.

6. Return of Boats

You must return the boat to the base by 9.00am on Saturday (electric boats 5.30pm on Friday) and vacate it by 10.00am in a CLEAN condition. The hirer is responsible for reaching the agreed finishing point at the stated time. We reserve the right to charge up to £25 if the boat is returned dirty or late.

7. Damage Deposit

A damage deposit of £25 will be collected when you come to take over your boat. It will be paid back to you when you return from your holiday provided that you bring the boat back on time, undamaged and without a third-party claim against you. You will be held responsible for any damage or loss to the boat or its equipment up to the value of your damage deposit. This is the limit of your liability.

8. Repairs

Repairs are our responsibility, and should not be put into the hands of others without our authority.

9. Delays

We cannot be held responsible for any delays or non-fulfilment of programmes caused by breakdown, unforeseen defects, obstructions, or repairs to either our boats or the inland waterways system. We also reserve the right to restrict the cruising area without notice if unusual conditions arise, and we can make no financial adjustments in any of these circumstances.

10. Accident

The hirer is in complete charge of the boat, and is responsible for its safe navigation. In the event of an accident, you must notify us at once with full details and names and addresses of witnesses. IN NO CIRCUMSTANCES SHOULD ANYONE ADMIT ANY LIABILITY.

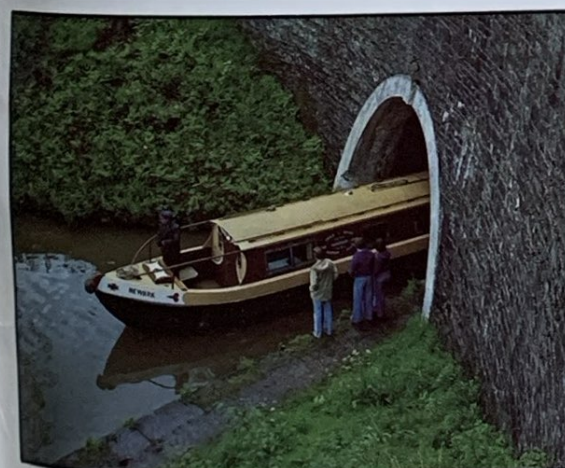

11. Hirer's Property

We cannot accept any liability for loss or damage to hirer's or passengers' property, baggage, motor cars, etc. however caused. We regret that property left on boats can only be returned after receipt of agreed postage and packing charges (minimum charge of £2).

12. Company's Reservations

Please note:

- 1 We reserve the right to refuse to hand over a boat to any person who, in our opinion, is not suitable to take charge of it. In this event all money will be refunded in full and the hirer shall have no other claim against us.
- 2 If, owing to circumstances beyond our control, we are unable to provide the boat booked or a suitable alternative, we will refund in full all money paid and the hirer shall have no further claim against us.

Cancellation Scheme

A very special service from Anglo Welsh

When you book a holiday, the last thing you have in mind is having to cancel it. But sometimes the unexpected happens, and it's just not possible to go after all. It is then the last straw if you lose all your holiday money as well.

So for peace of mind, join the Anglo-Welsh Cancellation Scheme. We can safely say it's unique. When you book, you make a small additional payment (see below). Then, if you cancel up to eight days prior to departure **ALL** hire money will be returned to you; if you cancel within eight days prior to departure we return **50%** of the hire fee. However should your cancellation be due to a death or serious illness occurring to any member of the holiday party a full refund will be made up to the commencement of your holiday on the production of a medical certificate or other appropriate document. Without question this must be the safest Holiday Cancellation Scheme available anywhere and we do urge you to take part.

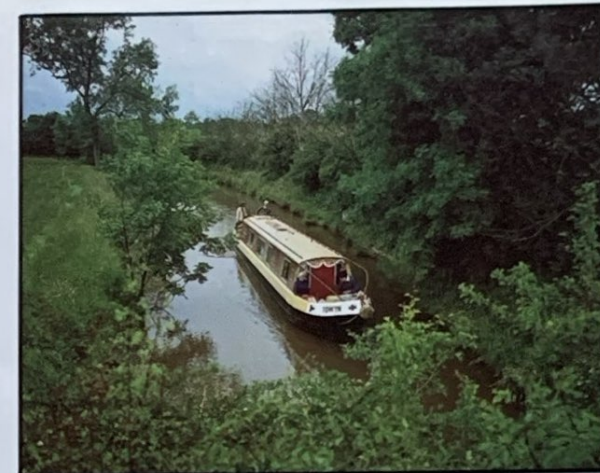

If you do not join the cancellation scheme and you cancel your holiday, you are liable for the whole hire fee unless we are able to re-let the boat, in which case we charge a re-letting fee of 15%.

The cost of the cancellation scheme is as follows:

Hire charge (£)	Premium (£)
up to 150	7
151-250	9
251-350	12
351-450	15
451-550	18
551-650	21
651-750	24
751-850	27
851-950	30
951+	33

Please note:

- 1 You must make the cancellation payment when you book the boat.
- 2 Cancellation covers the whole hiring — we cannot refund part of a fee if a member of your party drops out.
- 3 **We repay ALL hire money** if you cancel up to eight days prior to departure. **We repay 50%** if you cancel during the last eight days.
