

The Austin Fly Angler team is excited to announce the 4th annual Flies and Flame .....now Holiday Expo. Please mark your calendars for November 19, 2022.

AfA founders Trey Webb and Scott McGuire continue to bring the Central Texas fly fishing family together with the annual Flies and Flames event. Our passion and pursuit on the water, along with spending time with our fishy friends is stronger than ever.

The annual event site in Bee Cave Texas is at Star Hill Ranch. We will continue marry the Central Texas fly fishing community with great local food and libations. The formula includes top of the line vendors booth and product displays. Look for fly tying, casting and cooking classes, food sampling, some local music, plenty of Twisted X Beer and Treaty Oak spirits.

Let's talk soon to confirm your participation, collaborate on ideas for additional fun and opening up the event to more creative partners.

Consider this YOUR invitation as a partner to this year's party! Call to discuss the fun and outline your participation.
