Changing Room and Showering Policy

Parents/Guardians must be aware that there are circumstances under which players under the age of 16 may find themselves changing clothes in the presence of players over the age of 18 years of age.

Best practice principles which we have adopted are as follows:

- Adults must not change, or shower, at the same time using the same facility as children
- As adults and children need to share our changing facility, they must do so at different times.
- Mixed gender teams must have access to separate male and female changing rooms. We will need to consider how we utilise the umpire room if we have mixed teams
- Due to the risks of inappropriate photography or filming, mobile phones must not be used in changing rooms.
- If children are uncomfortable changing or showering at the club, no pressure should be placed on them to do so. Suggest instead that they may change and shower at home
