

INFORMATION ON THE CORONA VIRUS / COVID-19

Status: 01 May 2021

Dear guests,

As a matter of principle, a high standard of hygiene applies in our holiday accommodation.

Based on the Covid 19 regulations of our health authorities, individual hygiene concepts have been developed for our holiday accommodation to ensure optimal protection of our guests.

This includes, for example, the provision of soap and hand disinfectant.

In addition, the cleaning and disinfection intervals for particularly sensitive points such as door handles, water taps, light switches etc. are significantly shortened and take place at every change of guests.

The laundry that is ready for you is washed at a minimum of 60 ° and provided with a special hygiene rinse with a disinfecting effect.

The holiday accommodation is thoroughly cleaned with surface disinfecting cleaning agents upon your arrival.

All fabric surfaces, e.g. mattresses and sofas etc. are cleaned with a steam cleaner at 60 ° when guests change.

All official requirements are fully implemented.

We keep ourselves informed on a daily basis about updated information and recommendations for action from the Spanish Federal Centre for Health Education and the responsible health authority.

Should the experts come to a different assessment, we will react quickly and comprehensively and adapt our cleaning procedures accordingly. You can be sure that the observance of personal and hand hygiene in the holiday accommodation has top priority.

We would also like to refer you to the current hygiene recommendations of the public health department:

Let's start with a little tour after entering the house.

Upon entering, you will find yourself in the stairwell from where two staircases lead off.

One leads down to the basement where you will find the washing machine, which you are welcome to use during your stay.

The other staircase leads you to the upper floor where you will find the flat on your right as you come up.

When you come in at the front door you will find the electricity fuse box directly to the left of the entrance. On the side below you will find a CO2 fire extinguisher.

The water shut-off taps are located in the kitchen under the sink and in the bathroom under the washbasin.

From there you can stop the water in the entire apartment if necessary.

The kitchen is equipped with a cooker with ceramic hob, an oven, a fridge-freezer, coffee maker, toaster, kettle and an electric citrus press.

In addition, the cupboards contain all the necessary utensils such as crockery, glasses, cutlery, pots, pans, bottle opener, scissors, garlic press, etc. that you need for daily life.

Cleaning products, a cleaning bucket and various waste containers are also available for your use under the sink.

Consumables such as aluminium foil, cling film, oven paper and waste bags are in the drawer of the cupboard next to the refrigerator.

In the living room with dining area there is a dining table with four chairs, a couch landscape and a coffee table.

In addition, there are various shelves, a small wardrobe, a full-length mirror, a TV board with a TV.

There is also a cold/warm air conditioning unit in the living area.

The cupboards and shelves contain board games and reading material which are available for your use.

In the large bedroom there is a double bed and a built-in wardrobe with hangers.

In the small bedroom there is a single bed which can be pulled out to double size to provide more lying space, as well as a built-in wardrobe with coat hangers.

Both bedrooms are also equipped with electric heaters.

The daylight bathroom is equipped with a washbasin, mirror, toilet, shower at ground level and a heated towel rail.

Behind the door there is a small coat rack to hang your towels etc..

There are also two shelves above the toilet, a waste bin next to the toilet on the wall and a small cupboard under the washbasin with a travel hairdryer.

In the hallway you will find a small shelf with a first aid kit, iodine and a small bottle of alcohol for disinfecting wounds.

From the living room you can access the spacious terrace which is equipped with two sun loungers and a large mosaic table with 4 chairs.

You will also find a clothes horse with clothes pegs, a broom and a mop.

There are bins for waste under the sink in the kitchen. The waste goes into different containers (glass, residual waste, paper and plastic) which are about 50 m away from the house. (in the direction of the supermarket on the way to the beach). On the right side of the road.

You can adjust the temperature of the air conditioning cold/warm to suit your personal according to your personal needs.

We would like to point out that the air conditioning and heating should only be should only be switched on when the doors and windows are closed during the commissioning.

Please do not dispose of food leftovers, tampons, sanitary towels, etc. in the toilet as this can as this can lead to blockages.

