

QURBANI 2020

The overall objective of the Qurbani Project is to provide a kilo of cow meat for every chosen poor Muslim families/beneficiaries in the city. We have a total of 38 cows approximately 2 years and older that were offered as a sacrifice during Eid Al Adha Celebration. There were two day scheduled cow slaughtering and meat distribution. First day was on the 31st of July; locations were at Talabaan and San Roque. Second day was on the 1st of August 2020; locations were at Taguiti and Manicahan. In total, we have 3,524 families/beneficiaries given a kilo of cow meat that was packed in a plastic bag. This project was made possible through the unending support of our good donors/sponsors who provided the animals during the celebration. We hope that we were able to feel the true meaning of this celebration to our Muslim brothers and sisters during Eid Al Adha Mubarak even if we are experiencing the pandemic due to COVID-19. In general, we were able to implement the project successfully by following the protocols and by putting all means of effort of everyone in this project.

FIRST DAY OF DISTRIBUTION DATE: July 31, 2020

There were 3 cows slaughtered in Gapuh, Talabaan. The total meats produced were shared to 270 beneficiaries.

“Thank you to all Sponsors and staff for choosing us to be part of Qurbani Project. The kilo of beef that we have received is such a big blessing from Allah. We will never forget all your good deeds. Thank you very much.”
Talabaan Beneficiary

23 cows were slaughtered in San Roque; the total meats produced were shared to San Roque Beneficiaries with 935 families; Campo Islam 252 families; Rio Hondo 336 families; Mampang 210 families; Arena Blanco 297 families; Talon-Talon 193 families. Below are some of the photos taken during cow slaughtering, chopping and the actual distribution of meat to the beneficiaries' location where the administration split into 2 groups to finish the distribution before the day ends as we experienced bad weather that day.
