# Hikvision Interactive Flat Panels Display

The next generation of digital technologies is transforming the way people live, work, and study. And now, interactive flat panels have emerged to meet the needs of today's customers. In settings where communication and collaboration are necessary, daily requirements, such as **office meetings** and **classrooms**, interactive flat panels can elevate efficiency and bring everyone together.

Here, Hikvision's products take the lead with flexible, multi-functional applications featuring **ultra-4K resolution, accurate on-screen writing, built-in whiteboard software, smart meeting, and free projection.**

## Why Choose Hikvision's Interactive Flat Panels Display?

### Outstanding Imaging

Featuring cutting-edge technologies, Hikvision's interactive flat panels display offer an outstanding visual display for a variety of professional needs such as conferences, instruction, and more.

- 4K resolution and display with anti-glare glass for optimal viewing

- Filter more than 50% of the ultra-shortwave light to protect your eyes – without sacrificing color

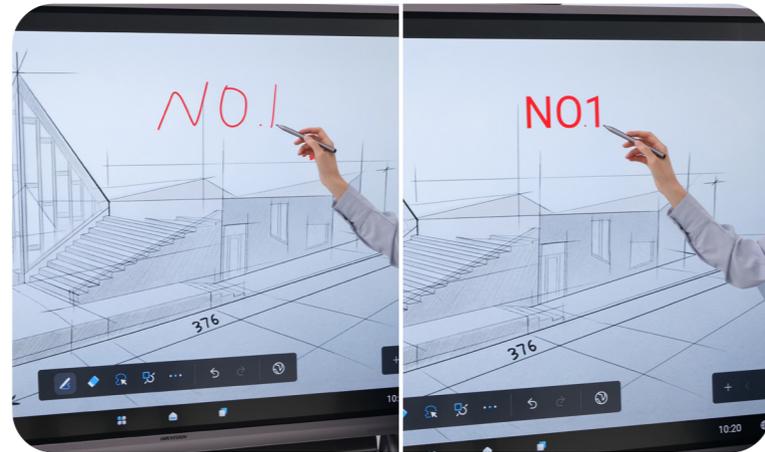

### Advanced Collaboration

Advanced and flexible collaboration is the greatest strength of Hikvision interactive flat panel, boosting efficiency for teamwork and productivity.

- Flexible projection capabilities such as wireless, group display, and reverse projection.

- Smart whiteboard with intelligent recognition of text and geometric shape

### Tailored Solutions

Integrating with equally powerful products and software, Hikvision can offer ready-made solutions for conferencing and education, inspiring more convenient connections anywhere you need it.

