Executive Committee

- Consists of Officers of the Council, the Chairs of all Standing Committees and a representative of the City of Newark.
- Responsible for coordination with Council staff and other advisory duties concerning the affairs of the Council.
- Ensure the orderly and integrated progressing of work of the Committees of the Council and plan future activities.

Continuum of Care Committee

- Develop and review service standards that promote quality care and treatment services for communities in which people living with HIV reside within the Newark EMA.
- Meets every second Thursday of the month at 10AM.

Comprehensive Planning Committee

- Develops recommendations for the prioritization and allocation of Ryan White funds in the Ryan White Part A funded HIV/AIDS care and treatment services.
- Contributes to the update and monitoring of the five-year Comprehensive Health Plan and Priority Resource Allocation Plan
- Meets every second Friday of the month at 9:30AM

Research and Evaluation Committee

- Responsible for gathering and analyzing data for the development, implementation, and continual improvement of the Ryan White Health Care System in the Newark EMA
- Meets every third Monday of the month at 10AM

Community Involvement Activities

- Help bridge the gap between community and service providers by creating opportunities for community members to be involved in the planning process
- Community members receive crucial updates on changes in the Ryan White and related health/social services
- Consists of a series of forums, each having a different focus but concentrating on issues related to the healthcare needs and concerns of the Newark EMA consumer
- Meets every fourth Wednesday of the month at 5PM
