Please state in your own words the likely impact that removing the Wapping Bus Gate will have on our community, particularly in relation to community safety and pollution.

Mayor Lutfur Rahman's approach towards removing the Wapping Bus Gate is in direct opposition to the Mayor of London's 'London environment Strategy'.

Transport for London part financed the installation of the Wapping Bus Gate, and it pre-dates the Liveable Street Programme & LTN initiatives. The Wapping Bus Gate is not a road closure.

The Wapping Bus Gate is timed to deal with rat running from the Highway. At all other times and at weekends it does not operate. The Rat runners do not have to live with the consequences of its removal.

We have until the 27<sup>th</sup> of July to get as many residents as possible to oppose the removal of the Wapping Bus Gate. Please pass onto your friends and neighbours.

## Thank you, Wapping
