

The World is Our Neighborhood

*Hospital Santa Teresa,
Comayagua, Honduras 2019*

Babies, Babies, Babies and ...

More babies!

Delivery Day 1 - Container arrives in Comayagua. TEAM Hospital Santa Teresa, Comayagua, Honduras works into the night unloading the container, doing inventory and securing the equipment before staging and installation of the equipment the next day. While our focus for this shipment was maternity, there was something for most areas of the hospital!

Delivery Day 2 - Property clean-up began early. Staging the equipment and installation followed!

The old mattresses go out ...

Replacement mattresses are put to good use in the emergency room and maternity!

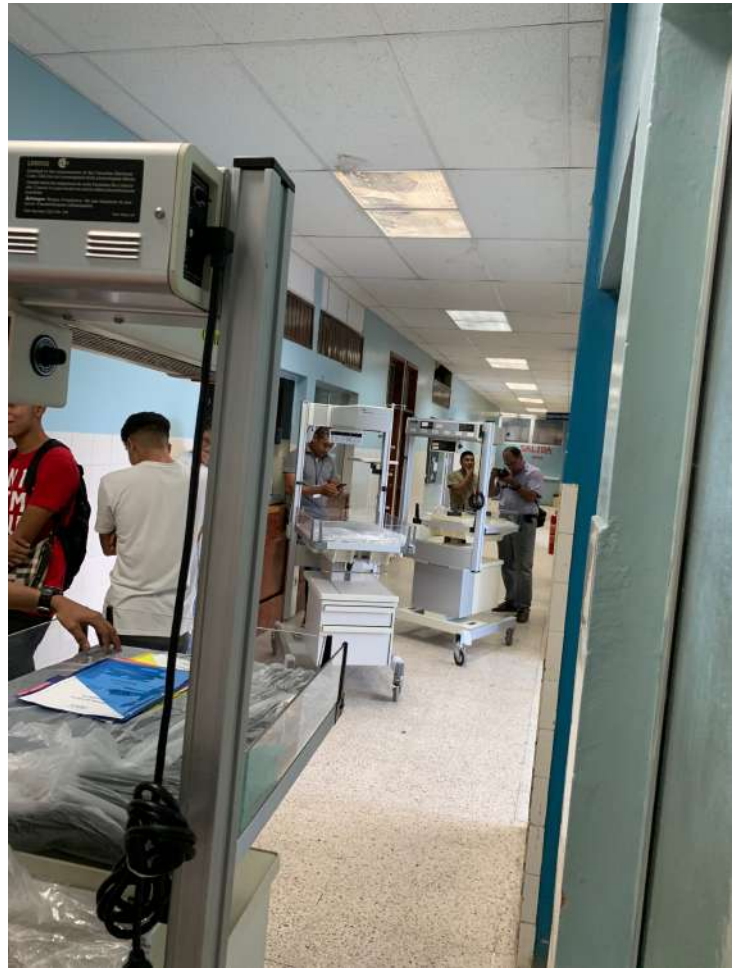

Stretchers come in ...

Minutes later, patients are on the stretchers!

Monitors and baby warmers ...

**Ready to receive babies ...
Lots and lots of babies!**

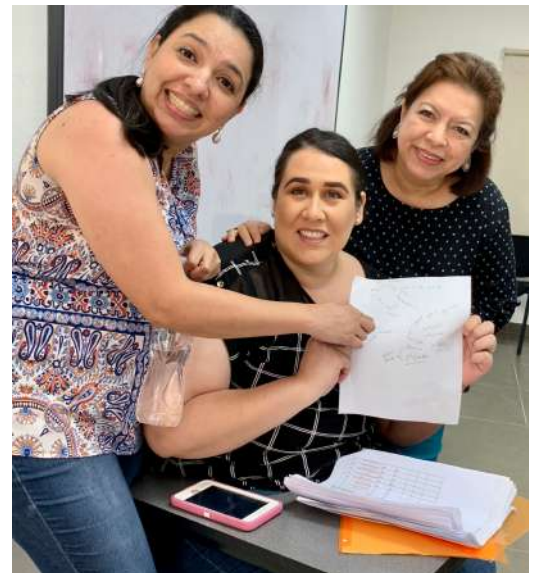

Walkers, wheelchairs, IV poles, supplies and so much more!

X-Ray room assessment for future delivery of X-ray machine

Thank you for the memories ...

Many wonderful, wonderful memories!

Thank YOU Team Comayagua!
