NYOrtho

9597-VSC

3-Layer Visco Cushion

The **NYOrtho APEX™ VISCO Cushion** features a pressure balanced, 3-layer body with a stretch cover that improves moisture evaporation, enhancing APEX™ design features.

3-layer visco cushion

RECOMMENDED USE

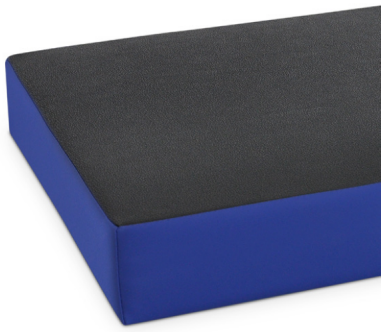

Patients at risk for pressure ulcers.

FEATURES

- Balanced, 3 layer APEX Visco design cools and reduces body interface pressure.
- A soft visco entry layer cushions medium and high density layers that provide support and pressure distribution.
- Pressure reducing fabric promotes healing via active evaporation of moisture and cooling at patient pressure points.
- Antimicrobial, water-resistant and mildew-resistant.
- Aggressive non-slip bottom with easy to attach quick-release straps keep cushion in place.
- Meets CA 117-2013 standards.
