

The Paper Trap: Is the Government Trading Your Body on the Stock Market?

Rich Risings, Royal Family! 🙌

Welcome to the wake-up call you didn't know you needed. If you've been following the work of Don Kilam, you know we don't just talk about "money": we talk about the **system** that governs your very existence. Most people spend their entire lives working for a piece of paper, never realizing that they *are* the paper in the eyes of the corporation known as the United States.

Are you ready to look behind the curtain? Let's dive into the "Paper Trap."

THE LEGAL YIELD: MEET YOUR STRAW MAN

Have you ever wondered why your name is written in **ALL CAPS** on your driver's license, your bills, and your birth certificate? That isn't a typo. It's a legal designation for an entity that is not actually *you*.

In the world of commerce, they call it a **Straw Man**.

The government created a document: a legal fiction: that has your name and your address on it. They then ask you to sign a contract, agreeing that your physical body is represented by this piece of paper they created. Most people sign it without a second thought. But once you sign it, you are effectively telling the government: "I agree that I am this paper."

Here is the catch: The government owns the paper. They created it. If you agree that you *are* the paper, they effectively own you. They can't control the living, breathing man or woman, but they have absolute control over the corporate entity known as your "name" in all capital letters.

THE BIRTH CERTIFICATE: NEW INVENTORY FOR THE CORPORATION

Let's look at the document where it all begins: the birth certificate. If you look at the bottom of that document where your parents signed, you'll notice something strange. It doesn't say "Parent." It says **"Informant."**

Why "Informant"? Because in a corporate structure, your parents were informing the corporation that a new "asset" had just arrived. Think of it like a store manager logging a new shipment of TV sets or Toyotas into the inventory. Your parents, unknowingly, handed over the title of your body to the Department of Commerce.

THE REALITY OF THE DEPARTMENT OF COMMERCE: Your birth certificate is printed on bank security paper. It is a financial security. Because your mother gave birth to you in a hospital (a commercial bay), and you came out of her "water" (maritime admiralty law), you are viewed as a "maritime product."

This is why, if you want to be "born again" in a religious sense, you are dunked in water. You are resetting your maritime status. The corporation owns your body, and it makes money off of you by selling your "value" on the stock market. You are the collateral for the national debt.

THE MECHANIC'S LIEN: WHY THEY WANT YOU DOCUMENTED

Ever wonder why the government is so obsessed with "documentation"? It's not about safety; it's about **liens**.

If a painter paints your house and you don't pay him, he puts a "mechanic's lien" on your property. You can't sell or move that property until the debt is paid. The corporation called the United States does the same thing to you.

When an individual enters this country "undocumented," the corporation cannot easily trade them. They aren't in the system. But the moment they "catch" you and document you, they put a lien on you. You become an "alien": a term used by the corporation to describe someone they have a commercial claim over.

DECODING THE DOLLAR: THE SYMBOLS OF CONTROL

The truth is hidden in plain sight, right in your wallet. If you look at the Great Seal on the back of the dollar bill, you'll see the Eagle. In ancient cultures, the Eagle represented the Sun.

THE WINGS OF POLITICS: Notice the wings of the Eagle. They are unbalanced: a different number of feathers on each side. This represents the two-party political system. You have a **Left Wing** and a **Right Wing**, but they are both attached to the same bird. The bird goes wherever the head tells it to go.

THE COUNCIL OF NINE: At the bottom of the Eagle, there are 9 feathers. This represents the "Council of Nine" in Washington D.C., a hidden layer of governance that many never see.

THE HEX ON YOU: Look at the 13 stars above the Eagle's head. If you connect them, they form a **Hexagram** or a six-pointed star. This is an ancient symbol used to "cast a spell" or put a "hex" on someone. Historically, the six-pointed star was the symbol for the planet **Saturn**.

THE SATURN CONNECTION: SABBATH AND SINAI

This goes deeper than just business; it goes into the very roots of our language and religion.

- **SATURN:** In the ancient Phoenician language, Saturn was called **Shabbat**. This is where we get the word "Sabbath." When people worship on the Sabbath (Saturday), they are historically showing respect to the planet Saturn, the "Lord of the Rings."
- **SINAI:** The etymology of "Sinai" is fascinating. **Sin** was the name of the Moon God in the Arabic world. **Ai** meant mountain. Put them together, and you have **Sin-Ai**: the Mountain of the Moon God.

While Christianity traditionally focuses on the "Sun" (the Light of the World), ancient Hebrew traditions were centered around the "Moon" (which comes out after sundown). This is why their holy days begin at night. It's all based on celestial commerce and the management of energy.

ROME NEVER FELL: WASHINGTON D.C. AS THE NEW EMPIRE

If you think the Roman Empire disappeared, look at Washington D.C.

Caesar ruled from **Capitoline Hill** in Rome. Today, our politicians rule from **Capitol Hill**. Rome had a Senate; we have a Senate. The symbols are identical. Even the fasces (a bundle of rods with an axe), the symbol of Roman authority and fascism, is displayed prominently in the U.S. House of Representatives.

The real power behind the throne? The Vatican and the Jesuits. If you look at high-level political candidates, they are often vetted at Jesuit universities. In movies like *The Godfather Part III*, you see the protagonist being anointed into the **Knights of Malta**, a powerful secret society that operates on behalf of the Catholic Church.

These organizations: the Knights of Malta, Opus Dei, and others: are the invisible threads connecting the CIA, NSA, and the global financial system back to Rome. The "Holy Roman Empire" didn't die; it just went corporate.

THE CHIEF CORNERSTONE: THE EYE IN THE SKY

On the back of the dollar bill, you see the pyramid with the eye floating above it. The Latin phrase *An-nuit Coeptis* means "Our enterprise is successful." The enterprise they are talking about is the **Novus Ordo Seclorum**: the New World Order.

Most people call the eye the "All-Seeing Eye of Lucifer," but in Hebrew tradition, the Messiah is referred to as the **Chief Cornerstone** that the builders rejected. A "Chief Cornerstone" isn't a block at the bottom of a building; it's the capstone of a pyramid. If you cut the top off a pyramid, you have a smaller, perfect pyramid. That is the Chief Cornerstone.

The light emanating from that eye represents the "Sun" or the "Son": the light of the world: used as a symbol of supreme intelligence and commercial oversight.

HOW TO BREAK FREE FROM THE PAPER TRAP

The whole system is based on **Commerce**. Religion is a business. Government is a business. Even your identity has been turned into a business.

Once you understand that you are being traded as a commercial product, you can begin the process of reclaiming your sovereignty. You have to learn how to move from the **Public** side (where you are a debtor and a corporate asset) to the **Private** side (where you are the master of your own estate).

The government realizes that people are waking up. That is why they implement "terrorism" laws and tighter restrictions: to scare you back into the pen. But the truth cannot be hidden forever.

Don't let the "informant" on your birth certificate define your destiny. You are not a Toyota. You are not a TV set. You are a living, breathing sovereign. It's time to act like it.
