

Khaled 
Shaheen
 AVSEC PM

“There are no shortcuts to any place worth going.”
 - John C. Maxwell

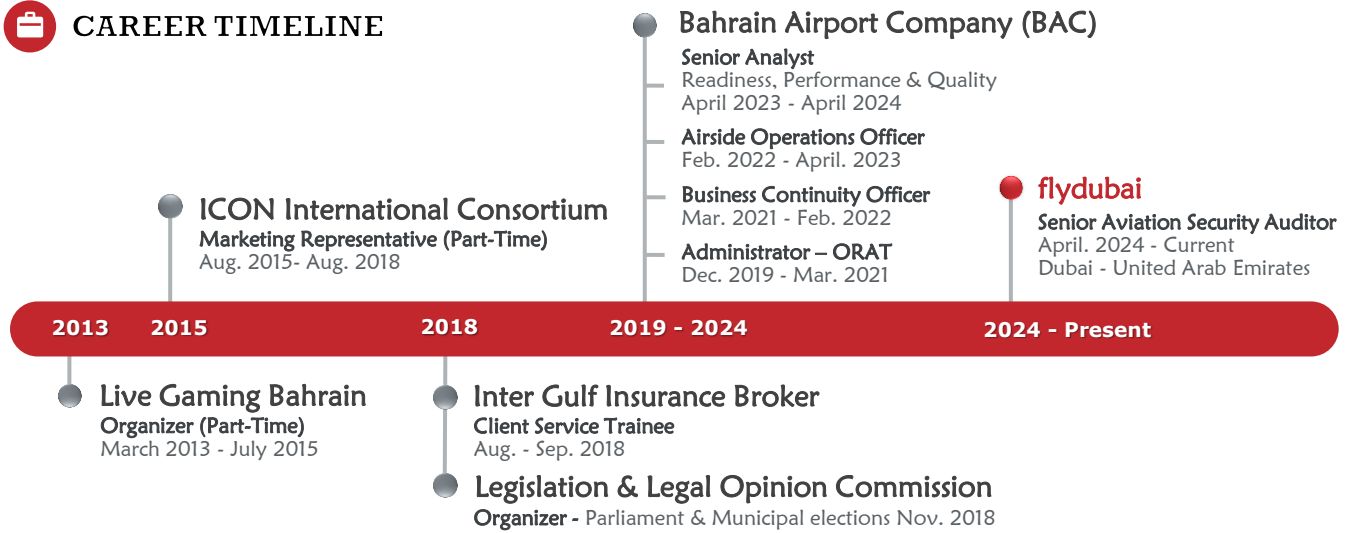

PROFESSIONAL PERSONA

With extensive experience in airport and airline operations, I specialize in regulatory compliance, operational efficiency, safety, and security. I led the successful implementation of Bahrain's ORAT program, overseeing the opening of Bahrain International Airport's new terminal, which honed my project management, process optimization, and strategic planning skills. My global exposure in the airline industry allows me to excel in conducting risk assessments, business impact analysis, and audits following industry best practices. With expertise in quality control/assurance and performance management, I consistently implement best practices to ensure the highest standards of safety and operational efficiency in diverse environments.
