gone away from your family
It was good to see everyone
again. These girls now
seem more like the
friends I've had all
my life though &
the others more strangers.

Nicki is on the train
too I'm going back
to say goodbye to
her in a little while
and then in a little
while I'll be in Thedmore.

From the tales everyone
has had a wonderful
vacation but none could
be better than mine
and it centered around
that Sunday with you
darling. Please Tommy

④

don't worry about
me. I think our plans
are wonderful & wouldn't
want to change them
for anything in
the world. Please be
careful darling for
if anything happened
to you I'd never
forget it!

Well Tommy I must
close now for paper
& words are running
short. I love you
& think of you &
miss you so so
much darling

Please don't worry
Forever
