

Safety Committee Notes

Date: 2.16.2022

Start Time: 9am

Present: Chief Darling, Mayor Bailey, and Daniel Angel

1. Chief would like to hire a former auxiliary officer who works full time for Swanton PD. She is experienced and would fill the 2nd full time position. Based on her experience, the Chief would like to offer her a start out at \$21 per hour which falls within the Wage Ordinance. The officers name is Marta Bersinger
2. No official exit interviews are being conducted for the officers who have moved on to other departments. The officers have made it very clear they are leaving because of salary alone.
3. Gathering speed signs data was discussed. There is a concern of climbing a ladder, especially when snow is piled up around the poles. Chief almost fell off the ladder the last time thanks to the snow piles and semi's passing. We are going to wait till warmer weather for another data pull.
4. Bluetooth laptop equipped: going to look into getting one to make data pulling from the signs easier.
5. Audit of police equipment conducted by Ohio Department of Safety taking place today.

End at 9:15am
