The Sapphire Coast is on the very south of the New South Wales coastline and has a healthy dairy farming industry, boasts natural scenic beauty, has great deep sea commercial fisheries offshore and is on the annual 'Southern Right' whale migration route and In places, it is rugged, unforgiving, treacherous and spectacular, whilst elsewhere, it is tranquil and relaxed with 'olde world' charm with quaint little maritime villages offering a glimpse back to the way early Australian settlers forged through the region. Your adventure will include all these aspects as well as the opportunity to find out what makes this beautiful region tick with local guides and stories. Add some free-time to wander and explore, and you have the ingredients for a wonderful short break after winter. This 5-day adventure is designed to be relaxed & casual, yet informative and interesting.
