

Meeting Notes 14th March 19

1 message

14 March 2019 at 17:05

These are the notes

Key Actions

- B. Friar - to go through the report and check it for formatting, typos, shorthand (i.e WDC for Warwick District Council etc).
- B. Wyatt - Add in protected species relevant to RS. Make the description of views clearer giving reference of location, direction and exactly what is important.
- O. Aries - To add a reference for views only in Parish boundary. Feedback changes to Kirkwells.

General

Want a large overview policy map, Designated Area in appendix. Relevant policy maps for each policy to be in the main policy text. Maybe keep views map as a separate map.

Proposed Timetable

- By 22nd March (Friday) - Complete all Plan report edits and raise as next key draft (All but through Brian Friar for consistency)
- 25th Monday - Brian's to put forward Draft Plan to Parish Council and request PC send letter asap asking WDC if a Strategic Environmental Assessment is needed.
- Up To 6th May - Make everybody aware of forthcoming Regs 14 consultation by all comms channels available
- W/C 6th May - Provisional Target to Submit a report for Regulations 14 consultation
