REFERENCE WEBSITES FOR FIRE RESISTANT PLANTING

reference websites for fire resistant plants:

https://www.firesafemarin.org/plants

https://www.firefree.org/fireresistantplants/ This is from the Pacific Northwest Extension Publication. Good for natives and many non-native plants.

https://extension.unr.edu/publications.aspx

reference MATERIAL to cross-check plants for suitability in our area.

https://calscape.org/ by the CNPS is a good cross reference for native plant suitability.

https://www.monrovia.com/

Sunsets Western Gardens is a good reference for everything else.
