

INFORMATION ON THE CORONA VIRUS / COVID-19

Status: 01 May 2021

Dear guests,

As a matter of principle, a high standard of hygiene applies in our holiday accommodation.

Based on the Covid 19 regulations of our health authorities, individual hygiene concepts have been developed for our holiday accommodation to ensure optimal protection of our guests.

This includes, for example, the provision of soap and hand disinfectant.

In addition, the cleaning and disinfection intervals for particularly sensitive points such as door handles, water taps, light switches etc. are significantly shortened and take place at every change of guests.

The laundry that is ready for you is washed at a minimum of 60 ° and provided with a special hygiene rinse with a disinfecting effect.

The holiday accommodation is thoroughly cleaned with surface disinfecting cleaning agents upon your arrival.

All fabric surfaces, e.g. mattresses and sofas etc. are cleaned with a steam cleaner at 60 ° when guests change.

All official requirements are fully implemented.

We keep ourselves informed on a daily basis about updated information and recommendations for action from the Spanish Federal Centre for Health Education and the responsible health authority.

Should the experts come to a different assessment, we will react quickly and comprehensively and adapt our cleaning procedures accordingly. You can be sure that the observance of personal and hand hygiene in the holiday accommodation has top priority.

We would also like to refer you to the current hygiene recommendations of the public health department:

Let's start with a little tour.

Our flat Perla pequeña with the number 70 is located in the private apartment complex Village in Cala Santanyi.

The flat is on the ground floor of house no. 7.

Access to the flat is via the terrace.

on the side of the house facing away from the pool.

The key box is located on the right-hand side of the pillar to the neighbouring apartment. You have already been informed of the code before your arrival. There you will find the key to enter the flat.

Immediately after opening the door, you look into the living and dining area.

The fully equipped kitchenette with sink, dishwasher, Nespresso capsule coffee machine, toaster, kettle, hand blender, baby food warmer, milk frother, electric citrus press, ceramic hob and extractor bonnet appears in front of your head.

All kitchen utensils needed for daily use are available.

There is washing-up liquid, dishwasher tablets and citrus salt under the sink.

Important information:

Due to the poor water quality on the island, which is accompanied by a high salt and lime content, it is necessary to add 1 tablespoon of lemon salt to the dishwasher for each rinse cycle.

The air conditioner is located to the left of the refrigerator, above the window. You will find the remote control attached to the side wall of the ceramic hob.

Important information:

The air conditioner is controlled by a remote control and is very powerful. It does not need a long lead time, so it is usually enough to switch it on when you enter the flat. When you leave the flat, we ask you to turn off the air conditioning.

In front of the kitchenette is the dining table with 4 chairs.

On the right against the wall is a chest of drawers containing dishes, pots and pans, salad bowls, bread basket and a colander.

Furthermore, it contains games, books, island journals, tea lights, napkins, etc.

Directly to the right of the chest of drawers is the fire extinguisher. Above it, the TV is attached to the wall and behind it is a shelf with Fritzbox and a Sonos box.

The WLAN code is on the wall for scanning in the form of a QR code.

Behind the curtains is the fuse box and the light switch for the outdoor lighting.

The switch for the light in the kitchen is to the right of the door to the bedroom.

On the wall to the left is a pull-out bed that can be used as a couch.

In front of the kitchen window on the left, there is a small storage room where the hot water boiler and the water stopcock are located.

In addition, you will also find some things for the beach/pool, such as sunshades, beach shell and a pool noodle. The Hoover is also there.

Also ironing board, iron, clothes horse with clothes pegs, broom, hand brush and dustpan.
There are shopping bags in a small basket on the wall.

On the free-standing freezer and refrigerator is the first aid kit including disinfection, iodine, distilled water. There are also 2 torches.

Through the door next to the couch you enter the bedroom.

Light switches for the individual lamps are located to the left of the door and on the bedside tables on either side of the bed.

There are enough hangers in the built-in wardrobe to hang your laundry. There are also shelves. Extra pillows are on top of the shelf.

Under the bed there are two drawers on each side.

In the back left drawer you will find a cot, in the front left drawer is the children's high chair as well as children's life jacket, water wings and other useful utensils.

Please put these things back there dried after use.

The drawers on the right side are free and you are welcome to fill them with your things.

The cupboard above the bed is for our private use and locked.
Likewise the door behind the door to the bedroom, this is also locked and is for the storage of our personal belongings.

Neither door can be opened by you.

To the right of the bed on the wall is the infrared heater.
It does not have a switch, but is switched on by inserting the plug.
When not in use, please put the plug back on top.

Next to the infrared heating is the bathroom.

On top of the washing machine you will find a small box containing hygiene items for use.
In the cupboard under the washbasin there is a hairdryer and the vanity mirror.

In the shower there is a basket hanging on the wall with a squeegee and a cloth.

Important information:

Due to the quality of the water, there are also strong lime deposits here, so we ask you to regularly remove the water residues after showering, especially on the glass shower partition, with the squeegee and to wipe the fittings dry with a cloth, so that no corrosion occurs.

The **Perla pequeña** is, as the name suggests, a small jewel that we have tried to design lovingly and comfortably.

