# GECKO C.R.I.S.T.A.L. sound fills the night with Music and Art

GECKO® Canada made an artistic appearance supplying the audio system for Music Vs. Paint, an event held at The Art Square Gallery & Café located in the heart of downtown Toronto.

Using a pair of REVELATION SR 615RF C.R.I.S.T.A.L.® speakers, a unit of C.R.I.S.T.A.L.® GENESIS ELEGANCE AGE 900H power amplifier, an EXODUS ALPHA MXR 1800 C.R.I.S.T.A.L.® mixing console, two PASSION MP 830S' C.R.I.S.T.A.L.® supercardioid microphones, one AYERS ROCK DI 100P single-channel C.R.I.S.T.A.L.® passive DI, one AYERS ROCK DI 200P dual-channel C.R.I.S.T.A.L.® passive DI, and an assortment of GECKO® cables and connectors, the attendees were able to experience a sound quality like no other.

The system provided equal, and clear coverage from front to back and a warm, natural tone providing the inspirational backdrop for the artists to paint too.

# GECKO systems chosen for Wesley Methodist Church

intelligibility, ease of handling, enhanced visual aesthetics and expanded multimedia options, with installation of GECKO® audio system anchored by a pair of GECKO® REVELATION SR 615RF 15" speakers, a unit of GECKO® EXODUS ALPHA MXR 1800 mixing console,

To these days, Wesley Methodist Church in Sibul, Sarawak, Malaysia, continues to stand out as the only church in Sibul that conducts worship services in English.

and a unit of GECKO® EXODUS ATOM MXR 1208A powered mixing console, all with advanced C.R.I.S.T.A.L.® Audiophile technology.

On the recent sound system upgrade, the 350 seating capacity sanctuary of Wesley Methodist Church has benefitted from very much improved speech

The 'minimalist concept' system upgrade was designed by Sam Tai, Technical Head of GECKO® Borneo, without treating the hall acoustics.
