SUMPTERS SOLUTIONS LLC

CAPABILITY STATEMENT

DEFINED SANITATION PROJECT SUPPORT
FOR GOVERNMENT FACILITIES & GOVERNMENT PRIME CONTRACTORS

Specialist-led sanitation support for defined requirements, recurring deficiencies, periodic needs, buildup, and facility conditions requiring focused attention.

COMPANY OVERVIEW

Sumpters Solutions LLC is a Pittsburgh-based small business providing specialist-led sanitation project support for **government facilities and government prime contractors.** We perform defined one-time and recurring projects that address sanitation inconsistencies, accumulated buildup, periodic requirements, and specific facility conditions. Our project-focused model supplements existing custodial operations without requiring additional permanent staffing.

FACILITY PROBLEM & SUMPTERS SOLUTIONS DIFFERENTIATORS

FACILITY PROBLEM	SUMPTERS DIFFERENTIATOR	OPERATIONAL RESULT	CAPABILITY EVIDENCE
Recurring deficiencies requiring focused attention.	**SSOS™ Structured Sanitation Oversight** Assess • Define • Perform • Verify • Document	**Consistency control** Reduces repeat deficiencies and maintains results.	Defined SSOS™ workflow and documented verification.
Accumulated conditions beyond routine maintenance scope.	**Condition-Focused Restorative Capability** Targeted sanitation, extraction, and restorative procedures.	**Condition restoration** Areas returned toward a maintainable condition.	Specialized equipment and defined restorative procedures.
Periodic requirements competing with daily priorities.	**Dedicated Periodic Project Ownership** Direct responsibility from defined scope through completion.	**Requirement completion** Periodic requirements completed on schedule without diverting routine custodial resources.	Defined scope, scheduled completion, and direct accountability.
Specific sanitation gaps within an established custodial operation.	**Incumbent-Compatible Integration** Supplements in-house or contracted cleaning without requiring provider replacement.	**Operational continuity** Defined sanitation gaps addressed while the existing custodial operation remains intact.	Active subcontract performance since 2018.
