OPERAÇÕES GCR-PRESTAÇÃO DE SERVIÇOS E LOGÍSTICA

The statement by OPERAÇÕES-GCR SL underscores our unwavering dedication to fulfilling environmental responsibilities by efficiently managing our environmental performance. We are committed to taking all necessary measures to conduct our business activities in a safe and responsible manner.

Our primary goal is to seamlessly integrate the evaluation, management, and control of environmental issues into our operations, aiming to minimize adverse impacts on the environment and enhance it wherever feasible. This stance by OPERAÇÕES-GCR SL reflects our strong commitment to sustainability, environmental consciousness, responsible procurement practices, and the conscientious use of materials and products, encompassing chemicals, oils, and fuels.

We are committed to :

OPERAÇÕES GCR-PRESTAÇÃO DE SERVIÇOS E LOGÍSTICA

- **Assessing environmental impact** of our operations during planning, design and delivery phases to prevent pollution, protect ecosystems and enhance biodiversity
- **Identifying and ensuring compliance with relevant environmental legislation** as a minimum and, where possible, approved industry codes of practice and best available techniques.
- **Setting and developing environmental objectives and targets** within our sustainability strategy and annual business plans, which are regularly monitored and reviewed to determine their effectiveness and to ensure continual improvement.
- **Improving environmental performance** and increasing awareness of environmental risks and opportunities by providing training in environmental issues to our employees and supply chain.
- **Responding to climate change** through mitigation and adaptation and to promote responsible procurement and resource efficiency across all areas of our influence including our supply chain and clients
- **Integrating sustainable environmental considerations** throughout our design standards and construction practices, having regard to ecological constraints, minimising nuisance, energy and water consumption, use of low environmental impact materials, designing out waste and reusing materials, wherever possible

OPERAÇÕES GCR-PRESTAÇÃO DE SERVIÇOS E LOGÍSTICA

Environmental responsibilities have been defined for all OPERAÇÕES-GCR SL employees and are contained within the 'Sustainability roles and responsibilities' document, available as part of our management system. All employees and contractors are expected to co-operate with ISG in the implementation of the environmental management policy and ensure that their own work is carried out with minimum risk to the environment.

This statement is regularly reviewed to ensure it remains current and appropriate to the purpose and context of the organisation, including the nature, scale and environmental impacts of our activities, products and services
