IFTAR MEAL

We have shared 7,500 meals during this Ramadan month to our less fortunate Muslim families. As we all know that Iftar is the main meal of the entire day during fasting which occurs at sunset every day of Ramadan. All Muslims break their fast at the time of the call to pray for the evening prayer. This meal will be shared to all Muslims especially those who are practicing the fasting. During this month, families who are well-to-do or capable of giving Iftar meal are the ones preparing and sharing food for free that includes our donors/sponsors for this project.

"I and my family are very happy as we always receive free Iftar meal from you. My family is fasting even if we don't have any income to buy food for our Iftar because of COVID-19 pandemic but Allah (S.W.T) answered my prayer because of you we can now eat together and share the food that you gave us every day."

We are glad that our sponsor donated these cows as we know that our beneficiaries will be thankful for this blessing that they have received. For a kilo of cow meat is expensive/costly in our city this will surely help them in these trying times. This meat will be cooked and shared amongst the family during their Iftar meal.
