# YOUTH FILM PROJECT

## 16- TO 25-YEAR-OLDS IN PENRITH? GET INVOLVED!

Younger people are those most likely to be affected by climate change yet your voices are often not heard. This new project wants to work with people between 16 and 25 who live, work or study in Penrith to "take over" Green Screen events.

**Attend Green Screen events with some free tickets available.**

**Choose and deliver films for the Green Screen series this year, building knowledge and understanding of climate change**

**Help with panel discussions and develop publicity for the films, developing media and communication skills.**

**Be on the steering group for the project.**

**Help produce a 5-10-minute film about your views to screen at the cinema, on social media, in schools and community group settings.**

**Influence decision making and taking action in our communities on environmental issues.**

**@greenscreenpenrith**

**CONTACT US: Email: [greenscreenpenrith@gmail.com](mailto:greenscreenpenrith@gmail.com) - The project is supported by a Zero Carbon Cumbria grant until September 2025.**
