

Wickenden Family in Long Delayed Reunion

Gathered in Granville Inn for the week-end is one of the most distinguished families of Denison university alumni and former students. The Wickenden family, all natives of Toledo, attended Denison for the first two decades of this century. All four sons and three of the four daughters of Thomas R. Wickenden, civil engineer, are Denisonians and five of those seven attending the Baptist college married former Denisonians. Naturally, their choice for a reunion was the spot that meant much to them earlier. This family gathering is the first time each has been accompanied by wife or husband and the first all eight Wickendens have been together in 15 years. Seated are the brothers and sisters with in-laws standing in the same order.
