Stop and Search

Stop and Search is a valuable tool for detecting and deterring crime if used correctly. All searches are supervised and it is now policy that these searches are video recorded unless certain exceptions arise. In May, Tower Hamlets was the fourth highest area in London for police using their search powers with a positive outcome, with over 7,000 positive searches

What’s been happening?

Rough Sleeper patrols

During this cold weather the ‘Severe Weather Emergency Protocol’ #SWEP has been activated in Hackney and across London. This aims to ensure that anyone sleeping rough has somewhere warm and safe to go. If you see someone sleeping rough in this cold weather please report their location on the following app

ASB

St Katharine’s & Wapping SNT continue to patrol hotspots for Anti-Social Behaviour across this ward and others. We continue to issue ASB Warnings to individuals partaking in behaviour likely to cause nuisance to the public. This includes Community Resolutions and fines for possession of cannabis, which remains among our priorities.

Vehicle Warnings

St Katharine’s & Wapping SNT served several Section 59 Warnings to problem drivers around the area of Shadwell Basin this month. These drivers were identified as using their vehicles in inconsiderate ways, causing ASB and nuisance. Section 59 warnings are a way for police to restrict these behaviours, and confers the power to seize the vehicle should they continue.