**Audio and Video Conferencing Solution:** Foster and improve team work for small, medium and large-sized conferencing

### Central Management

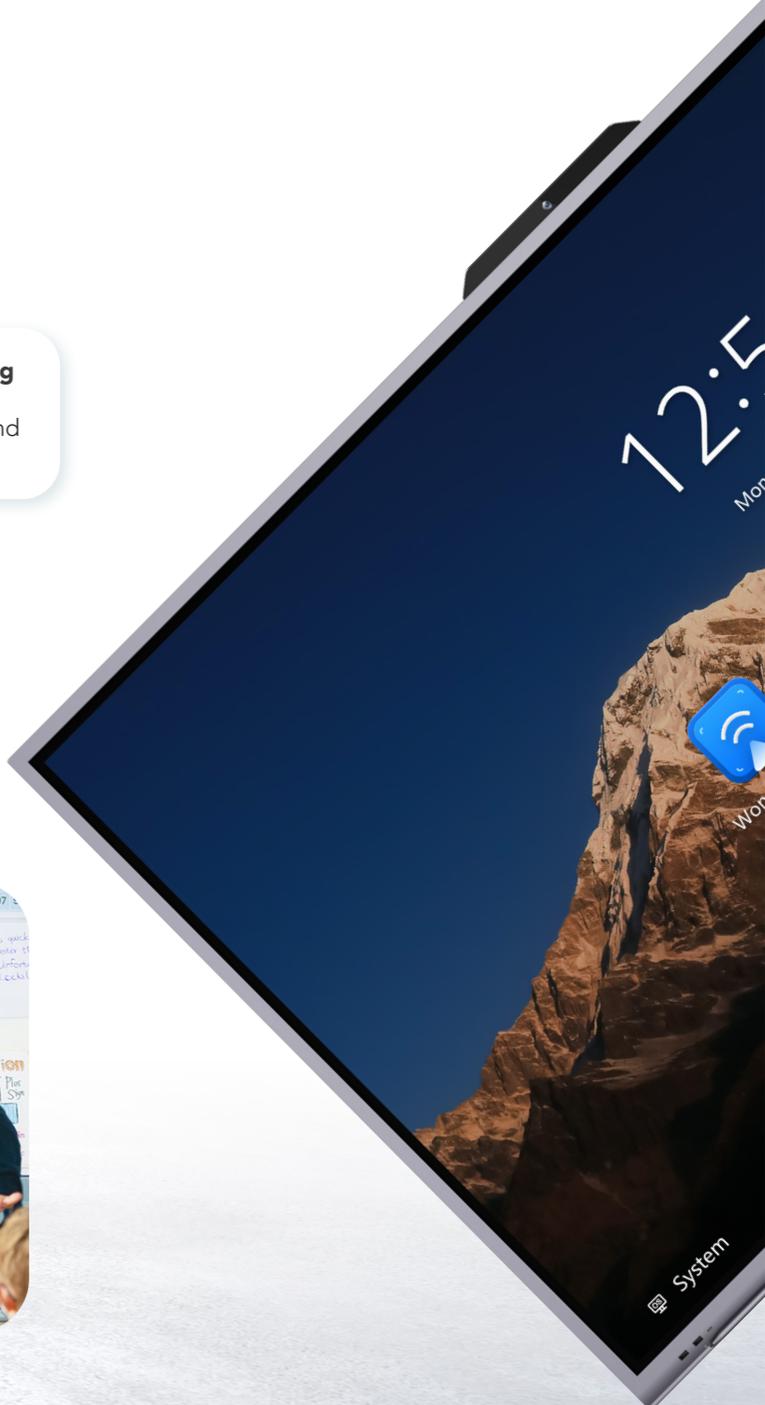

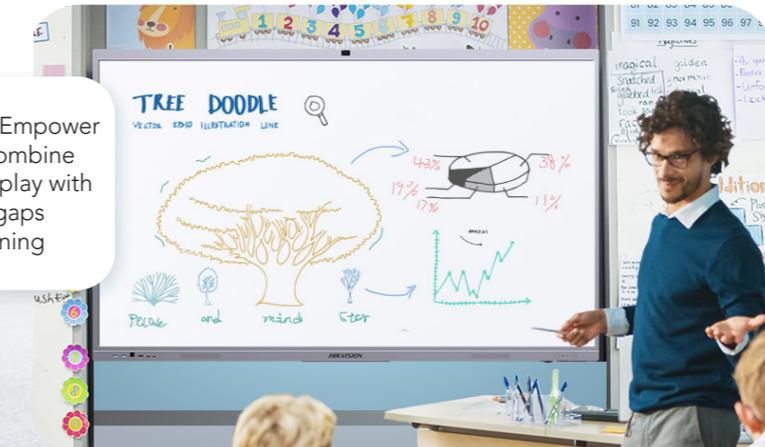

Central management can enhance administrative efficiency along with instructioncontrolling parameter settings, information display, video release, and rapid installation of applications.

- Remote Batch Power Off
- Remote Batch App Installation
- Remote Batch Image
- Remote Batch Message
- Remote Batch Video
- Remote Batch Firmware Upgrade

HikCentral Focsign

**Classroom Hub Solution:** Empower more activities when you combine an interactive flat panel display with digital tools, bridging any gaps between teaching and learning

# Key Functions

## Digital Whiteboard

Hikvision's interactive flat panel displays support smart whiteboard functionality with intelligent handwriting recognition and various built-in tools. Built-in browser and multiple file-read capabilities enhance the whole experience.

## Flexible Projection

Flexible projection can be enjoyed via **Wonder Cast app, Airplay, NFC, and dongle**. Users will enjoy the simultaneous projection of **up to 4 devices**. Moreover, reverse projection can help integrate laptops with the interactive flat panel display

Simultaneous Projection of **Up to 4 Devices**

## Audio and Video Support

Equipped with an 8 MP camera and a 8-microphone array, flexible remote communication is guaranteed with clear audio, stable voice connection, and high-quality imaging.

## Dual-system Switchover

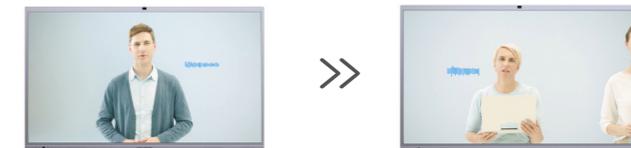

Users can switch between their dual systems with just on click.

- Built-in Android 13.0 by default
- Insert optional OPS for Windows compatibility

## Speaker Tracking

Zoom automatically to show the current speaker.

## Auto Framing

Adjust view automatically to show all participants on the screen.

# Conference Solution

- **Through Arc Pen Slot**  
Convenient and fashionable pen holder
- **Highlighted Ink Screen Logo**  
Delicate texture, business style
- **Matte Powder Coating**  
Matches the color of the whole device
- **Full-feature USB Type-C**  
Connector charges, projects, and transmits data
- **Newly Designed Pen**  
TPU nib material for fluent writing and fall-protection.

