## **Star4Live User Configuration**

## NVR User Groups

- Admin: Default super administrator in the system, has full systen access.
- Default: Default user reserved in the system, cannot be created or deleted, and only has access to live view.
- Operator: Has basic permissions and access to cameras.
- Guest: Only has access to cameras by default

## Configuring user rights to the NVR

The administrator will follow the below steps to acces the user rights configuration settings for the NVR:

- 1. Using Internet Explorer, navigate to Star4Live.com
- 2. Click Login and enter your account credentials
- 3. Click Access to access your NVR
- 4. Click Settings>User