We would like to point out that the extreme, disruptive behavior can lead to the immediate termination of the lease. Compensation claims of the tenant for one already The rental price paid does not exist in this case.

Please leave movable objects such as furniture, decorations, porcelain etc. in the places provided. Under no circumstances do we want the furniture to be moved outside or garden furniture to be moved inside. The same applies to electronic devices, e.g. TV or radio system.

However, if you make changes to suit your personal requirements we expect you to return everything to its original condition before you leave. The same applies to parlour games, magazines, books, etc. board games, magazines, books etc.

Please also put these things back in their proper place, as you will certainly want to find everything neat and tidy.

The sandy beach belongs in the bay, not in the apartment !

We sincerely wish you a wonderful holiday in our holiday flat and

hope that you will keep your holiday with us in good memory.

Sights, restaurants and shopping

In the immediate vicinity and within walking distance of approx. 15 minutes is the
Es Pontás.

A rocky gate in the sea of the south-eastern part of Mallorca.

The naturally formed "bridge" is located directly on the coastline between Cala Santanyí and Cala Llombards in the municipality of Santanyí.

A tremendous natural phenomenon that should not be missed.

The **Es Pontàs** rock gate is enormous and difficult to capture in its entirety with a camera.

The rock arch rises out of the sea like a huge bridge.

A sight that never fails to captivate every visitor and deservedly ranks as one of the world's most spectacular natural wonders.

The excursion to the Es Pontas rock gate is definitely worthwhile and can be wonderfully combined with a visit to the beach at *Cala Santanyi*.

From the *Cala Santanyi* car park, walk a little way along the road and you will soon find the sign.

After 10 minutes, a rocky path leads directly to the rock arch. A viewing platform and benches invite you to linger and marvel.

The sound of the waves,
the screeching of the seagulls and the immense nature leaves lasting impressions.

This is not to be missed .

Cala Santanyi is a quiet but lively holiday area.

Bicycle rental, beach volleyball and a diving school are nearby. You can also walk to the various nearby bays.

Adventurous holidaymakers do not have far to go to the island's capital, Palma: it is about 50km away by car.

A little closer (about 3 km away) is the small town of Santanyí.

Every Wednesday and every Saturday, the large weekly market takes place in the middle of the city on the large market square. This extends into all the small surrounding alleys and is always well attended.

There you can buy almost everything your heart desires. From fruit and vegetables to freshly baked bread, cheese, olives, cakes and other baked goods, flowers, spices, olive oils, souvenirs, Mallorcan handicrafts, jewellery, leather goods and clothing.

The market is surrounded by cafes where you can take a break and watch the hustle and bustle.

You can also satisfy your culinary cravings in countless bars, cafés and restaurants.

The village of Santanyí also has large supermarkets such as LIDL and Eroski, pharmacies, opticians, doctors, bakeries, tobacconists, newsagents and much more.

But you will also find a small supermarket in your holiday resort Cala Santanyí, which is open 12 hours a day from 1 May to 31 October. The walk to it is about 3 min.

There you can get all the food you need for your daily needs.

Also freshly baked bread rolls and croissants every morning.

Throughout the municipality of Santanyí you will find many small different coves such as the :

Cala Santanyí and Cala Llombards

Cala S'Almunia

Caló des Màrmols

Caló des Moro

Platja d'es Caragol

The nearby Mondragó Nature Park is a popular destination for hiking enthusiasts.

In diesem Naturparkgebiet gelegen befindet sich die Doppelbucht
Cala Mondragó und S' Amarador.

Both bays are also highly recommended for an extensive day at the beach.

In the immediate vicinity you will find small, idyllic fishing villages such as
Cala Figuera and Porto Petro
which you should definitely pay a visit.

*Here you can indulge in culinary delights to your heart's content.
Whether with freshly prepared fish, typical paella, a hearty salad plate, bread and aioli or a traditional dessert.*

Alternatively, just relax with a drink overlooking the harbour .