- **8 MP Camera and 6-microphone Array**  
Automatically frames subject and centers speaker audio and cost-effective
- **High Color Gamut**  
≥ 90% color gamut for outstanding display effect
- **Bracket Upgrade**  
Beautiful and elegant, easy to install, and cost-effective
- **Elegant Appearance**  
150 mesh ultra-fine sandblasting (comparable to a laptop's texture)

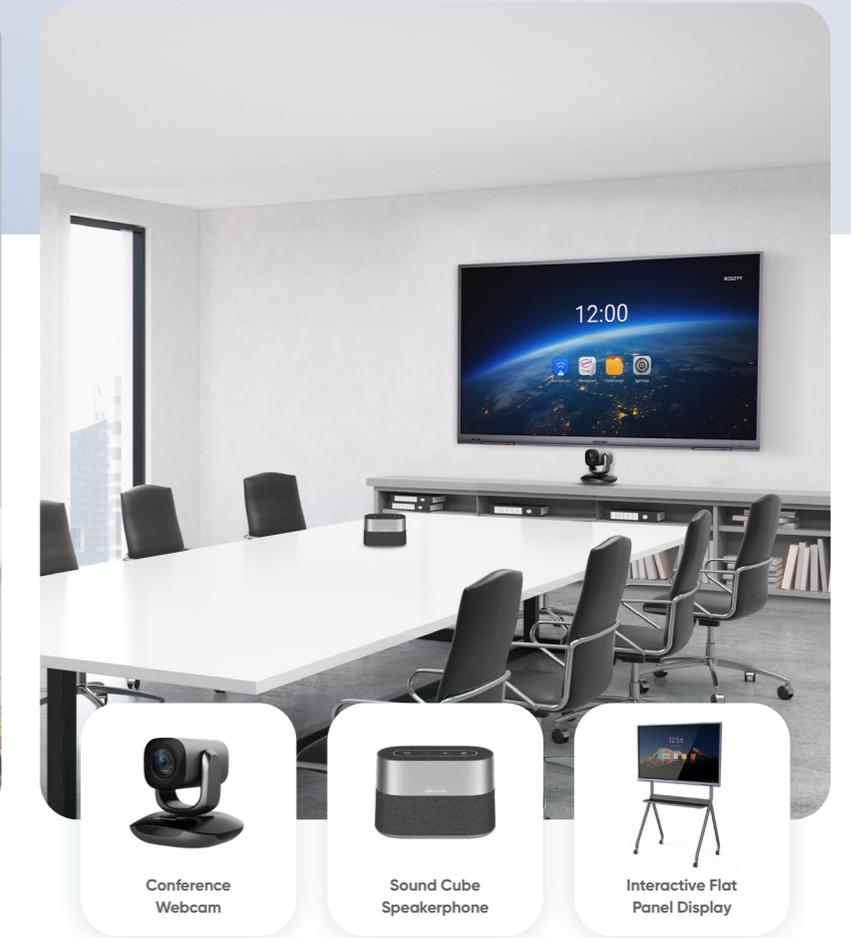

## Audio and Video Conferencing Solution

Online and remote conferencing have become regular parts of the workday for most professionals. Hikvision can help! Integrating our superior components, Hikvision offers a more productive and interactive experience. The ultra-HD imaging and clear audio bring your far-away team members close – from anywhere in the world.

Small to medium-sized conferencing

Medium to large-sized conferencing

# Education Solution

## Classroom Hub Solution

Learning institutions are continually moving toward informatization in education. In addition, students growing up in a technological world are eager for more immersive learning experiences and better educational resources.

Leveraging professional, AI-enabled cameras and lightweight software, Hikvision's Classroom Hub Solution overcomes a variety of challenges by offering remote learning and multi-classroom learning, extending real classrooms to digital, virtual classrooms, bridging all kinds of gaps between teaching and learning.

- Built-in camera and microphone:**

8MP camera and 8-microphone array that can pick up the sound within 12m

- Built-in loudspeakers:**

2\*15W + 25W loudspeakers

- Powerful hardware and system:**

8-core CPU, 8GB RAM + 128GB ROM, Android 13.0

- Rounded Corners and Friendly Edges**

User-friendly, unobtrusive design prevents injuries

- Optical Anti-blue Light**

Filter more than 50% of the ultra-shortwave light to protect your eyes – without sacrificing color

- Wireless Projection**

Projection via WonderCast app, Airplay, NFC and dongle

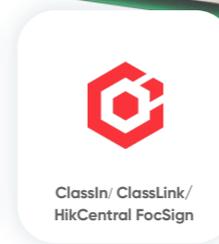

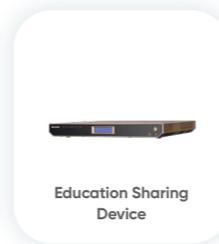

**Multi-classroom Learning**

Synchronized teaching and learning in the main and secondary classrooms with virtual face-to-face experience

**Remote Learning**

Shares the class instruction instantly with remote students while maintaining the same engagement level.
