The breath of God which disperses His life-force, His energy and His intentions/mind.

SUMMARY:

Thus, when we come to believe in Jesus Christ as our Lord and Saviour, there should be a hunger for God's Word, since Jesus is God's Word.

Sports fans read sports magazines. Political minded people read political news magazines. Carpenters read house plans or blue prints. Doctors read medical journals. Couples write love letters to each other all the time, because they want to hear flattering words of love from their mate. The Bible is God's love letter to us. If God's Holy Spirit lives in our hearts today, doesn't it make since that there should be a hunger inside of you to read His Word to help your relationship with Him grow stronger? When you lose your appetite for physical food, you may need to see a doctor to find out what is wrong. When you lose your appetite for spiritual food, you may need to see a spiritual doctor.

The good news is that Dr. Jesus, the great physician is here to treat you right now. He wants to heal your broken spirit this day and breathe life into your dry bones.