The small terrace in front of the flat, through which the entrance is made, is equipped with a seating lounge to spend carefree and relaxing hours.

Opposite the terrace, there is a small rock garden for private use, to take an extensive sunbath or just to relax.

For refreshment, you can use the communal pool in the palm garden, which is located at the front of the flat.

We have made every effort to meet all your expectations and wishes when furnishing the holiday flat.

Should you nevertheless miss something , please let us know your wishes.

We always try to offer our guests a pleasant stay.

Smaller children are to be supervised so that they do not climb up or on the parapet of the terrace.

Otherwise there could be a risk of falling !

You as the tenant are liable for personal injury and damage to property, not we.

We are not liable for valuables lost in the holiday flat (money, jewellery, credit or bank cards, mobile phones, etc.).

(For security reasons we ask you to keep the flat and terrace doors locked and the windows closed.

This also applies when you are in the flat and leave valuables on the terrace, for example.

We will replace the corresponding items and, if necessary, inform you of the costs.

This is in the interest of all guests that the inventory is uniform and complete.

For some years now, Mallorca has had a waste separation system similar to that in Germany.

We would like to ask you to support this.

There are bins for waste under the sink in the kitchen.

The waste goes into different containers (glass, residual waste, paper and plastic). (glass, residual waste, paper and plastic), which are about 50 m away from the house. from the house (in the direction of the supermarket on the way to the beach side of the road.

You can adjust the temperature of the air conditioning cold/warm according to your personal needs.

We would like to point out that the air conditioning and heating system should only be switched on when doors and windows are closed during operation.

Please air the bathroom after each shower by opening the window for approx. 10 minutes.

Please put sanitary towels, tampons etc. in the cosmetics bin next to the toilet.

Please do not dispose of food leftovers, tampons, sanitary towels, etc. in the toilet as as this can lead to blockages

We would like to point out that extreme, disturbing behaviour can lead to the immediate termination of the tenancy.

Sights, restaurants and shopping

In the immediate vicinity and within walking distance of approx. 15 minutes is the
Es Pontás.

A rocky gate in the sea of the south-eastern part of Mallorca.

The naturally formed "bridge" is located directly on the coastline between Cala Santanyí and Cala Llombards in the municipality of Santanyí.

A tremendous natural phenomenon that should not be missed.

The **Es Pontás** rock gate is enormous and difficult to capture in its entirety with a camera.

The rock arch rises out of the sea like a huge bridge.

A sight that never fails to captivate every visitor and deservedly ranks as one of the world's most spectacular natural wonders.

The excursion to the Es Pontas rock gate is definitely worthwhile and can be wonderfully combined with a visit to the beach at *Cala Santanyi*.

From the *Cala Santanyi* car park, walk a little way along the road and you will soon find the sign.

After 10 minutes, a rocky path leads directly to the rock arch. A viewing platform and benches invite you to linger and marvel.

The sound of the waves,
the screeching of the seagulls and the immense nature leaves lasting impressions.

This is not to be missed .

Cala Santanyi is a quiet but lively holiday area.

Bicycle rental, beach volleyball and a diving school are nearby. You can also walk to the various nearby bays.

Adventurous holidaymakers do not have far to go to the island's capital, Palma: it is about 50km away by car.

A little closer (about 3 km away) is the small town of Santanyí.

Every Wednesday and every Saturday, the large weekly market takes place in the middle of the city on the large market square. This extends into all the small surrounding alleys and is always well attended.

There you can buy almost everything your heart desires. From fruit and vegetables to freshly baked bread, cheese, olives, cakes and other baked goods, flowers, spices, olive oils, souvenirs, Mallorcan handicrafts, jewellery, leather goods and clothing.

The market is surrounded by cafes where you can take a break and watch the hustle and bustle.

You can also satisfy your culinary cravings in countless bars, cafés and restaurants.

The village of Santanyí also has large supermarkets such as LIDL and Eroski, pharmacies, opticians, doctors, bakeries, tobacconists, newsagents and much more.

But you will also find a small supermarket in your holiday resort Cala Santanyí, which is open 12 hours a day from 1 May to 31 October. The walk to it is about 3 min.

There you can get all the food you need for your daily needs.

Also freshly baked bread rolls and croissants every morning.

Throughout the municipality of Santanyí you will find many small different coves such as the :

Cala Santanyí and Cala Llombards

Cala S'Almunia

Caló des Màrmols

Caló des Moro

Platja d'es Caragol

The nearby Mondragó Nature Park is a popular destination for hiking enthusiasts.

In diesem Naturparkgebiet gelegen befindet sich die Doppelbucht
Cala Mondragó und S' Amarador.

Both bays are also highly recommended for an extensive day at the beach.

In the immediate vicinity you will find small, idyllic fishing villages such as
Cala Figuera and Porto Petro
which you should definitely pay a visit.

*Here you can indulge in culinary delights to your heart's content.
Whether with freshly prepared fish, typical paella, a hearty salad plate, bread and aioli or a traditional dessert.*

Alternatively, just relax with a drink overlooking the harbour .
