CHAPTER I

Thunder & Raindrop

Everyone remembers a rainy day that changed something. For some it was the thunder bold, dark and unforgettable like **Secret** with its spices and white musk. For others it was a single drop on the window pure and shining like **Diamond** with its lemon blossom and warm amber. Different in personality, they meet in rainy weather and Nostalgia begins there in the memory of a storm that felt like a beginning.

CHAPTER II

Rain Whispers

Some memories only come back on a quiet rainy afternoon. It begins with a **Whisper**, a first glance that says everything without a word. Then comes **Charm**, a soft promise in bloom. **Harmony** follows, two hearts finding the same rhythm. A touch of **Seduction** stirs the air and finally **Love Story** is written drop by drop on the window. A love that never needed to be loud.

CHAPTER III

Winter Night

When the rain fades, the night turns cold and the city falls silent. The story begins with **Elegance**, a quiet grace that enters the room without a sound. Then comes **Charisma**, a presence that draws every eye. **Lush Desire** follows, wild and warm like a flame no one can tame. **Lure** whispers from the shadows which is impossible to resist. And at the end of the night, **Royale** takes the crown. This is where Nostalgia ends and where it is remembered.
