**Let's Have
Fun with Fire
Safety**

FEMA

**U.S. Fire
Administration**

Meet Marty and Jett

Welcome to the USFA's Activity Book where fire safety and FUN start.

U-S-F-A stands for the United States Fire Administration. Our job is to help prevent fires. We want everyone to be safe from fire, including you!

Dear Parents and Educators:

Parents and educators play a vital role in teaching children fire safety and reducing the risk of child-set fires.

This activity book provides children ages 5 through 9 with valuable learning tools about fire safety and prevention. To reinforce the lessons in the book, we encourage you to lead a discussion about fire safety and prevention for children using the following information and fire safety tips:

Fire Prevention

- **Help your parents place smoke alarms on every floor of your home.**
- **Never play with matches, lighters, or candles.**
- **Be very careful around fireplaces, heaters, and electrical appliances.**
- **If you find matches or lighters, tell a grownup.**
- **Always ask an adult to help you cook.**
- **Know two ways out of every room.**
- **Help to plan and practice a family escape plan.**
- **Post emergency numbers near the phone.**

In Case of Fire

- **Don't hide in closets or under the bed.**
- **Stay low and go -- even if that means crawling out.**
- **Don't be afraid of firefighters.**
- **Once you're outside, don't go back in.**
- **Meet your family in the place where you planned.**

For more information on children and fire safety, fire prevention, and protecting your home, please visit us at www.usfa.fema.gov or our children's site at

www.usfa.fema.gov/kids

TheUnitedStatesFireAdministrationthankyouforbringingMartyandJett'sActivity Book to the children in your life.

So turn the page, Junior Fire Marshals, and we'll get started.

My Page

Fill in the blanks

My Name Is: _____

My Age Is: _____

My Town's Name: _____

My Local Fire Department's Name: _____

In Case of Emergency Dial: _____

Coloring Page

Mark your Calendar to change all batteries with new ones at least once a year.

Item Search

- Matches - Lighter - Heater - Electrical Outlet -
- Fireplace - Grill - Radiator - Candles - Iron -

In the pictures, circle the 9 items that are listed above, right, that you should never play with or touch.

Four Steps to Fire Safety

In case of fire, here are four easy steps to fire safety. These four pictures show the best way to escape.

If you hear a smoke alarm in your home...

1) Get out quickly and stay out.

3) Meet your family members at a preplanned safe spot.

2) If there's smoke, stay low to the ground when you exit.

4) Call 911 or the emergency number from a neighbor's place.

The Fire Safety Order Game

Put these fire safety steps in the right order with numbers 1 to 4.

In case of smoke, Stay Low and Go to the nearest exit.

Find Two Ways Out

It's good to know how to escape a fire.

Can you find two ways out of every room in your home?

Make the Right Call

Fill in the correct information, then put this page near a phone in your home.

Post your local
FIRE & RESCUE

number on or
near your telephone,
along with your address
and phone number.

Show your friends
where this information
can be found.

In case of fire or an emergency,
Call:
FIRE & RESCUE

Phone: _____

My address and phone number is:

Address: _____

Phone: _____

Coloring Page

NEVER cook or bake without an adult helping you.

Connect the Dots

Never hide from firefighters.

Don't be afraid of firefighters.

In case of fire, they can help you escape.

Escape Maze

As a Junior Fire Marshal, you can make sure your family plans and practices an escape plan.

Help Jett escape through the maze on this page.

Unscramble the Words

Here are some scrambled fire safety words.

1. _____

yast owl

6. _____

irfegfhrte

2. _____

peacse

7. _____

oskme laram

3. _____

secrue

8. _____

yrtam

4. _____

wot tixes

9. _____

acwlr

5. _____

tryetab

10. _____

fase

Check your answers on page 20.

Draw an Escape Plan

In the large space, draw an escape plan for your house or apartment. Draw arrows to show how to get out. Show your plan to a parent so you can practice it with your family.

Don't forget doors and windows.

In the small space above, draw your room. Then draw arrows to show two ways out.

Coloring Page

Remind adults to keep matches, lighters, and candles out of a child's reach.

Never
touch matches,
lighters, or candles.
If you find them,
tell an adult.

Word Search

Remember: the words go up, down, and all different ways.

Circle these hidden
fire safety words.

alarm

marshal

adult

escape

firefighter

Call

Crawl

plan

batteries

truck

safety

exits

help

ladder

rescue

Check your answers on page 20.

