Contractor B

- Spiritual Gardens—The landscape industry is moving in a new direction, from hardscapes to natural, healing gardens.
- There is a need to assess the needs of the earth as well as the needs of the customer to create a harmonious environment.
- Meditative, Shamanic, Zen, or Spiritual Gardens help to keep the earth and yourself grounded.
- Services Include: Healing Gardens, Landscape Design, Plant/Garden Communication, Meditating on what is best for your space. Creating Harmony, Feng Shui layouts, waterfalls and anything else the mind can dream!
