TG 1000 DIGITAL WIRELESS SYSTEM

PROFESSIONAL AUDIO PRODUCTS

MADE IN GERMANY

2.1 ms
Latency

2.1 ms Total Latency
TG 1000 features a total latency
of only 2.1 ms, which is state of
the art for digital wireless systems.

\$

Safe long-term investment
Offering a bandwidth 470 - 789 MHz,
TG 1000 is a safe long-term investment.
Cascade up to 12 channels without using
an external splitter.

Charger with 4 Compartments
Up to 2 handheld / beltpack transmitters
or 2 handheld transmitters and
4 standard AA rechargeable batteries
can be charged simultaneously.

Listen. Feel. Communicate.

Bethel Presbyterian Church Upgrades with GECKO® C.R.I.S.T.A.L.® Audiophile System

The Bethel Presbyterian Church Singapore celebrated its 133rd anniversary this year. Prior to this recent upgrade, the speaker system for the 500 pax seating capacity main sanctuary consisted of 4 units of 12" main speakers with 2 units of 15" subwoofers plus 4 units of 8" satellite speakers. Sound from the main sanctuary was sent to the 300 pax seating capacity annex hall via a unit of high SPL double 15" speaker cabinet. The walls were treated with full fledge fiberwool acoustic panels to absorb the bounces in both the halls.

This year the church took a big leap in total make over for its main sanctuary - those fiberwool acoustic panels were removed and walls were repainted,

GECKO® EXODUS ODYSSEY MXR 3604L
36-channel C.R.I.S.T.A.L.® Audiophile
mixing console

old electrical wiring grids were replaced with new ones, and audio visual systems upgraded. GECKO® C.R.I.S.T.A.L.® Audiophile technologies and equipments have been chosen for the sound system upgrade.

The decision was made after having gone through a series of selection and testing of systems of different makes. This upgrade is necessary to resolve their long-time intelligibility (muffled sound), sound coverage, and howling [unusual Potential Acoustic Gain (PAG) versus Needed Acoustic Gain (NAG)] issues, among others.

The system upgrade consists of:

- 02 GECKO® REVELATION SR 615RF speakers for F.O.H. (main sanctuary)
- 02 GECKO® REVELATION SR 606R speakers for stereo stage fill (main sanctuary)
- 02 GECKO® REVELATION SR 606R speakers for stereo fill (annex hall)
- 01 GECKO® GENESIS ELEGANCE AGE 600H power amplifier
- 01 GECKO® GENESIS ELEGANCE AGE 900H power amplifier
- 01 GECKO® EXODUS ODYSSEY MXR 3604L mixing console
- 02 GECKO® AYERS ROCK DI 200P passive dual channel DI
- 01 GECKO® PASSION MP 621W/RP 211U wireless microphones system
- 01 GECKO® PASSION MP 741H/RP 211U headworn/body-pack wireless microphones
- 02 GECKO® SATELLITE SRM 2020 microphones
- 01 GECKO® SATELLITE SCM 1820S microphone
- 02 GECKO® PASSION MP 830S microphone
- 01 GECKO® X-ROAD GJB 806 stage box
- 01 GECKO® TRUTH T2 cable
- 01 GECKO® TRUTH T3AL cables
- 01 GECKO® OLYMPIAN connectors

*GECKO® GENESIS ELEGANCE
AGE 600H & AGE 900H C.R.I.S.T.A.L.®
Audiophile Class-H power amplifiers*

With the new GECKO® C.R.I.S.T.A.L.® Audiophile system installed - easy operation, lower maintenance/running cost, clarity, intelligibility, balanced and equal volume coverage has been achieved while meeting OSHA safety standards for health (hearing). Another quality project by GECKO®.