Coloring Page

Smoke alarms should be in or near every bedroom and on every level of your home.

Drawing Page

Draw a picture of yourself staying low as you exit your room.

Fill in the Blanks

Choose the right word from the list below to fill in the blanks.

smoke alarms two escape door low dangerous loud neighbor's

1. Find at least _____ ways to get out of every room.
2. Stay _____ to the ground when escaping during a fire.
3. Help your family place _____ in your home.
4. Smoke alarms make a very _____ beep to warn you of a fire.
5. Fire is _____.
6. During a fire, always remember to feel a _____ before opening it.
7. After you meet your family outside, call 9-1-1 or the emergency number from a _____ place.
8. An _____ plan can save your family.

Check your answers on page 20.

Important Things to Remember

Fires can be loud, burn very fast, and smoke can make a room very dark.

That's why good escape plans help you get out quickly.

Here's how to help your family with an escape plan.

1. Try to find at least two ways out from every room in your home.
2. Every way needs to be planned and practiced with grownups.
3. Remember to stay low and go.
4. Before opening a door in a fire, feel it first. If it's hot, there may be fire on the other side. Do not open the door. Try to get out another way.
5. Pick an easy-to-remember, safe place outside to meet your family after you get out.
6. Call 9-1-1 or the emergency number from a neighbor's place.
7. Stay outside no matter what. Don't go back in for anything!

A Message to Families

Welcome to SESAME STREET Fire Safety Station. This coloring book is part of an ongoing fire safety awareness effort at your child's childcare program. Doing the coloring book with your child is one way to reinforce the importance of fire safety in your home.

Practice fire safety techniques such as "get low and go under smoke" and "stop, drop, and roll if your clothes catch on fire".

Fire safety educators agree that these two messages are the most important ones to teach young children.

Make working on the coloring book a chance to play and practice fire safety behavior with your child!

Use the grid on next page to plan your home fire escape routes. Practice leaving the house using these routes. Hang the diagram where everyone in the family can see it, like on the refrigerator, or another visible place in the kitchen or family area. Fire safety educators recommend that you create an escape plan from every room in your house.

Each page in the book illustrates a particular fire safety message highlighted in the SESAME STREET Fire Safety Station program. These messages include **Plan and Practice Home Escape Plans; Smoke Alarms Warn About Fires; Hot Things Burn; Get Out and Stay Out!; Stop, Drop, and Roll; and Firefighters Rescue People and Put Out Fires.** You will help your child to protect himself if you teach **Hot Things Burn** and **Get Out and Stay Out!** first.

Ask your child to explain "Red Dot, Blue Dot." Play the game in your own kitchen.

Keeping your child safe begins at home—and teaching fire safety is vital to your family's well-being. Let Big Bird, Cookie Monster and all their friends help your child learn fire safety lessons that will last a lifetime.

Message to Highrise

Apartment Dwellers

Families living in highrise apartments may have more of a challenge getting out during a fire. Here are a few simple rules to follow:

- Feel the door to see if it is safe to exit your apartment. Never take the elevator. Only take stairways marked "Exit."
- If the hallway is blocked by heat, smoke or fire:
 - a) go back into your apartment; close and seal the door and any vents.
 - b) try phoning the authorities to let them know your location in the building.
 - c) signal your location by hanging a light-colored piece of cloth from inside a window.
- Be aware of your building's fire escape plan and practice it!

Smoke alarms warn *about* fires

 Remember: When you hear this sound,
It could be there's a fire around.

**Elmo hears a smoke
alarm beeping.
Can you make this sound?
What should Elmo do?**

Hot things burn

 *Hot things burn, so stay away!
Hot things burn,
they're not for play!*

Color the hot things red and the cold things blue. Help your child find other hot and cold things in the house.

Get out *and* Stay out!

 *If there's a fire in your house, or any place you've just been —
Get out! Stay out!
Don't go back in.*

Show Telly the way to the exit. What should you do if you leave your favorite toy inside the house?

Stop, drop, *and* roll

if your clothes catch on fire,

stop,

drop,

and roll.

Practice stop, drop, and roll with Cookie Monster.

**Firefighters
put
out fires
and help
rescue
people.**

This project is made possible by generous support from the U.S. Fire Administration.
