

## 2020 Election – claims that it was stolen have been *refuted* by, among others...

- Sixteen assistant U.S. attorneys [bipartisan coalition] specially assigned to monitor malfeasance in the 2020 election...[said] they had not seen evidence of any substantial anomalies.”
- International election observers from the Organization of American States (OAS) “reported its members did not see any evidence of fraud”
- Committees within the Department of Homeland Security that worked on protecting U.S. voting systems...called the 2020 election the “most secure in American history”
- Attorney General Barr told the AP, “...we have not seen fraud on a scale that could have affected a different outcome in the election,”
- “Second group of international election observers report no evidence of fraud.”

“Multiple reviews and audits in the six battleground states where Trump disputed his loss, as well as dozens of court rejections and repeated admonishments from officials in his own administration, have underscored that the 2020 presidential results were accurate. There was no widespread fraud or manipulation of voting machines that would have altered the result.”
