

Take note:

this chart is for use as a printed PDF form only, do not measure directly from the screen(en).

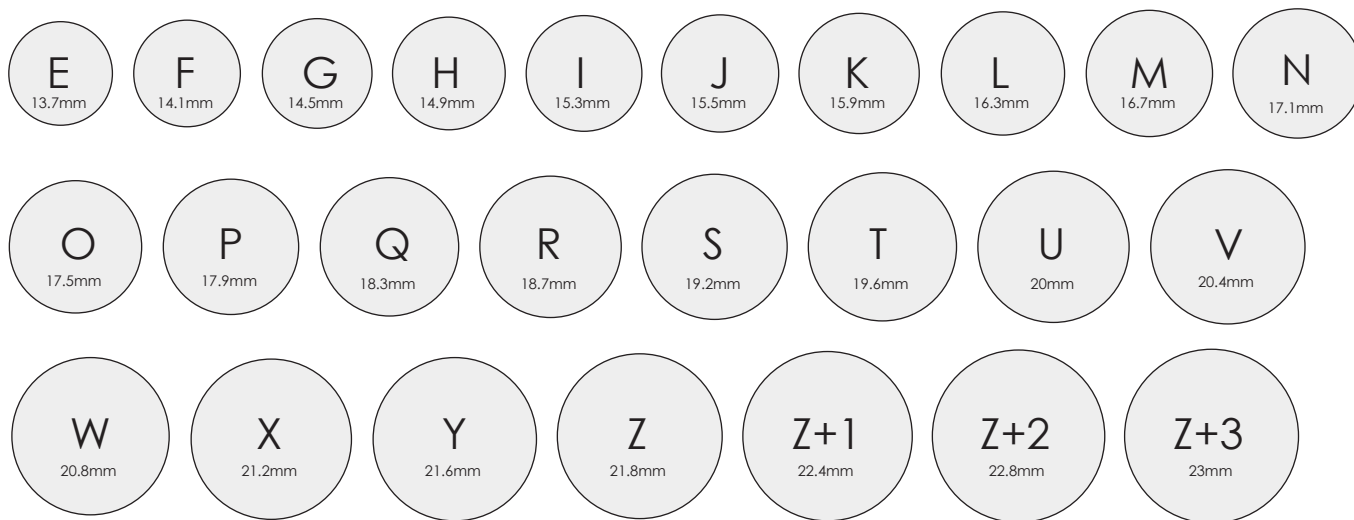

When printing, make the page size is set to 'Actual size' or '100%' in your print dialog box.

Please double check the sizes by using a ruler to measure the 10cm line down the bottom.

Measuring your ringsize from a current ring

INSTRUCTIONS

- 1: Choose a current ring that fits comfortably.
- 2: place your ring on the circles below and find the best match [The circle should match the inside of your ring]
- 3: Use the letter inside the circle that best matches your ring size as guide to fit.

This line should measure 10cm
